<b>Normal Retirement Date</b>	The first day of the month coincident with or next following attainment of age 65.
<b>Final Average Compensation</b>	A participant's average monthly compensation during the 60-consecutive month period in the final 10 years of employment which produces the highest such average.
<b>Credited Service</b>	One year of credited service shall be granted for each plan year during which a participant completes 1,800 or more hours of service. If a participant completes fewer than 1,800 hours of service during a plan year, one-twelfth of a year of credited service shall be granted for each 150 hours of service.
<b>Normal Retirement Benefit</b>	<p>The monthly amount of the normal retirement benefit is equal to <math>1\frac{5}{8}\%</math> of the participant's final average compensation multiplied by his years of credited service (max 40).</p> <p>No future benefit accruals in the plan for service completed on or after September 30, 2017.</p>
<b>Early Retirement Benefit</b>	<p>A participant may elect early retirement on the first day of the month coincident with or next following attainment of age 55 and completion of 10 years of service. **Postponed Retirement Benefit**

A participant may remain employed subsequent to his or her normal retirement date. Upon retirement, the participant's monthly retirement benefit will be the greater of:

- (1) His or her benefit accrued to the actual date of retirement; or
- (2) His or her accrued benefit at the normal retirement date actuarially increased to the actual date of retirement.

**Termination of Employment**

A participant who terminates service for any reason other than death or retirement after he or she has completed five years of service will be eligible to receive accrued benefits commencing at the normal retirement date.

**Preretirement Spouse Benefit**

A married participant eligible for early retirement will have a survivor benefit payable to his or her eligible surviving spouse provided that he or she was married to the spouse for the entire one-year period prior to death. The eligible surviving spouse will receive 50% of the benefit the participant would have become entitled to had he or she terminated immediately prior to death and elected the 50% joint and survivor form of benefit. If a vested married participant dies before attaining age 55, the eligible surviving spouse will receive a survivor benefit commencing as of the first day of the month coincident with or next following the date on which the participant would have attained age 55.

**Normal Form**

The normal form of benefit is a life annuity beginning on the first day of the month coincident with or next following eligibility for normal retirement. The normal form of payment for a married participant is a 50% joint and survivor benefit. This benefit would be reduced to reflect the fact that, on the average, benefits will be paid for a longer time.

Lump sum payment option is also available. Certain restrictions may apply if the AFTAP is less than 80%.
