*INDEPENDENT AUDITOR'S REPORT*

To the Plan Administrator  
Tilton School DC Retirement Plan  
Tilton, New Hampshire 03276

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Tilton School DC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits - modified cash basis as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits - modified cash basis for the year then ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Tilton School DC Retirement Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023 stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financials are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Basis of Accounting*

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by TIAA-CREF agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

---

### *Note 1. Significant Accounting Policies*

**Valuation of investments:** Tilton School DC Retirement Plan (the "Plan") has investments in variable annuity contracts and pooled separate accounts that are reported at fair value. Investments in fixed annuity contracts that are non-benefit responsive are reported at contract value which approximates fair value. Investments in fixed annuity contracts that are benefit responsive are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

The changes in the difference between its value and the cost of investments and realized gains and losses are reflected in the statement of changes in net assets available for plan benefits - modified cash basis as realized and unrealized appreciation or depreciation, in the value of investments.

**Accounting method:** The Plan prepares its financial statements on the modified cash basis of accounting. Under this method, contributions, interest and dividends and other amounts are recognized only when received by the Plan. The modified-cash basis of accounting is a basis of accounting other than generally accepted accounting principles.

**Estimates and assumptions:** The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and the disclosure of contingent assets. Accordingly, actual results may differ from those estimates.

**Payment of benefits:** Benefits are recorded when paid.

### *Note 2. Description of the Plan*

The following description of the Plan provides only general information. Further information about the Plan Document and benefit provisions is available from the Plan Administrator.

**General:** The Plan is a defined contribution plan qualifying under section 403(b) of the Internal Revenue Code (IRC). The Plan covers all employees of the Plan Sponsor, Tilton School (the "School"), with the exception of student employees. The Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The School is also the Plan Administrator. TIAA-CREF is the Plan's Custodian.

Plan management is currently evaluating the provisions of the SECURE Act to determine which amendments will be made, if any, and how the Plan will adopt controls for mandatory provisions as applicable.

**Contributions:** Under the Plan, participants may elect to make pre-tax contributions ("deferrals") to their employee accounts as well as after-tax Roth contributions. Participants may also rollover amounts representing distributions from other qualified benefit or contribution plans. Contributions are subject to certain limitations.

For the Plan year ended December 31, 2024, the School provided a discretionary match of 100% up to 5% employee deferral election. For participants with at least 10 years of service, the School provided a 100% match up to 8% employee deferral election.

## TILTON SCHOOL DC RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

---

**Participant accounts:** Each participant's account is credited with the participant's deferral and allocations of (a) the School's contributions and (b) Plan earnings and charged with an allocation of administrative expenses.

Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their account balances among various investment options.

**Taxes:** Participants are not taxed on their pre-tax deferrals, on the employer contributions allocated to their accounts, or on earnings thereon until these amounts are distributed. Roth elective deferrals are contributed on after-tax basis. Roth contributions and earnings thereon are not subject to tax upon distribution provided IRS guidelines requiring a participant to be over 59 1/2 years of age and a minimum five-year holding period is satisfied.

**Vesting:** Participants are vested immediately in their contributions and employer contributions plus actual earnings thereon.

**Investment options:** Upon enrollment in the Plan, a participant may choose to direct deferrals and employer contributions to any combination of variable annuity contracts, a pooled separate account, or fixed annuity contracts. Participants may change their investment options and transfer funds between variable annuity contracts and the pooled separate account daily. Transfers from the fixed annuity account are restricted in accordance with the payment provisions of the underlying insurance contracts.

**Participant notes receivable:** Participants may borrow from the Plan a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their account balance, subject to certain plan provisions. Note terms range from one to five years (longer for the purchase of a primary residence). The notes are collateralized by the balance in the participant's account and bear interest at a rate that is commensurate with the prime rate plus one percent (8.50% at December 31, 2024). Participant loans, note repayments (borrowings) are treated as a transfer to (from) the investment fund from (to) the notes receivable account. The outstanding participant loan balance as of December 31, 2024 and 2023 is \$41,779 and \$37,126, respectively.

