INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Sea Coast/OceanView Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sea Coast/OceanView Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End for Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEA COAST/OCEANVIEW RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of Plan

The following description of Sea Coast/OceanView Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Sea Coast Management Company, Inc. and OceanView Management Company, Inc. (collectively the Company) who are age 18 or older and have completed 325 hours of service within 90 days of service. Effective January 1, 2025, the 325 hour requirement has been removed. Employees who have completed 1,000 hours of service and are employed on the final day of the plan year are eligible to receive a Company matching contribution, as described below. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974 (ERISA)*.

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE 2.0 Act) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

Contributions

Each year, participants may contribute up to the maximum dollar limit set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions among the available investment options offered by the Plan and may change their investment options at any time.

The Plan provides for a discretionary Company matching contribution in an amount determined by the Company on an annual basis. During 2024 and 2023, the Company matched employee contributions to the Plan at 50% of the first \$1,000 of employee deferrals, 60% of the next \$1,000 of employee deferrals, 70% of the next \$1,000 of employee deferrals and 220% of the next \$1,000 of employee deferrals. Employee contributions over \$4,000 were not matched by the Company. Participants must be employed on the last day of the Plan year to qualify for a matching contribution; however, a participant can still receive a matching contribution if they are not employed on the last day of the plan year due to death, permanent disability or termination of employment on or after normal retirement age.

Contributions are subject to certain limitations. For the 2024 and 2023 plan years, the deferral was generally limited to \$23,000 and \$22,500, respectively. In addition, participants who attain the age of 50 may make additional contributions, up to \$7,500 for both 2024 and 2023.

Participant Accounts and Vesting

Each participant's account is credited with the contributions of the participant and the Company, and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SEA COAST/OCEANVIEW RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of Plan (Continued)

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. That portion of the participants' accounts attributable to employer contributions vests ratably obtaining 100% vesting after five years of credited service.

Participants may direct their contributions to be invested in various investments included in the Plan which have different investment objectives. The options include the following managed pools of investments, which mainly consist of one mutual fund per managed pool: Money Market Fund, Fixed Income Mutual Fund (Vanguard Interm-Term Bond Index Admiral), Balanced Mutual Fund (Vanguard Wellington Admiral), Large Cap/Growth Fund (Vanguard Dividend Apprec Index Admiral), S & P 500 Index Fund (Vanguard 500 Index Admiral), Mid-Cap Fund (Vanguard Mid Cap Index Admiral), Small Cap Fund (Vanguard Small Cap Index Admiral), International Equity Fund (Dodge & Cox International Stock), and Emerging Markets Fund (Vanguard Emerging Mkts Stock Index Admiral).

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their total vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1%. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2024, the interest rates on outstanding loans ranged from 6.50% to 9.50% with various maturities through April 2029. Loan terms generally range from 1 to 5 years, with longer terms allowed for the purchase of a primary residence.

Payment of Benefits

In certain hardship situations, as described in the Plan agreement, participants may withdraw a portion of their account balance while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Hardship withdrawals can be made from both employee and employer funds.

Upon termination of employment, disability or attaining the age of 59.5, as defined, participants with vested balances exceeding \$5,000 may elect to receive a lump-sum amount equal to the value of their account or a single-sum payment of a portion of the vested balance; participants with a vested balance not exceeding \$5,000 will receive a lump-sum amount equal to the value of their account. Upon retirement, participants may elect, regardless of their account balance, to receive a lump-sum amount equal to the value of their account or installments payable monthly, quarterly or annually equal to the annual required minimum distribution amount. Partial withdrawals are not permitted for any benefits payable upon a participant's death. Participants who meet the eligibility requirements for benefits whose account balance is less than \$5,000 may receive benefits without their consent in accordance with the Plan document approved by the Plan Administrator.

Forfeitures

The Plan provides that the portion of terminated accounts that are forfeited are used to reduce future employer contributions and pay administrative expenses for the Plan. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,453 and \$4,305, respectively. During the years ending December 31, 2024 and 2023, the Plan used approximately \$4,000 and \$8,000, respectively, of forfeitures to pay administrative expenses.

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual and money market funds are reported at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses related to investments are reported as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from participants are recorded during the period in which payroll deductions are made. Employer contributions are calculated annually and are recorded in the period to which the service relates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Investment management, recordkeeping and certain administrative fees relating to the operation of the Plan's investments are paid from Plan assets. The Company also pays certain administrative expenses related to the Plan.

NOTES TO FINANCIAL STATEMENTS

2. **Summary of Significant Accounting Policies (Continued)**

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by Plan management to determine whether such events should be recognized or disclosed in the financial statements. Plan management has evaluated subsequent events through September 25, 2025, which is the date these financial statements were available to be issued.

3. **Tax Status**

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the participant is not currently taxed on the contribution, and the plan income is not taxable.

The Plan obtained an opinion letter dated June 30, 2020 for its volume submitter plan with Epic Advisors Inc., in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC (Internal Revenue Code). The Plan Administrator believes that Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has reviewed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. **Information Prepared and Certified by the Trustee**

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing with respect to the information certified by Charles Schwab Trust Bank, the trustee, except for comparing such information with the related information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the trustee meets the requirements of a qualified institution defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the financial statements and supplemental schedule relating to investments, net appreciation in fair value of investments, investment transactions and interest and dividends were certified by Charles Schwab Trust Bank as of and for the years ended December 31, 2024 and 2023. The Plan's notes receivable from participants and related interest income is not certified by Charles Schwab Trust Bank and has been subjected to audit procedures.

5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Upon termination of the Plan, the trustee, once notified by the Company of the termination date, will distribute to each participant their account balance in accordance with the terms of the Plan.

6. **Related Party and Party-in-Interest Transactions**

The Plan pays certain administrative expenses to Charles Schwab Trust Bank, the trustee, as defined by the Plan, and, therefore, these transactions qualify as a party-in-interest transactions. The Plan also pays certain administrative expenses to Downeast Pension Services, Inc. for record keeper services, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Administration fees paid during the Plan years ended December 31, 2024 and 2023 were approximately \$32,800 and \$23,700, respectively. Notes receivable and related activity also qualify as party-in-interest transactions. In addition, certain Plan investments are managed by an affiliate of Charles Schwab Trust Bank; therefore, those transactions qualify as party-in-interest.

7. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. **Fair Value Measurements**

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

SEA COAST/OCEANVIEW RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

8. Fair Value Measurements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023. There have been no changes in valuation methodologies in 2024 or 2023:

Mutual funds and money market fund: Valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
