To the Trustees of
Bren-Tronics, Inc. 401(k) Profit Sharing Plan
Commack, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bren-Tronics, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Bren-Tronics, Inc. 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bren-Tronics, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bren-Tronics, Inc. 401(k) Profit Sharing Plan and Trust’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bren-Tronics, Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bren-Tronics, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of "Schedule H, Line 4i - Schedule of Assets (Held at End of Year)" is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BREN-TRONICS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Bren-Tronics, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. General - The Plan is a defined contribution plan which was originally adopted on January 1, 1989 for participation by eligible employees of Bren-Tronics Inc. (subsequently Bren-Tronics Holdings Inc.) (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). On March 20, 2013, the Plan was amended to change its name from Bren-Tronics, Inc. Profit Sharing Plan to Bren-Tronics, Inc. 401(k) Profit Sharing Plan. The name change was in connection with the Plan’s change in trustee to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company.

B. Eligibility

Effective July 1, 2019, the plan was amended as to allow eligibility as follows: Non-union employees who are at least 21 years of age may become eligible to be a participant for purposes of making salary deferral contributions after two months of service and non-union employees who are at least 21 years of age may become eligible to be a participant for purposes of receiving employer contributions after one year of service during which 1,000 hours of service have been completed. Intern employees are excluded from the Plan.

C. Contributions

Elective Deferrals - Participants may contribute up to 100% of their annual compensation, within statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions within statutory limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Contingent Safe Harbor Non-Elective Contributions - The Plan document provides that the Company may make Safe Harbor Non-Elective contributions based on 3% of the participants’ eligible compensation irrespective of whether the participants make elective contributions. For the years ended December 31, 2024 and 2023, total contingent Safe Harbor non-elective contributions made by the Company amounted to \$699,978 and \$494,043 respectively.

Non-Safe Harbor Non-Elective Contributions - The Plan document provides that the Company may make discretionary Non-Safe Harbor Non-Elective contributions (also referred to as profit sharing contributions) subject to certain statutory limitations and allocated to participants based on the participants classification. There were no discretionary Non-Safe Harbor Non-Elective contributions made by the Company for the years ended December 31, 2024 and 2023.

- D. Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

BREN-TRONICS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

- E. Vesting - Participants vest immediately in their contributions plus the actual earnings thereon. Participants are 100% vested in Company Safe Harbor contributions. Vesting in the Company's discretionary contribution is based upon completion of the following number of years of service:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

- F. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless the loan is used to purchase a participant's residence, in which case repayment terms may not exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at the prevailing prime rate at the time of the advance plus 1.0%. Principal and interest are paid ratably through payroll deductions.

- G. Payment of Benefits - Participants may receive a full distribution of their vested benefits upon retirement, in the event of disability, in the event of immediate and heavy financial need, or upon termination of employment. Participants may receive a full distribution of their account balance in the event of termination of employment due to death. Participants may elect to receive either a lump-sum amount equal to the participant's interest in his or her account or installment payments over a period of years which does not exceed the life expectancy of the participant or his or her beneficiary. Minimum distributions shall be made in accordance with Treasury Regulation Section 1.401(a)(9). If the value of a terminated participant's account is \$5,000 or less, the Plan shall immediately distribute the participant's entire vested account balance in a lump sum or at the participant's election to another qualified retirement plan.

Effective January 1, 2020, the Plan was amended to permit eligible participants to take hardship distributions of their pre-tax salary deferrals, roth deferrals, safe harbor contributions, qualified non-elective contributions and qualified matching contributions for qualified hardship events.

- H. Forfeited Accounts - Forfeitures of terminated participant's non-vested matching contributions are segregated to a separate forfeiture account that will be used to reduce employer contributions at the discretion of the Plan Sponsor. At December 31, 2024 and 2023, the forfeiture account totaled \$7,351 and \$11,829, respectively. The December 31, 2024 and 2023, employer matches were paid using forfeiture balances, \$7,078 on March 3, 2025 and \$9,643 on February 21, 2024.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

- A. Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

BREN-TRONICS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

- B. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C. Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, except for investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure of the full benefit responsive contracts since that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for a discussion of fair value measurements and Note 5 for discussion of investment contracts.
- Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.
- D. Notes Receivable from Participants - Notes to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. There are no allowances for credit losses, as repayments of principal and interest are generally received through payroll deductions and the notes are fully collateralized by each participant's account balance.
- E. Payment of Benefits - Benefits are recorded when paid.
- F. Administrative Expenses - All expenses of maintaining the Plan are paid by either the Plan or the Company, at the Company's election. Fees charged to process participants requests are paid by the participant as provided by the Plan document.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. NOTE 4 - FAIR VALUE MEASUREMENTS

The frame-work for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

BREN-TRONICS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

Common/Collective Trusts: Valued based on the year-end unit value. Unit values are determined by the issuer or third party administrator by dividing the fair values of the total net assets at year-end by the outstanding units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Total investments at fair value \$ 1,539,051 \$ _____ - \$ _____ - \$ 25,413,498

(a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 5 - GUARANTEED GROUP ANNUITY INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Plan has invested in the Principal Life Insurance Company (“Principal”) Fixed Income Guaranteed Option, which is a fully benefit-responsive annuity investment contract. Principal maintains the contributions received by Plan participants in a general account. The account is credited on contract balances using a single “composite crediting rate” approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the guaranteed investment contract regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The account was also credited for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 5 - GUARANTEED GROUP ANNUITY INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY (Continued)

As described in Note 2 because the guaranteed group annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract has a surrender charge of 5% that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if the Plan terminates its interest in the contract. Plan management has evaluated the contract value and has determined that no adjustment relating to the surrender charge is required at December 31, 2024, as they expressed no intent of terminating the contract in the foreseeable future.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of recurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the maturity date.

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. See Note 11.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Administrative fees related to investment management services paid by the Plan amounted to \$75,300 that was paid to the Trustee for the year ended December 31, 2024.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - TAX STATUS

The Company adopted a volume submitter plan for which the Internal Revenue Service ("IRS") has issued an advisory letter dated March 31, 2014, covering the qualification of

BREN-TRONICS, INC. 401(K) PROFIT SHARING PLAN

NOTE 9 - TAX STATUS (Continued)

the Plan under the appropriate sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the advisory letter the Plan administrator and the Plan’s tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.
