## Independent Auditors' Report

To the Plan Administrator of  
Eden Autism Services, Inc. 403(b) Retirement Plan  
Princeton, New Jersey

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Eden Autism Services, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator of  
Eden Autism Services, Inc. 403(b) Retirement Plan

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator of  
Eden Autism Services, Inc. 403(b) Retirement Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### ***Supplemental Schedule Required by ERISA***

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

To the Plan Administrator of  
Eden Autism Services, Inc. 403(b) Retirement Plan

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Eden Autism Services, Inc. 403(b) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Eden Autism Services, Inc. 403(b) Retirement Plan (the “Plan”) is a defined contribution plan that became effective on July 1, 1983, and has subsequently been amended and restated, for the employees of Eden Autism Services, Inc., and Eden Autism Services Foundation (collectively, the “Employer”), as a defined in the Plan document. The Employer, a 501(c)(3) organization, is the Plan Administrator and Sponsor. The Plan is subject to Section 403(b) of the Internal Revenue Code (the “Code”) and to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Under a contract with Empower Annuity Insurance Company of America (the “Trustee” or “Empower”) is the trustee for the Plan, receives contributions, maintains the participants’ individual accounts, offers investment options, and pays benefits to participants and their beneficiaries. TIAA CREF (collectively, the “Custodian” or “TIAA”), are the custodian of the Plan, maintain certain participants’ individual accounts, offer investment options, and pay benefits to participants and their beneficiaries.

Administration

The Plan is administered by the Employer, which serves without compensation. The Plan Administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Board of Directors of Eden Autism Services, Inc. is responsible for the oversight of the Plan.

Eligibility

Employees who are scheduled to work 20 or more hours per week are eligible to enter the Plan immediately upon hire. There is no minimum service requirement for a participant to enroll in the Plan.

Contributions

Each year, participants may elect to defer any percentage of their eligible compensation, as defined in the Plan document, subject to Code specific limits. Participants may also roll over amounts representing distributions from other qualified plans. Unless an employee is excluded from participating, elects to not participate, or elects a different percentage, the Employer will withhold 3% of the employee’s compensation each payroll period. This amount automatically withheld for a participant increases by 1% on July 1 of each year, up to a maximum withholding of 6%.

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

The Employer may make discretionary matching contributions to the Plan. The percentage of elective deferred contributions to be matched by the Employer, if any, is a percentage determined annually by the Employer's Board of Directors in accordance with Board Policy. Matching contributions are determined on a pay period basis and are made for all persons who are actively deferring at any time during that pay period.

Any discretionary matching percentage determined by the Employer will apply to all eligible participants and is subject to the Plan's vesting provisions. The Employer's discretionary match was 3% for the years ended December 31, 2024 and 2023.

During the years ended December 31, 2024 and 2023, the Employer contributed \$489,420 and \$420,931, respectively, in matching contributions to the Plan.

Rollover contributions (distributions from other qualified Plans) amounted to \$75,543 and \$166,305 for the years ended December 31, 2024 and 2023, respectively.

**Participant Accounts**

Each participant's account is credited with the participant's contribution, the Employer's discretionary matching contribution, and Plan earnings (losses) and is charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances into various investment options offered in the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Participants may select from investment options available under the Empower 403(b) Program and the TIAA and CREF 403(b) Program. Participants are only permitted to transfer funds between investment funds at the Custodians, from the Custodians to Empower, and between their investment funds at Empower. Participants are not permitted to transfer funds from Empower to the Custodians.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of service. For participants with an employment commencement date prior to July 1, 2015, Employer contributions are subject to a two-year cliff vesting schedule, whereby an employee with less than two years of service is 0% vested, and after two years of service, the participant is 100% vested; for employees with an employment commencement date after July 1, 2015, an employee is 100% vested after five years of credited service (20% per year). Qualified non-elective and safe harbor contributions made prior to January 1, 2013, are 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All notes receivable have a definite repayment period, not to exceed five years, or for additional years if issued for the purchase of a primary residence, and are amortized on a level basis. A participant may not have more than one loan outstanding at any point in time. The notes receivable are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The interest rate on notes receivable from participants was 4.25% to 9.50% at December 31, 2024 and 2023.

