## Independent Auditor's Report

To the Trustee and Participants of  
Westfall Technik, Inc. 401(k) Plan

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the accompanying financial statements of Westfall Technik, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter—Supplemental Schedule Required by ERISA***

The supplemental schedule of assets held at end of year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

# WESTFALL TECHNIK, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

## 1. Description of the Plan

The following description of the Westfall Technik, Inc. 401(k) Plan (the “Plan”) provides only summarized information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

### *General*

The Plan was adopted effective January 1, 2006, by Westfall Technik, Inc. and its consolidated subsidiaries (collectively the “Employer” or the “Company”). The Company is the sponsor of the Plan. The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was passed by Congress. The CARES Act contained several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for loan payments. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document. The Company has adopted certain relief provisions included in the CARES Act, and an official amendment is expected to be signed on or before December 31, 2025.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement 2.0 Act (“Secure 2.0 Act”) was passed by Congress. The Secure 2.0 Act contains numerous provisions that impact employee benefit plans. Generally, the deadline for formally adopting any required plan amendments made pursuant to the Secure 2.0 Act is December 31, 2026; however, plans must be operated in accordance with the effective dates of each new provision. The Plan has administratively complied with and adopted all applicable provisions of the Secure 2.0 Act for the years ended December 31, 2024 and 2023. Plan management expects the Plan to be formally amended prior to the Secure Act 2.0 deadline.

### *Trustee and Administration of the Plan*

The trustee of the Plan is Reliance Trust Company (the “Trustee”). The recordkeeper of the Plan is ADP Retirement Services (the “Recordkeeper”). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company.

### *Eligibility*

Participants must be 18 years of age to participate in the Plan. Additionally, the participant must complete three months of service to participate in the Plan. All employees are eligible to participate unless they are covered by a collective bargaining agreement, leased employees, or nonresident aliens. An eligible participant can enter the Plan on the first day of the month upon meeting the eligibility requirements.

### 1. Description of the Plan (Continued)

#### *Contributions*

Each year, participants may elect to defer up to 90% of pre-tax annual compensation, as defined in the Plan, subject to limits established by the Internal Revenue Service (“IRS”) (\$23,000 for employees under age 50 and \$30,500 for employees ages 50 and over in 2024). The Plan also allows for Roth 401(k) contributions. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan administrator and the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer makes matching contributions, for all participating employees, in an amount equal to 50% of participant deferrals up to 6% of eligible compensation, as defined in the Plan document. The Employer, at its discretion, may make profit-sharing contributions for all eligible employees with 1,000 hours of service and active employment on the last day of the plan year. During 2024, no discretionary employer profit-sharing contributions were made.

#### *Investment Options*

Upon enrollment in the Plan, a participant may direct his or her contributions, in percentage increments, into a series of mutual funds or common-collective trust offered by the Plan. Participants may change their investment options at any time.

#### *Corrective Distribution Payable*

During the plan year ended December 31, 2024 and 2023, the Plan identified amounts required to be distributed to certain participants in order to comply with Internal Revenue Code (“IRC”) nondiscrimination requirements. As of December 31, 2024 and 2023, corrective distribution payable was \$45,123 and \$174,649, respectively.

#### *Participant Accounts*

Each participant account is credited with the participant’s contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants’ earnings or account balances as provided in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

## Notes to Financial Statements (Continued)

December 31, 2024 and 2023

### 1. Description of the Plan (Continued)

#### *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the participant's highest outstanding loan balance during the prior 12-month period. A participant can only have one loan outstanding at any given time. Notes receivable from participants are secured by the balance of the participant's account and bear interest at prime plus 1%. The notes mature through June 2047. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC. The unpaid balance of any loan is immediately payable upon termination of employment and maybe offset against the participant's vested account.

#### *Payment of Benefits*

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant with vested benefits of \$5,000 or less will receive a single lump-sum cash payment of benefits, and those with vested benefits over \$5,000 have the option of receiving a single lump-sum, substantially equal installment payments, or a partial cash payment of benefits. On termination of employment prior to retirement, other than a result of death or disability, participants forfeit their non-vested balances. Prior to termination, participants may receive a hardship or in-service distribution for part or all of their vested account, under certain circumstances.

#### *Vesting*

Participants are immediately vested in their voluntary contributions, adjusted for actual earnings thereon. Vesting in the Employer's discretionary matching and profit-sharing contributions are based on the participants' years of employment as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

#### *Forfeitures*

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$142,987 and \$161,395, respectively. These accounts are to be used to pay Plan expenses, and in some cases, remaining forfeitures will be used to reduce employer contributions. In 2024, employer contributions were reduced by \$67,249 using forfeited non-vested accounts.

## WESTFALL TECHNIK, INC. 401(k) PLAN

Notes to Financial Statements (Continued)

December 31, 2024 and 2023

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### *Use of Estimates*

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates which estimates may require revision in future periods.

#### *Investment Valuation and Income Recognition*

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and insurance company. In accordance with the Plan's policy of stating investment at fair value, net unrealized gains and losses for the year are included in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gain and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Loans made to participants by defined contribution employee benefit plans are not within the scope of ASU 2016-13. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

#### *Payment of Benefits*

Benefits are recorded when paid.

#### *Administrative Expenses*

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts, including loan initiation/maintenance fees, withdrawal fees, and participant administrative fees. Certain investment expenses which are charged within investments are presented net of the appreciation in fair value of investments. All other expenses of the Plan for the year ended December 31, 2024 were paid by the Company and are excluded from these financial statements.

## WESTFALL TECHNIK, INC. 401(k) PLAN

### Notes to Financial Statements (Continued)

December 31, 2024 and 2023

#### 3. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information included in Note 4.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

#### 4. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

- *Level 1:* The fair value is based on quoted market value of the shares held by the plan at year end.
- *Level 2:* Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## WESTFALL TECHNIK, INC. 401(k) PLAN

### Notes to Financial Statements (Continued)

December 31, 2024 and 2023

#### 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common-collective trusts:* Units held in common-collective trusts (“CCT”) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis as of December 31:

	<u>2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 53,569,897	\$ -	\$ -		\$ 53,569,897
Common-collective trusts at NAV					2,075,331
Total investments					<u>\$ 55,645,228</u>
	<u>2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 48,502,865	\$ -	\$ -		\$ 48,502,865
Common-collective trusts at NAV					2,796,218
Total investments					<u>\$ 51,299,083</u>

## WESTFALL TECHNIK, INC. 401(k) PLAN

Notes to Financial Statements (Continued)

December 31, 2024 and 2023

### 5. Related-Party and Party-In-Interest Transactions

Participant loan and distribution processing fees, and participant administration fees are paid to the Recordkeeper by participants. The Plan paid for third party administrator fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules under ERISA.

### 6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

### 7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

### 8. Tax Status

The Plan uses a prototype plan document sponsored by ADP, LLC. ADP, LLC received an opinion letter from the IRS, dated October 6, 2020, which states that prototype document, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
