INDEPENDENT AUDITOR'S REPORT

Trustee Committee
Meridian Trust Federal Credit Union
Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Meridian Trust Federal Credit Union Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MERIDIAN TRUST FEDERAL CREDIT UNION RETIREMENT SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Meridian Trust Federal Credit Union Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Meridian Trust Federal Credit Union Retirement Savings Plan is a defined-contribution plan, formed July 1, 1985, to provide benefits to eligible employees of Meridian Trust Federal Credit Union (the “Employer”) as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Trustee Committee is responsible for the oversight of the Plan. The Trustee and Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Employer has appointed a Plan Administrator to manage the operation and administration of the Plan. The Employer has contracted with Fidelity Management Trust Company to act as the trustee and custodian and third-party administrator affiliated with the Plan to process and maintain the records of participant data.

Eligibility

Employees of the Employer who are at least age 18 are eligible to participate in the Plan as of the first day of the month coinciding with or following two months of service. The following groups are excluded from participation: residents of Puerto Rico and independent contractors.

Participant Contributions

Each year, participants are allowed to make pre-tax or Roth contributions based on any whole percentage of compensation, as defined in the Plan, received in a pay period up to a maximum of 100% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the maximum of 100% of compensation and applicable Internal Revenue Service (IRS) limitations. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation.

Employer Contributions

The Employer may make discretionary matching or non-elective contributions. For the year ended December 31, 2024, the Employer contributed 100% of the first 4% of eligible compensation that a participant contributed to the Plan (matching contribution). There were no additional contributions for the year ended December 31, 2024. Contributions are subject to certain IRS limitations.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, Employer contributions, if any, and allocations of the Plan's earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants must direct their salary deferral contributions to selected investments, as made available and determined by the Trustee Committee. Employer contributions are invested in the same manner as deferral contributions. Participants may change their investment options at any time throughout the year via the third-party administrator's website.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and additional non-elective contributions plus actual earnings thereon is based on years of continuous service.

Matching and additional contributions vest as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Fewer than 3	0%
3 or more	100%

Notes Receivable from Participants

A participant may borrow from their fund accounts up to 50% of the total value of his or her Plan accounts. The minimum loan amount is \$1,000 and the maximum loan amount is \$50,000 minus the highest outstanding loan balance in the preceding 12 months. Only one loan may be outstanding at any time. The loans are secured by the participant's account balance. Rates are equal to the U.S. Prime rate plus one percent and are reset when the U.S. Prime rate changes. A loan origination fee is charged to participants upon initiation of a loan. Loan terms are available for 12, 24, 36, 48, or 60 months. If loan is for residential property, loan terms may be longer. Loans are normally repaid by bi-weekly payroll deductions and these payments are credited back to the participants' Plan accounts and invested according to the most current investment election. At termination of employment, any outstanding balance is due. At December 31, 2024 and 2023, outstanding loans bore interest rates ranging from 4.25% to 9.50% and mature through 2030.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

The entire vested interest of a participant becomes payable upon death, retirement or total and permanent disability and can be received in a lump sum or installments within certain limitations. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution or as an annuity as outlined in the Plan document.

For any participants whose account balance is less than \$1,000, the balance will be paid as a lump-sum distribution. Additionally, the Plan allows for an automatic rollover provision for any accounts with balances between \$1,000 and \$5,000 into an individual retirement account. Participants with balances greater than \$5,000 must elect to receive the vested interest in the account in a lump-sum before retirement age is reached or elect to rollover their balance into an individual retirement account.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to pay Plan expenses or to reduce Employer contributions to the Plan. Any balance in the forfeiture account as of December 31 is carried over to the next year. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$211 and \$4,263, respectively. For the year ended December 31, 2024, \$41,764 of forfeitures were used to reduce Employer contributions.

Plan Amendments

Effective May 15, 2023, the Plan was amended to remove the eligible automatic enrollment arrangement described in Code Section 414(w) ("EACA"). The EACA permitted participants who were automatically enrolled pursuant to the EACA to elect to make permissible withdrawals. As a result of the amendment, participants who were automatically enrolled pursuant to the EACA prior to May 15, 2023 were still allowed to make permissible withdrawals within 90 days of automatic enrollment. However, participants automatically enrolled subsequent to May 15, 2023 are no longer allowed to make permissible withdrawals.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investment bought and sold, as well as held during the year.

Management fees charged to the Plan for investments are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are directly paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are netted against net appreciation of fair value of investments.