At December 31, 2024 and 2023, participants had outstanding Plan loan balances due of \$440,089 and \$341,024, respectively.

Plan Loans

Loans available to participants who invest through the Custodians, subject to certain limitations. Plan loans are issued directly from the funds owned by the Custodians, and loan proceeds are not removed from a participant's account balance. However, a portion of the participant's TIAA Traditional Annuity Contract ("Traditional Annuity") account balance is reserved, or held as collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding.

At December 31, 2024 and 2023, participants had outstanding Plan loan balances due to the Custodian of \$111,785 and \$108,308, respectively. These loans were collateralized by Traditional Annuity account balances of \$122,964 and \$119,139 as of December 31, 2024 and 2023, respectively. These amounts are included in the Traditional Annuity account balances reported in the accompanying statements of net assets available for benefits. Participants pay interest on their Plan loans to the Custodians; this interest expense is offset by the income received by the participants on the collateralized annuity contracts.

Payment of Benefits

Unless otherwise elected, on termination of service due to death, disability, or normal retirement, a participant or beneficiary will receive 100% of his or her vested account balance as a life annuity (if not married) or a joint and survivor annuity (if married). If a valid election is made, a participant may elect to receive payments in another form, such as a lump-sum payment or single withdrawal, subject to Plan and regulatory restrictions. Upon termination of service for other reasons, and subject to IRS regulations, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or have the amount deposited directly into another qualified retirement account. Hardship withdrawals are permitted under certain circumstances. Participants' deferred contributions are suspended for a period of six months following hardship withdrawal. In addition, active participants over 59 ½ are eligible to receive a distribution of their vested account balance in accordance with the terms of the Plan.

Forfeitures

Forfeited non-vested accounts are used to reduce future Employer contributions or to pay Plan related expenses. There were no forfeited non-vested balances at December 31, 2024 and 2023. During 2024 and 2023, \$18,264 and \$17,360 of forfeitures were used to reduce Employer contributions and pay Plan expenses, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee and custodian determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid primarily by the participants, as provided by the Plan document. Certain expenses, such as loan origination fees, are borne by the participant. The Employer absorbs certain administrative expenses of the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan's administrator has reviewed subsequent events and transactions that occurred after December 31, 2024, through the date of the independent auditors' report and the date the financial statements were available to be issued, September 25, 2025. The financial statements include all events and transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. The Plan's administrator has determined that there are no non-recognized subsequent events that require additional disclosure.

3. Certified Investments (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule and Notes 4 and 5, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America and TIAA and CREF (the trustee and custodian of the Plan) are as follows:

	<u>2024</u>	<u>2023</u>
Statement of Net Assets Available for Benefits:		
Investments, at fair value	\$21,871,079	\$19,336,575
Investments, at contract value		122,180
Notes receivable from participants	440,089	341,024
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	1,777,110	2,356,208
Dividend income	540,626	202,640
Interest income on notes receivable from participants	27,836	23,209

Supplemental Schedule: All investment balances and information included in the schedule and in Note 4.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Eden Autism Services, Inc. 403(b) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

*Pooled separate accounts:* These accounts invest in securities which generally have publicly quoted prices which are used in determining the net asset value of the pooled separate account. The NAV, as provided by the trustee and custodian, is the basis for current transactions and can be redeemed at NAV as of the measurement date. Therefore, these investments have a readily determinable fair value.

While the underlying asset values are quoted prices, the net asset value of a separate account is not publicly quoted. Pooled separate accounts are an accounting entity rather than a legal entity. Separate accounts are credited with the income, gains or losses resulting from the assets allocated to that specific account only. The return on separate accounts is not guaranteed as the value of an interest in a separate account increases or decreases based on the value of the assets held in the separate account. Each Plan that invests in the pooled separate accounts obtain units of participation in the pooled account and through those units of participation, share in the gains and losses of all investments in the pooled account. Pooled separate accounts can be redeemed on a daily basis.