**Payment of benefits:** On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account; rollover to a qualified plan or to an individual retirement account (IRA), Qualified Joint and Survivor Annuity or Single Life Annuity; or receive monthly, quarterly or annual installments. Individual agreements governing certain investment options in the Plan may further restrict distribution of benefits.

**Funding policy:** Bi-weekly deferrals are withheld from the wages of eligible participants. These deferrals and the employer contributions are remitted bi-weekly to the Plan Custodian and are invested based on the instructions provided by the participant.

## NOTES TO FINANCIAL STATEMENTS

---

**Income tax status:** Tilton School has adopted a volume submitter 403(b) plan agreement sponsored by TIAA. The Plan is required to operate in conformity with the IRC to maintain its tax-exempt status. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the Federal authorities for years before 2021.

### *Note 3. Fair Value Measurements*

The Fair Value Measurement of the FASB Accounting Standards (FASB ASC 820-10) provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

# TILTON SCHOOL DC RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodologies used for assets measured at fair value:

*Variable annuity contracts:* Consist of variable annuity accounts which are valued daily using market quotations or prices obtained from independent pricing sources. Investments in money market accounts are valued at amortized costs. Each account determines its unit value daily.

*Pooled separate accounts:* Valued daily using quoted prices which are based on the market value of the underlying real estate holdings. Real estate holdings are valued using external appraisals conducted by independent professionals.

*Fixed non-benefit responsive annuity contracts:* The non-benefit responsive portion of TIAA Traditional Annuity is valued at the accumulation of all cash contributions and interest credited to the Plan's contracts (contract value) which approximates fair value based on the assumption that the fair market value of a fixed annuity contract can be little more or little less than the value at which all purchases and settlements occur (contract value).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Variable annuity contracts	\$ 11,479,939	\$ -	\$ -	\$ 11,479,939

## NOTES TO FINANCIAL STATEMENTS

---

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets:

December 31,		<b>2024</b>		<b>2023</b>
Balance, beginning of year	\$	2,629,755	\$	2,644,660
Interest		36,030		40,491
Realized gains		18,387		769,077
Unrealized gains (losses)		66,025		(682,685)
Distributions		(311,303)		(176,391)
Administrative expenses		(547)		(287)
Transfers in		230,203		78,118
Transfers out		(210,612)		(55,608)
Purchases		7,690		12,380
<i>Balance, end of year</i>		<u>\$ 2,465,628</u>		<u>\$ 2,629,755</u>

Realized and unrealized gains related to fixed annuity contracts are included in net realized depreciation in the fair value of investments on the accompanying statement of changes in net assets available for plan benefits.

### **Note 4. Guaranteed Annuity Contracts**

Investments in the TIAA Traditional Annuity are in a guaranteed annuity contract. Interest credited to the investment includes a guaranteed rate plus additional amounts established on a year-by-year basis. The fully benefit responsive contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment provides for non-benefit responsive and fully benefit-responsive contracts. There are no reserves against contract value for credit risk of the contract issuer or otherwise. For the years ended December 31, 2024 and 2023, the average yield and crediting interest rate for the non-benefit responsive and fully benefit-responsive contracts were approximately 3%. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting.

### **Note 5. Costs and Expenses**

A majority of the costs and expenses associated with the operations of the Plan were paid by the participants for the year ended December 31, 2024.

### **Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## NOTES TO FINANCIAL STATEMENTS

---

### *Note 7. Transactions with Parties in Interest*

The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. The employees that provide these services also are contributing participants in the Plan. These transactions qualify as party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

The Plan invests in fixed and variable annuities, and pooled separate accounts managed by TIAA-CREF. TIAA-CREF acts as custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

### *Note 8. Risk and Uncertainties*

The Plan provides for a combination of various investment options. Investments are exposed to various risks, such as interest rate, credit and market. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

### *Note 9. Information Certified by the Plan's Custodian*

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.
