The Plan Administrator and Trustees of the  
Timbrook Automotive  
401(k) Profit Sharing Plan

### **INDEPENDENT AUDITORS' REPORT**

#### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Timbrook Automotive 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Timbrook Automotive 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter-Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and

Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 1. Description of Plan**

The following description of the Timbrook Automotive (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only the general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

***General***

The Plan is a defined contribution plan covering all employees of the Company who have one year of service (1,000 service hours) and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

***Contributions***

Each year, participants may elect to contribute a portion of their compensation, on a pre-tax basis, to the Plan. Participants also have the option to make Roth elective contributions which are on a post-tax basis. These contributions are not to exceed the maximum amount allowed by the Internal Revenue Service of \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively. In addition, participants who are at least 50 years old by the end of the plan year may defer an additional amount referred to as a catch-up contribution. The limit of the catch-up contribution was \$7,500 for the years ended December 31, 2024 and 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market account as investment options for participants.

The Company may make discretionary matching contributions to the Plan, which is determined annually. The matching contribution is based on a percentage of the employee’s elective deferrals. Discretionary matching contributions made to the Plan for 2024 and 2023 were \$70,389 and \$72,226, respectively.

The Company may also make discretionary profit sharing contributions to the Plan, which is determined annually. Discretionary profit sharing contributions will be allocated to participant accounts based on the ratio of an eligible participant’s compensation to the total compensation of all participants. Participants must be employed on the last day of the plan year and have at least 1,000 hours of service during the plan year in order to share in any discretionary profit sharing contributions. No discretionary profit sharing contributions were made to the Plan for 2024 or 2023.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 1. Description of Plan (continued)**

***Participant Accounts***

The participant directed accounts are adjusted for the contributions, withdrawals, administrative expenses, and earnings or losses of the Plan, including the adjustment to reflect changes in the market value of the Plan's investments. Allocations of administrative expenses and investment earnings and losses are based on the ratio of individual participant account balances to all participant account balances in that specific investment vehicle prior to the allocation of employer contributions and forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants withdrawing from the plan receive their balance by (i) a transfer to another qualified plan, (ii) a transfer to an individual retirement account, or (iii) a lump sum distribution that is subject to a 20 percent income tax withholding.

***Vesting***

Participants are always fully vested in their contributions to the Plan, as well as any earnings or appreciation on them. If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the discretionary contribution balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service starting with second year and are 100% vested after six years of service.

In accordance with the provisions of the Plan, nonvested contributions are forfeited upon a participant's termination from employment. Forfeitures of the employer's discretionary contributions are used to reduce the employer's future discretionary contributions and administrative expenses.

***Notes Receivable from Participants***

Under a provision of the Plan, the trustee can make loans to participants from the trust in an amount not to exceed the lesser of one-half of the participant's vested account balance, subject to certain exclusions, as defined, or \$50,000. The minimum amount of any loan is \$1,000. The loans bear interest at a reasonable rate determined by the plan administrator and must be repaid within five years. If a loan is made for the purchase of a participant's primary residence, the loan may be repaid over a reasonable period of time that may be longer than five years, but in no case more than fifteen years.

401(k) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 1. Description of Plan (continued)**

***Payment of Benefits***

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

***Forfeited Accounts***

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$5,896 and \$1,871, respectively. These accounts will be used to reduce future administrative expenses and/or future discretionary employer contributions. Unallocated forfeitures totaling \$16,221 and \$2,918 were used to reduce administrative expenses and discretionary employer contributions in 2024 and 2023, respectively.

**Note 2. Summary of Significant Accounting Policies**

***Date of Management's Review***

The Plan has evaluated, for possible financial statement disclosure, subsequent events through September 9, 2025 the date which the financial statements were available to be issued, and have determined there were no such events.

***Basis of Presentation***

The accompanying financial statements of the Plan have been prepared on the accrual basis in accordance with U.S. generally accepted accounting principles and present the net assets available for benefits and changes in those net assets. Under the accrual basis, revenues and expenses are recognized when earned or incurred regardless when they are received or paid, respectively, except for benefit payments to participants which are recorded when paid.

***Investment Valuation and Income Recognition***

The investment of all Plan assets is participant directed. Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

**TIMBROOK AUTOMOTIVE  
401(k) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 2. Summary of Significant Accounting Policies (continued)**

Interest and dividend income are recorded on the accrual method. Realized gains and losses from security transactions are reported on the average-cost method. Security transactions are accounted for on the date securities are purchased or sold (trade-date method). Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Notes Receivable from Participants*

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Payment of Benefits*

Benefits are recorded when paid.

*Administrative Expenses*

Administrative expenses consist of loan fees, consultant fees, and trustee fees.

