To the Board of Trustees
Dialysis Clinic, Inc. Employee Medical Plan
Nashville, Tennessee

We have audited the financial statements of Dialysis Clinic, Inc. Employee Medical Plan for the year ended December 31, 2024, and we have issued our report thereon dated October 2, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated February 4, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As communicated in our engagement letter dated February 4, 2025, our responsibility, as described by professional standards, is to express an opinion on whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. The financial statements were audited by us in accordance with auditing standards generally accepted in the United States of America ("GAAS") and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion. The ERISA-required supplemental schedules were subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on May 8, 2025.

SIGNIFICANT FINDINGS

Qualitative Aspect of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2024.

We noted no transactions entered into by the Plan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus. In addition, we did not identify any significant findings or issues during the audit in connection with the Plan's related parties.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Management's assessment of the valuation inputs for each Plan investment under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, requires the Plan to assess and disclose in the financial statements the valuation input for each Plan investment. We evaluated the key factors and assumptions used to make the assessments for each Plan investment in determining it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the benefit obligation for incurred but not reported claims is based on historical trends and actual claims information provided by the Plan's third party claims administrator. We evaluated key factors and assumptions used to develop the benefit obligation for incurred but not reported claims in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Significant Unusual Transactions Identified During the Audit

We identified no significant unusual transactions during the audit.

Difficult, Contentious or Other Matters Encountered During the Audit

We encountered no difficult, contentious, or other matters for which we consulted outside the engagement team that were, in our professional judgment, significant and relevant to those charged with governance regarding the responsibility to oversee the financial reporting process.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditors' report. We are pleased to report no such disagreements arose over the course of the audit.

Circumstance Affecting the Form and Content of the Auditor's Report

We encountered no circumstances that affect the form and content of the auditor's report.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. If a consultation involves application of an accounting principle to the Plan's financial statements, or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 2, 2025.

Independence

We are not aware of any relationships between Cherry Bekaert LLP and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence. Relating to our audit of the financial statements of the Plan as of and for the year ended December 31, 2024, Cherry Bekaert LLP hereby confirms in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants, that we, in our professional judgment, are independent with respect to the Plan.

During the year ended December 31, 2024, Cherry Bekaert LLP provided the following services to the Plan:

- Preparation of Plan financial statements

Form 5500

In performing our audit, in accordance with GAAS, we are responsible for obtaining and reading the draft Form 5500 in order to identify material inconsistencies, if any, with the audited ERISA Plan financial statements. During our audit we obtained and read the draft Form 5500 from management and did not identify any material inconsistencies.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of Board of Trustees and management of the Dialysis Clinic, Inc. Employee Medical Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditor

To the Board of Trustees
Dialysis Clinic, Inc. Employee Medical Plan
Nashville, Tennessee

Opinion

We have audited the financial statements of Dialysis Clinic, Inc. Employee Medical Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4j - Schedule of Reportable Transactions, for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Dialysis Clinic, Inc. Employee Medical Plan

Notes to the Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Dialysis Clinic, Inc. Employee Medical Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Plan participating employers are Dialysis Clinic, Inc. and DCI Donor Services, Inc. (collectively, the "Company").

General – The Plan is a defined benefit health and welfare benefit plan established to provide specified healthcare, dental, vision, and prescription drug benefits to eligible employees of the Company and their spouses and/or covered dependent(s). Employees are eligible for this program if they are classified as full-time, meaning regularly scheduled for 30-hours per week; or part-time employees scheduled to work 20 hours or more per week and have completed a 30-day waiting period when initially hired. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Benefits – The Plan provides health benefits (medical, vision, dental, and prescription drugs). The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

Contributions – Participants contribute specific amounts based on their type of coverage and their status with the Company. These amounts are determined by the Company. The Company makes contributions to the Plan to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company on a pay-as-you-go basis

Stop-Loss Coverage – The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims)

Self-Insured Benefits – Plan benefits are self-insured. Medical, prescription drug, vision, and dental claims of active participants, terminated employees participating under COBRA, and participating dependents are processed by the Plan's third party claims processor, under an administrative services only arrangement. The claims processor pays claims directly to or on behalf of participants and are then reimbursed by either the Plan or the general assets of the Company. Despite the Plan's utilization of a third party claims processor, ultimate responsibility for the payments to providers and participants is retained by the Company.

The Plan utilizes a pharmacy benefit manager ("PBM") which periodically provides rebates to the Plan based on the Plan's actual utilization pattern of specific drugs.

2. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's benefit committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Concentrations of Credit Risk – The Plan invests in a money market fund that is not subject to the Federal Deposit Insurance Corporation insurance coverage. The Plan believes no significant risk of loss exists with respect to those balances.

Payment of Benefits – Claim payments are recorded when paid to the third-party claims processor. Amounts due to claims processor that have yet to be reimbursed by the Plan are recorded as claims payable, if applicable, in the accompanying statements of net assets available for benefits.

Administrative Expenses – The Plan pays administrative expenses that consist primarily of administrative fees paid to third party claims administrators and the custodian. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as Plan audit fees, are paid by the Company on behalf of the Plan and will not be reimbursed by the Plan.

Stop-Loss Coverage – The Plan entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits for individual participant claims over \$500,000. For the year ended December 31, 2024, stop loss refunds totaling \$193,852 have been netted with claims paid in the accompanying statement of changes in net assets.

Rebates – Rebates due from the Plan's PBM are recorded when received. For the year ended December 31, 2024, pharmacy rebates totaling \$7,786,804 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

2. Summary of Accounting Policies (continued)

Benefits Obligations – The Plan’s liability for incurred but unreported claims is not recorded in the financial statements until such time as the claim is made. However, such amount is estimated by the Plan Sponsor based on claims data provided by the Plan’s third party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment. Such estimates are included in the disclosure of benefit obligations as presented in Note 8.

Subsequent Events – Subsequent events were evaluated through October 2, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation technique include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation technique used for assets measured at fair value. There have been no changes in the technique used at December 31, 2024 and 2023.

Money Market Funds – Valued at the quoted net asset value of shares held by the Plan at year-end.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 14,216,324	\$ -	\$ -	\$ 14,216,324
Total investments at fair value	\$ 14,216,324	\$ -	\$ -	\$ 14,216,324

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 13,344,466	\$ -	\$ -	\$ 13,344,466
Total investments at fair value	\$ 13,344,466	\$ -	\$ -	\$ 13,344,466

4. Related Party and Party-In-Interest Transactions

The Plan uses various providers to administer the Plan and those providers are deemed parties-in-interest. Payments to those providers for premiums and administrative expenses totaled \$5,082,530 for the year ended December 31, 2024.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants, and to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Notes to the Financial Statements

6. Tax Status

The trust funding certain benefits of the Plan is considered tax-exempt under the Company's tax-exempt status. In addition, the Plan and the trust are required to operate in conformity with the Internal Revenue Code ("IRC") to maintain the tax-exempt status of the trust. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and believes the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Claims incurred but not reported is reported based on certain assumptions by Plan management based on claims data provided by the Plan's third party claims administrators which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. Benefit Obligations

At December 31, the Plan's benefit obligations were as follows:

	2024	2023
Claims payable, claims incurred but not reported	\$ 3,460,000	\$ 2,560,000
Plan's total benefit obligations	<u>\$ 3,460,000</u>	<u>\$ 2,560,000</u>

	<u>2024</u>
Balance, beginning of year	\$ 2,560,000
Claims reported and approved for payment, including benefits reclassified from IBNR	48,481,112
Claims paid	<u>(47,581,112)</u>
Plan's total benefit obligations, end of year	<u>\$ 3,460,000</u>

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements