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Uncertain Tax Positions

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or asset, or disclosure, in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2025, the date the financial statements were made available to be issued. See Note 12 for discussion of subsequent events.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies/mutual funds:

Valued at the daily closing price reported by the fund. Registered investment companies/mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies/mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds:

Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

		Investments at Fair Value as of December 31, 2024			
		Level 1	Level 2	Level 3	Total
	Registered investment companies	\$ 8,076,303	\$ -	\$ -	\$ 8,076,303

	Total assets in the value hierarchy	\$ 6,323,572	\$ -	\$ -	\$ 6,323,572

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment fees incurred by the Plan are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan’s operations. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants are also considered party-in-interest transactions. The Employer is also a party-in-interest with respect to the Plan.

NOTE 6 – PLAN TERMINATION OR MODIFICATION

The Employer intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time, by resolution of its board of directors, and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for plan benefits would be distributed to the participants based on each participant’s interest in the Plan.

NOTE 7 – FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for plan benefits and changes in net assets available for plan benefits per the financial statements to Form 5500 at December 31, 2024:

Net assets available for plan benefits per the financial statements	\$ 8,211,408
Deemed distributed loans, December 31, 2024	<u>(2,606)</u>
Net assets available for plan benefits per Form 5500	<u>\$ 8,208,802</u>
Net change in net assets available for plan benefits per the financial statements	\$ 1,818,513
Deemed distributed loans, December 31, 2024	<u>(2,606)</u>
Net change in net assets available for plan benefits per Form 5500	<u>\$ 1,815,907</u>

NOTE 8 – TAX STATUS

The Plan has adopted a non-standardized form of a volume submitter plan, sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan’s qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since the volume submitter plan received the opinion letter. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for plan benefits, and the statement of changes in net assets available for plan benefits.

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 10 – OPERATIONAL DEFECTS

During the year ended December 31, 2024, it was discovered that the Plan’s provisions were not properly applied in the daily operation of the Plan. The Plan’s definition of compensation was not properly applied when calculating contribution amounts. Additionally, the Plan’s definition of compensation was not utilized in performing annual discrimination testing. The Plan sponsor is working with the Plan’s third-party administrator to correct the operational defects. Any corrections, including any required qualified non-elective contributions, will be made during the year ending December 31, 2025.

NOTE 12 – SUBSEQUENT EVENTS

Effective January 1, 2025, the Plan has amended their adoption agreement to include a 401(k) safe harbor matching contribution, where the Employer will contribute 100% of the first 4% of the “eligible” Participant’s compensation contributed. Participants are immediately 100% vested in the safe harbor matching contribution.

INDEPENDENT AUDITOR'S REPORT

Trustee Committee
Meridian Trust Federal Credit Union
Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Meridian Trust Federal Credit Union Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MERIDIAN TRUST FEDERAL CREDIT UNION RETIREMENT SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Meridian Trust Federal Credit Union Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Meridian Trust Federal Credit Union Retirement Savings Plan is a defined-contribution plan, formed July 1, 1985, to provide benefits to eligible employees of Meridian Trust Federal Credit Union (the “Employer”) as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Trustee Committee is responsible for the oversight of the Plan. The Trustee and Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Employer has appointed a Plan Administrator to manage the operation and administration of the Plan. The Employer has contracted with Fidelity Management Trust Company to act as the trustee and custodian and third-party administrator affiliated with the Plan to process and maintain the records of participant data.

Eligibility

Employees of the Employer who are at least age 18 are eligible to participate in the Plan as of the first day of the month coinciding with or following two months of service. The following groups are excluded from participation: residents of Puerto Rico and independent contractors.

Participant Contributions

Each year, participants are allowed to make pre-tax or Roth contributions based on any whole percentage of compensation, as defined in the Plan, received in a pay period up to a maximum of 100% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the maximum of 100% of compensation and applicable Internal Revenue Service (IRS) limitations. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation.

Employer Contributions

The Employer may make discretionary matching or non-elective contributions. For the year ended December 31, 2024, the Employer contributed 100% of the first 4% of eligible compensation that a participant contributed to the Plan (matching contribution). There were no additional contributions for the year ended December 31, 2024. Contributions are subject to certain IRS limitations.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, Employer contributions, if any, and allocations of the Plan's earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants must direct their salary deferral contributions to selected investments, as made available and determined by the Trustee Committee. Employer contributions are invested in the same manner as deferral contributions. Participants may change their investment options at any time throughout the year via the third-party administrator's website.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and additional non-elective contributions plus actual earnings thereon is based on years of continuous service.

