## Independent Auditor's Report

Plan Administrator  
The Q.E.P. Co., Inc. 401(k) Plan  
Boca Raton, Florida

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of The Q.E.P. Co., Inc. 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Q.E.P. Co., Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Q.E.P. Co., Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Q.E.P. Co., Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Q.E.P. Co., Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Q.E.P. Co., Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters – Supplemental Schedules Required by ERISA***

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Note 1. Description of the Plan**

The following description of The Q.E.P. Co., Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### ***General***

The Plan is a participant-directed 401(k) plan covering all employees of The Q.E.P. Co., Inc. (Company) and its subsidiaries. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. Effective October 1, 2021, the Plan was amended and restated to adopt the most recent prototype 401(k) defined contribution plan and trust sponsored by Empower Retirement LLC (Empower). There were no changes to plan provisions.

### ***Eligibility***

All employees 18 years of age or older are eligible to participate in the Plan on the first day of the month following completion of three months of service for salary deferral contributions and employer discretionary match contributions and one year of service for discretionary profit sharing contributions.

### ***Contributions***

Participants may elect to contribute up to 100% of their pre-tax or after-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limits. Effective March 1, 2019, the Plan also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. Participants who have attained age 50 by the end of the plan year are eligible to make catch-up contributions as permitted under the IRC. Employee rollover contributions are also permitted.

The Company may contribute a matching contribution equal to a percentage of the participants' elective contribution. The Company may also make a profit sharing contribution. Contributions from the Company are subject to certain limitations and are discretionary. For the year ended December 31, 2024, the Company elected to contribute 25% of each participant's elective contributions, up to 6% of the participant's compensation. The Company has elected not to make a profit sharing contribution for the year ended December 31, 2024.

### ***Investment Options***

Participants must direct their salary deferral contributions and the Company's match and profit sharing contribution into a variety of investment funds. Participants may change their investment options at any time.

### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contributions, plan earnings (losses) and administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ***Vesting***

Participants are immediately vested for all participant contributions to the Plan. Company-match and profit sharing contributions vest ratably over a period of three years based on achieving 1,000 hours of service in a calendar year, over a period of three years. Additionally, years of service with acquired subsidiaries are recognized for plan vesting purposes.

**The Q.E.P. Co., Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

***Payment of Benefits***

In the event of retirement, death, disability or termination of employment, a normal distribution in the form of a lump sum equal to the vested interest of the participant's account is distributed to the participant or the participant's beneficiary. For balances less than \$1,000, the plan administrator will force distribution; for amounts between \$1,000 and less than \$5,000, the plan administrator will roll over the balance into a MassMutual IRA and amounts over \$5,000 must be distributed no later than age 73. Participants can also elect to have their distribution paid in substantially equal installments or establish an annuity directly with MassMutual to take annuity payments for a period not to exceed the participant's life expectancy or the life expectancy of their designated beneficiary.

***Administrative Expenses***

Loan processing fees are paid by the participant, and certain other administrative expenses are paid by the Plan. Certain investment fees are netted in the net appreciation (depreciation) in fair value of investments.

***Notes Receivable From Participants***

Participants may borrow from their fund accounts up to an amount equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount a participant may borrow is \$1,000. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate of interest determined by the Company. The note's principal and interest are to be paid ratably through bi-weekly payroll deductions. Interest rates range from 4.25% to 9.50% at December 31, 2024, which is commensurate with local prevailing rates at the time of the loans.

***Forfeitures***

The nonvested account of a participant shall be forfeited as of the date the participant has ceased to be an employee. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$53,534 and \$49,308, respectively. Forfeitures are normally used first to reduce the Company matching and/or profit sharing contributions and any excess is applied to the payment of the Plan's administrative expenses. During 2024, forfeitures of \$3,905 were utilized to fund employer matching contributions.

**Note 2. Summary of Significant Accounting Policies**

***Basis of Accounting***

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The Plan's investments in mutual funds are valued at quoted market prices.

The Plan's investment in a guaranteed interest contract is fully benefit-responsive and is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Notes Receivable From Participants***

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

### ***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions of \$49,561 to the applicable participants in 2024. The Plan distributed the 2024 excess contributions of \$14,886 to the applicable participants in 2025.

## **Note 3. Party-in-Interest Transactions**

Certain plan investments are shares of mutual funds and a guaranteed interest contract managed by Empower. Empower provides investment management services to the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Investment, managerial, legal and auditing fees for the Plan are paid by the Company. Administrative expenses paid by the Plan totaled \$57,946 for the year ended December 31, 2024. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and the Company is not reimbursed by the Plan for such services.

## **Note 4. Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities

**The Q.E.P. Co., Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; and other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

**Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The fair value of mutual funds are valued at quoted market prices of shares held by the Plan at year end (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

		<b>December 31, 2024</b>		
		<b>Fair Value Measurements Using</b>		
		<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>

Adjustment from contract value to fair value for interest in guaranteed investment contract relating to fully benefit-responsive investment contracts	<u>511,992</u>
Net increase in net assets available for benefits per the Form 5500	<u>\$ 862,119</u>

**Note 6. Guaranteed Interest Contract**

The Plan has entered into a benefit-responsive investment contract with MassMutual through the MassMutual Separate Account Guaranteed Investment Contract (SAGIC) Diversified Bond totaling \$3,255,567 for 2024 and \$3,918,257 for 2023. The SAGIC maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and

**The Q.E.P. Co., Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.2%.

The guaranteed interest contract is fully benefit-responsive; therefore, the contract value is the relevant measurement. Contract value, as reported to the Plan by MassMutual Retirement Services, a division of MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion equity wash provisions, bankruptcy of the plan administrator or other plan administrator events (such as, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable.

The guaranteed interest contract does not permit the insurance company to terminate the agreement unless the Plan is not compliance with the investment agreement.

## **Note 7. Income Tax Status**

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement 401(k) plan and trust sponsored by Empower Retirement, LLC. This prototype plan document has been filed with the appropriate agency and the prototype sponsor has obtained an opinion letter dated November 14, 2022, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC) and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 9. Information Certified by the Custodian and Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income components and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2024
- Investment information and notes receivable from participants included in the schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

### **Note 10. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

### **Note 11. Partial Plan Termination**

During the year ended December 31, 2024, the Company sold their Johnson City facility and their flooring business. As a result, Plan management determined a partial termination of the Plan had occurred. Plan management worked with the third-party administrator to fully vest the terminated employees and repay any amounts that were previously forfeited by these employees.

### **Note 12. Subsequent Events**

Subsequent events have been evaluated through October 2, 2025, which is the date the financial statements were available to be issued.
