## INDEPENDENT AUDITORS' REPORT

Administrative Committee  
403(b) Thrift Plan of Casa de Las Campanas  
San Diego, California

### Report on the Audit of the Financial Statements

#### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of 403(b) Thrift Plan of Casa de Las Campanas, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of Casa de Las Campanas and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Casa de Las Campanas' ability to continue as a going concern for one year after the date the financial statements are available to be issued .

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Administrative Committee  
403(b) Thrift Plan of Casa de Las Campanas

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of Casa de Las Campanas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Casa de Las Campanas' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Other Matter — Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**403(B) THRIFT PLAN OF CASA DE LAS CAMPANAS**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF PLAN**

**General**

403(b) Thrift Plan of Casa de Las Campanas (the Plan) is an Internal Revenue Code (IRC) Section 403(b) defined contribution plan that was originally adopted by a resolution of the Board of Directors of Casa De Las Campanas (the Organization), effective April 1, 2006 and most recently amended January 1, 2020. A Section 403(b) plan, also known as a tax-sheltered annuity, is designed to benefit eligible employees of certain employers, that are tax-exempt under Internal Revenue Service (IRS) Code Section 501(c)(3). The Plan covers substantially all employees of the Organization and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the IRS as amended. The Organization is the Plan's Sponsor and serves as the Plan administrator. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

**Contributions**

Participants may elect to contribute up to 100% of their pretax annual compensation, which is not to exceed the maximum deferral limitation as defined by the IRC. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who are at least 18 years of age are eligible to receive Employer matching contributions. The Organization makes matching contributions equal to 50% of the participant's current year deferral not to exceed 6% of compensation. For the Plan year ended December 31, 2024, matching contributions provided by the Organization totaled \$199,550.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the Organization's matching contributions, and allocations of the Plan's earnings (losses) and is charged with an allocation of administrative expenses not paid by the Plan's Sponsor. Allocations of earnings and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Participants hired on or prior to December 31, 2020 are fully vested in employer matching contributions and the earnings thereon upon completion of one year of service. Participants hired on or after January 1, 2021 are vested in employer matching contributions at a rate of 50% after two years and fully vested after 3 or more years of service.

**403(B) THRIFT PLAN OF CASA DE LAS CAMPANAS**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)**

**Forfeitures**

Upon termination of a participant, the nonvested portion of the Employer's matching contributions is forfeited and is first used to pay administrative expenses incurred in connection with the termination of a participant, if any, and any excess is used to reduce the Organization's future matching contributions. At December 31, 2024 and 2023, there were \$0 and \$3,187 of unallocated forfeitures remaining. During the year ended December 31, 2024, a total of \$34,980 in forfeited nonvested accounts was utilized to reduce funding of Employer matching contributions.

**Benefit Payments**

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum distribution equal to the vested portion of his or her account or an annuity over the life of the participant or designated beneficiary, as defined in the Plan document. For termination of service for other reasons, a participant will receive a lump sum disbursement if his or her vested balance is \$5,000 or less. If the vested account balance is greater than \$5,000, the participant is entitled to receive a lump sum amount or, if over age 65, funds may be received in the form of an annuity. Additionally, under certain circumstances of financial hardship or upon attaining the age of 59 1/2, participants are allowed to withdraw portions of their funds from the Plan.

**Plan Loans**

Participants may borrow amounts directly from the Plan custodian. Plan loans may be requested by a participant, using their account as collateral for the Plan loan. A Plan loan is not treated as a distribution from the Plan and is not considered a Plan asset. Therefore, Plan loans are not reported on the statements of net assets available for benefits. A participant may apply for a Plan loan to be made from his or her vested account balance in the Plan not to exceed the lesser of (i) \$50,000 or (ii) 50% of the participant's vested account balance in the Plan. Loans may be further limited by the funding vehicles.

At December 31, 2024 and 2023, there were \$335,529 and \$301,556, respectively, held within participant accounts in the Interest Accumulation Account, which is included in investments at contract value on the statement of net assets available for benefits, and served as collateral against outstanding Plan loan balances. At December 31, 2024, interest rates of Plan loans ranged from 3.25% to 5.85%.

**403(B) THRIFT PLAN OF CASA DE LAS CAMPANAS**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Investment Valuation and Income Recognition**

The Plan's investments in pooled separate accounts are stated at fair value at December 31, 2024 and 2023. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion on fair value measurements of the Plan's investments.

The Plan's investments in the general interest accumulation account are stated at contract value at December 31, 2024 and 2023, as more fully described in Note 10.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee received compensation from the Plan. A majority of administrative expenses incurred by the Plan are absorbed by the Organization.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of earnings (losses) on investments.

**Use of Estimates**

The process of preparing financial statements in accordance with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets and liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

**403(B) THRIFT PLAN OF CASA DE LAS CAMPANAS**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 3 CONCENTRATIONS, RISKS, AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 4 INFORMATION PREPARED AND CERTIFIED BY MUTUAL OF AMERICA LIFE INSURANCE COMPANY**

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company (Mutual of America), the custodian of the Plan.

**NOTE 5 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Organization has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

**NOTE 6 WITHDRAWN PARTICIPANTS**

At December 31, 2024 and 2023, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

**NOTE 7 TAX STATUS**

The Plan is based on the Prototype 403(b) Thrift Plan with Mutual of America Life Insurance Company, the custodian of the Plan, which received an opinion letter from the IRS dated March 31, 2017, stating that the prototype plan was designed in accordance with the provisions of the IRC. The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC in order to maintain the tax-exempt status for participants under Section 403(b). U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**403(B) THRIFT PLAN OF CASA DE LAS CAMPANAS**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 8 PARTIES-IN-INTEREST**

The investments in pooled separate accounts and the general interest accumulation account are managed by Mutual of America, the custodian as defined by the Plan, and therefore, these investments qualify as party-in-interest transactions. The Plan also has a number of service providers. Such providers are parties in interest under ERISA.

**NOTE 9 INVESTMENTS AND FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 9 INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)**

The following are descriptions of the valuation methodologies used for assets measured at fair value. There has been no change in the methodology used at December 31, 2024 and 2023.

*Pooled Separate Accounts* – The underlying securities of pooled separate accounts have observable Level 1 quoted pricing inputs. Net asset value (NAV) of the pooled separate accounts is not publicly quoted but is available to current investors via the employer website or when Plan participants access their account values. Because NAV is the basis for current transactions, and the investments can be redeemed at NAV, Plan management believes the investments have a readily determinable fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets, measured on a recurring basis, at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 8,922,964	\$ -	\$ -	\$ 8,922,964
	2023			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ 7,676,645	\$ -	\$ -	\$ 7,676,645

**NOTE 10 GENERAL INTEREST CONTRACT WITH INSURANCE COMPANY**

In 2006, the Plan entered into a general interest contract with Mutual of America Life Insurance Company. Mutual of America Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer has determined that the account is liquid and a cash equivalent.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of America Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2024 and 2023, the contract value of the guaranteed investment contract totaled \$3,757,128 and \$3,925,846, respectively.

The crediting interest rate is based on a formula agreed upon with the issuer, which the issuer declares from time to time, at a rate at least equal to the greater of (1) any contractual minimum guarantee provided by the contract or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners (NAIC) standard nonforfeiture law.

**403(B) THRIFT PLAN OF CASA DE LAS CAMPANAS  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**NOTE 10 GENERAL INTEREST CONTRACT WITH INSURANCE COMPANY (CONTINUED)**

The NAIC minimum rate is determined in accordance with a formula, and cannot be less than 1.00% or more than 3.00% in any event. We determine whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer or that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and to settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.