Matching and additional contributions vest as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Fewer than 3	0%
3 or more	100%

Notes Receivable from Participants

A participant may borrow from their fund accounts up to 50% of the total value of his or her Plan accounts. The minimum loan amount is \$1,000 and the maximum loan amount is \$50,000 minus the highest outstanding loan balance in the preceding 12 months. Only one loan may be outstanding at any time. The loans are secured by the participant's account balance. Rates are equal to the U.S. Prime rate plus one percent and are reset when the U.S. Prime rate changes. A loan origination fee is charged to participants upon initiation of a loan. Loan terms are available for 12, 24, 36, 48, or 60 months. If loan is for residential property, loan terms may be longer. Loans are normally repaid by bi-weekly payroll deductions and these payments are credited back to the participants' Plan accounts and invested according to the most current investment election. At termination of employment, any outstanding balance is due. At December 31, 2024 and 2023, outstanding loans bore interest rates ranging from 4.25% to 9.50% and mature through 2030.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

The entire vested interest of a participant becomes payable upon death, retirement or total and permanent disability and can be received in a lump sum or installments within certain limitations. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution or as an annuity as outlined in the Plan document.

For any participants whose account balance is less than \$1,000, the balance will be paid as a lump-sum distribution. Additionally, the Plan allows for an automatic rollover provision for any accounts with balances between \$1,000 and \$5,000 into an individual retirement account. Participants with balances greater than \$5,000 must elect to receive the vested interest in the account in a lump-sum before retirement age is reached or elect to rollover their balance into an individual retirement account.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to pay Plan expenses or to reduce Employer contributions to the Plan. Any balance in the forfeiture account as of December 31 is carried over to the next year. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$211 and \$4,263, respectively. For the year ended December 31, 2024, \$41,764 of forfeitures were used to reduce Employer contributions.

Plan Amendments

Effective May 15, 2023, the Plan was amended to remove the eligible automatic enrollment arrangement described in Code Section 414(w) ("EACA"). The EACA permitted participants who were automatically enrolled pursuant to the EACA to elect to make permissible withdrawals. As a result of the amendment, participants who were automatically enrolled pursuant to the EACA prior to May 15, 2023 were still allowed to make permissible withdrawals within 90 days of automatic enrollment. However, participants automatically enrolled subsequent to May 15, 2023 are no longer allowed to make permissible withdrawals.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investment bought and sold, as well as held during the year.

Management fees charged to the Plan for investments are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are directly paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are netted against net appreciation of fair value of investments.

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Uncertain Tax Positions

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or asset, or disclosure, in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2025, the date the financial statements were made available to be issued. See Note 12 for discussion of subsequent events.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies/mutual funds:

Valued at the daily closing price reported by the fund. Registered investment companies/mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies/mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds:

Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Total assets in the value hierarchy	\$ 6,323,572	\$ -	\$ -	\$ 6,323,572

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment fees incurred by the Plan are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan’s operations. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants are also considered party-in-interest transactions. The Employer is also a party-in-interest with respect to the Plan.

NOTE 6 – PLAN TERMINATION OR MODIFICATION

The Employer intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time, by resolution of its board of directors, and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for plan benefits would be distributed to the participants based on each participant’s interest in the Plan.

NOTE 7 – FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for plan benefits and changes in net assets available for plan benefits per the financial statements to Form 5500 at December 31, 2024:

Net assets available for plan benefits per the financial statements	\$ 8,211,408
Deemed distributed loans, December 31, 2024	<u>(2,606)</u>
Net assets available for plan benefits per Form 5500	<u>\$ 8,208,802</u>
Net change in net assets available for plan benefits per the financial statements	\$ 1,818,513
Deemed distributed loans, December 31, 2024	<u>(2,606)</u>
Net change in net assets available for plan benefits per Form 5500	<u>\$ 1,815,907</u>

NOTE 8 – TAX STATUS

The Plan has adopted a non-standardized form of a volume submitter plan, sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan’s qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since the volume submitter plan received the opinion letter. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for plan benefits, and the statement of changes in net assets available for plan benefits.

MERIDIAN TRUST FEDERAL CREDIT UNION
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 10 – OPERATIONAL DEFECTS

During the year ended December 31, 2024, it was discovered that the Plan’s provisions were not properly applied in the daily operation of the Plan. The Plan’s definition of compensation was not properly applied when calculating contribution amounts. Additionally, the Plan’s definition of compensation was not utilized in performing annual discrimination testing. The Plan sponsor is working with the Plan’s third-party administrator to correct the operational defects. Any corrections, including any required qualified non-elective contributions, will be made during the year ending December 31, 2025.

NOTE 12 – SUBSEQUENT EVENTS

Effective January 1, 2025, the Plan has amended their adoption agreement to include a 401(k) safe harbor matching contribution, where the Employer will contribute 100% of the first 4% of the “eligible” Participant’s compensation contributed. Participants are immediately 100% vested in the safe harbor matching contribution.
