INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Kalibrate 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kalibrate 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kalibrate 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Kalibrate 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan whereby eligible employees of KSS, Inc. (the Company) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan became effective January 1, 2001 and was last amended on August 16, 2024. The Plan is intended to satisfy the requirements for a qualified retirement plan under the appropriate provisions of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan covers all eligible full-time employees of the Company. Employees become eligible upon reaching age 18, excluding those who are union employees, and nonresident aliens. Eligible plan participants may begin making contributions immediately upon meeting the requirements.

Contributions

Participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Roth deferrals subject to federal income taxes in the year of deferral are also allowed. The Plan also permits participant rollovers from the qualified plans of former employers. Participants may authorize the Company to make payroll deductions under the Plan up to 90% of their eligible compensation, as defined in the Plan document, not to exceed \$23,000 in 2024 in accordance with Internal Revenue Service (IRS) regulations. In addition, those participants, who are over age 50 or turning age 50 on or before December 31, 2024, are eligible for an additional catch-up contribution of \$7,500 in 2024.

The Company makes employer matching contributions and may make additional discretionary contributions. There were no discretionary contributions made during 2024. The Company made matching contributions equal to 100% of the employee's elective deferrals that did not exceed 3% of the employee's compensation. The Company's matching contributions during 2024 were \$447,246.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with their withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions (including rollover contributions) and employer matching contributions, plus actual earnings thereon.

Vesting in the remainder of their accounts, plus earnings thereon, is based on continuous years of service. Participants are fully vested after five years of service.

Note 1. Description of the Plan, continued

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Participants are limited to having no more than two loans advanced in any plan year and no more than two loans outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan Administrator, as defined in the Plan document. Principal and interest are paid through payroll deductions. If an employee terminates, the outstanding loan balance is due immediately.

Benefits paid to participants

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or substantially equal installments over a period not to exceed the life expectancy of the participant or designated beneficiary.

On termination of service, if the present value of the participant's fund account is \$5,000 or less, the participant may receive a lump sum distribution or roll over the balance to another eligible retirement plan. If value of the account is \$5,000 or less and the participant does not make an election to withdraw or roll over the balance, then the Company may elect to roll over the account to an individual retirement account of its choosing.

In certain circumstances, a participant may also choose to make a hardship withdrawal as defined in the plan document. Actively employed participants may also elect to take distributions from the plan upon attaining the age of 59 ½.

Forfeitures

Forfeited, nonvested accounts are retained in the Plan and may be used to reduce future employer contributions to the Plan or to pay administrative expenses of the Plan. At December 31, 2024 and 2023, unallocated forfeitures amounted to \$23,994 and \$35,134, respectively. Forfeitures used to offset employer matching contributions during the year ended December 31, 2024 totaled \$6.

Note 2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of significant accounting policies, continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or depreciation, includes the Plan's gains and losses on investments purchased and sold, as well as those held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2024 and 2023. Repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Administrative expenses

Certain of the Plan's administrative expenses are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Payment of benefits

Benefit payments to participants are recorded when paid.

Note 3. Certified investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and dividends and interest income for the year ended December 31, 2024, was obtained or derived from information provided to Plan management and certified as complete and accurate by Empower Annuity Insurance Company of America (the Trustee of the Plan).

Note 4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification 820 (ASC 820) are described below:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values (NAV) per unit as reported by the fund managers as of the financial statement dates and recent transaction prices. The common collective trust held by the Plan provides for daily redemptions at reported net asset values per share, with no advance notice requirement. No unfunded commitments exist for any of the common collective trust funds.

Note 4. Fair value measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,138,990	\$ -	\$ -	\$ 16,138,990
Total investments in fair value hierarchy	16,138,990	-	-	16,138,990
Investments measured at net asset value: Common collective trusts*	-	-	-	748,384
Total investments at fair value	\$ 16,138,990	\$ -	\$ -	\$ 16,887,374
	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,807,889	\$ -	\$ -	\$ 8,807,889
Total investments in fair value hierarchy	8,807,889	-	-	8,807,889
Investments measured at net asset value: Common collective trusts*	-	-	-	787,767
Total investments at fair value	\$ 8,807,889	\$ -	\$ -	\$ 9,595,656

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. The NAV based assets are generally redeemable on a daily basis with a one day notice with no restrictions and there are no unfunded commitments.

Note 4. Fair value measurements, continued

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively.

December 31, 2024	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trusts	\$ 748,384	N/A	Immediate	None	None

December 31, 2023	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trusts	\$ 787,767	N/A	Immediate	None	None

Note 5. Related-party transactions and party-in-interest transactions

Plan assets are held and managed by the trustee. The trustee invests cash received and interest and dividend income as directed by the participants of the Plan. The trustee also makes distributions to participants.

Parties-in-interest are defined under Department of Labor regulations as any fiduciary to the Plan, any party rendering services to the Plan, the employer, the employees, and certain others. As such, transactions conducted with the Company and the trustee qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. However, no such employees receive compensation from the Plan.

Investment management fees are paid by the Plan. Administrative fees paid to the trustee and other service providers qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6. Tax status

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code and was not subject to federal and state income taxes. The Plan has been amended since the date of this opinion letter, however the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 7. Risks and uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of termination of the plan, participants would become 100 percent vested in employer additional discretionary contributions, if any.

Note 9. Transfers in

During the year ended December 31, 2024, the Plan received a transfer of net assets totaling \$5,626,164 from the Intalytics, Inc. and Esite, Inc. Plans as the result of two plan acquisitions. The transfer was completed on February 15, 2024 and March 6, 2024, respectively, and included the accounts of 62 participants who became eligible under the Plan as a result of the transaction. The transfer was recorded at the fair value of the net assets received as of the transfer date.

Note 10. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024:

	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 17,008,406
Contributions receivable	<u>(53,342)</u>
Net assets available for benefits per the Form 5500	<u>\$ 16,955,064</u>

The following is a reconciliation of contributions in the statement of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

Net changes per the financial statements	\$ 1,777,959
Deemed distributed loans and interest in current year	<u>(53,342)</u>
Net changes per the Form 5500	<u>\$ 1,724,617</u>