**Note 3. Information Prepared and Certified by Trustee**

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the information certified by Reliance Trust Company and Principal Trust Company was not audited by the Plan's independent auditors except for comparing such information to the related information included in the accompanying financial statements and schedule. A summary of the Plan's financial information, provided by Reliance Trust Company and Principal Trust Company, the Plan's trustees, is presented as follows:

	<u>2024</u>	<u>2023</u>
Investments at Fair Value	\$ 7,867,912	\$ 6,196,207
Dividends	\$ 287,513	\$ 158,138

Notes Receivable from Participants	\$ 134,828	\$ 103,586
Interest Income on Notes Receivable from Participants	\$ 8,603	\$ 5,180

The information included above is certified as complete and accurate by Reliance Trust Company and Principal Trust Company.

**Note 4. Fair Value Measurements**

Fair values of assets measured on a recurring basis at December 31, 2024 and 2023 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b><u>December 31, 2024</u></b>				
Money Market	\$ 317,368	\$ 317,368	\$ -	\$ -
Mutual Funds	7,550,544	7,550,544	-	-
Investments at Fair Value	<u>\$ 7,867,912</u>	<u>\$ 7,867,912</u>	<u>\$ -</u>	<u>\$ -</u>
<b><u>December 31, 2023</u></b>				
Money Market	\$ 84,633	\$ 84,633	\$ -	\$ -
Mutual Funds	6,111,574	6,111,574	-	-
Investments at Fair Value	<u>\$ 6,196,207</u>	<u>\$ 6,196,207</u>	<u>\$ -</u>	<u>\$ -</u>

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

**TIMBROOK AUTOMOTIVE  
401(k) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 4. Fair Value Measurements (continued)**

The three levels of the fair value hierarchy are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Money market funds are valued based on net asset value at year end.
- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

401(k) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 5. Transactions with Parties-in-Interest**

The plan sponsor provides to the Plan certain accounting and administrative functions for which no fees are charged. The Plan's auditor who audits the Plan's financial statements is paid directly by the plan sponsor. These fees are not reflected in the financial statements. The third party administrator who provides accounting and administrative services, the trustee of the Plan's assets, the Plan's investment advisor who provides investment advice to participants, and legal counsel who provides legal advice to the Plan as needed, are paid from the Plan. Fees paid by the Plan are reported as administrative expenses in the financial statements.

In 2023, the Plan offered various investment options in collective trusts, pooled separate accounts, and fixed income guarantees which are issued by Principal Trust Company, a party-in-interest due to its role as a trustee of the Plan.

As described in Note 1, the Plan can make loans to participants. During 2024, the Plan made ten new loans to participants totaling \$79,005 and received from participants' principal repayments totaling \$46,763, deemed loan repayments totaling \$1,000, and interest payments totaling \$8,603. During 2023, the Plan made thirteen new loans to participants totaling \$80,733 and received from participants' principal repayments totaling \$45,093 and interest payments totaling \$5,180. Interest rates on the loans range from 4.25% to 9.50% at December 31, 2024 and December 31, 2023. The balance of participant loans at December 31, 2024 and December 31, 2023 was \$134,828 and \$103,586, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**Note 6. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**TIMBROOK AUTOMOTIVE  
401(k) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 7. Plan Termination**

The Company has reserved the right to amend or terminate the Plan or reduce or cease contributions at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

**Note 8. Federal Income Taxes**

The Plan has adopted a volume submitter plan. The volume submitter plan received an opinion letter dated October 6, 2020 from the Internal Revenue Service stating that the volume submitter plan document is designed in accordance with applicable sections of the Internal Revenue Code. The Company is relying on the opinion letter as provided for under Rev. Proc. 2011-49, 2011-44 I.R.B. 608. The Plan has been amended since receiving the opinion letter. In the opinion of the plan administrator, the Plan and its underlying trust have operated within the terms of the Plan and remain qualified under applicable provisions of the Internal Revenue Code.

Management has reviewed the Plan's tax positions for all open tax years (tax years after December 31, 2021) and has determined that no provision for income taxes is required in the Plan's financial statements, in accordance with financial and accounting disclosure requirements for recognition and measurement of tax positions taken or expected to be taken on a U.S. income tax return.

**Note 9. Changes in the Plan**

On August 1, 2023, the Plan was amended and restated, and a new custodian and record keeper were appointed. Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a blackout period beginning July 24, 2023 and continuing through September 15, 2023. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in a money market fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options selected by each participant. If a participant did not make new investment elections, their converted assets were invested in the Plan's target date investment default fund based on the participant's date of birth.

DECEMBER 31, 2024 AND 2023**

**Note 9. Changes in the Plan (continued)**

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.