Pooled separate account consists of the TIAA Real Estate Account (“REA”), which is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. The REA funds variable annuity contracts issued by TIAA. The REA’s value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee by ensuring that the REA has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

*Variable Annuity Accounts:* Variable annuity accounts are valued at NAV as reported to the Plan by the Custodians. Data regarding NAVs is available daily to Plan administrators and client investors on the Custodians’ website and provide sufficient corroborative evidence to ascertain the relationship between each fund’s NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

*Fixed Annuity Accounts:* Fixed annuity accounts consist of the TIAA Traditional Annuity Non-Benefit Responsive account, which is reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these investments that could impact the value realized upon exiting certain types of contracts within the TIAA Traditional Annuity account. In determining the reasonableness of the methodology, Plan management evaluates a variety of factors including a review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

**Eden Autism Services, Inc. 403(b) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

Certain unobservable inputs are assessed through review of contract terms, while others are substantiated utilizing available market data. See Note 5 for discussion of the TIAA Traditional Annuity contracts.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			Total
	Level 1	Level 2	Level 3	
Assets in the fair value hierarchy:

**Changes in Fair Value Levels**

To access the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers in or out of Level 3.

5. Contract with Insurance Company

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Retirement Annuities (“RA”) contract type held by the Plan. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant’s account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. Participants’ principal, plus a specified minimum rate of interest, is guaranteed by TIAA’s claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA’s Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. TIAA, at its discretion, may credit additional interest in any year; therefore, the average yield was 4.61% and 4.85% for the years ended December 31, 2024 and 2023, respectively. For accumulating RA contracts, the crediting interest rate was 6.00% from January 1, 2024 through June 30, 2024, and 5.25% from July 1, 2024 through December 31, 2024.

All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a 10-year period. Therefore, the RA contracts are not fully benefit-responsive; balances in these contracts at fair value totaled \$3,278,453 and \$3,361,666 at December 31, 2024 and 2023, respectively. When a participant’s accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Principal Life Insurance Company’s General Contract

The Plan offered an investment in the Principal Life Insurance Company’s General Account totaling \$122,180 at December 31, 2023. The Principal Guaranteed Option (“PGO”) was a guaranteed general account backed group annuity contract issued by Principal Life Insurance Company (“Principal Life”) to Principal Trust Company as custodian. This contract met the fully benefit responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

**Eden Autism Services, Inc. 403(b) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

A composite crediting rate contractually guaranteed by Principal Life is credited to the account balances. A composite crediting rate is a distinct rate for each vintage of PGO, based on a dollar weighted average of underlying guarantees provided in the contract, opened over multiple interest rate environments. Each underlying guarantee is in effect for its full maturity, which may vary. The targeted weighted average maturity of these underlying guarantees is approximately 5 years (Between 4 – 6 Years). The composite crediting rate is subject to a minimum guaranteed rate that will be consistent with insurance regulations ("NAIC" – National Association of Insurance Commissioners) and not less than .15% or greater than 3%. Principal Life Insurance determines whether the application of the formula will change the minimum guaranteed rate. Composite crediting rates are reset semi-annually on June 1 and December 1. The minimum guaranteed rate for the current composite crediting rate period is 2.25%.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

6. Plan Termination

While it is expected that this Plan will continue indefinitely, the Employer reserves the right to amend, otherwise modify, or terminate the Plan, or to discontinue its contributions or payments under the Plan, by resolution of its Board of Directors. As of the date of complete or partial termination, all accumulated amounts credited to participant accounts will become nonforfeitable to the extent that benefits are accrued.

7. Tax Status

The Plan is intended to comply with the applicable requirements of Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

**Eden Autism Services, Inc. 403(b) Retirement Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

Accounting principles generally accepted in the United States of America, require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. As of the date of the independent auditors' report, there are currently no audits for any tax periods in progress.

8. Party-in-Interest Transaction

The Plan also invests in mutual funds, fixed annuity contracts, variable annuities and a pooled separate account managed by TIAA and CREF, the Custodian of the Plan. In addition, the Plan permits notes receivable from participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The Plan paid \$58,029 and \$31,341 of administrative expenses to the Trustee for the years ended December 31, 2024 and 2023, respectively.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to IRS Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to IRS form 5500 at December 31:
