Change in Method Under Revenue Procedure 2017-56

Plan Year: 1/1/2024 to 12/31/2024

Valuation Date: 12/31/2024

Effective for the Plan Year ended December 31, 2024, there has been a change in the valuation software. In accordance with Revenue Procedure 2017-56, the following conditions have been met:

1. The enrolled actuary for the plan is the same as the enrolled actuary for the plan for the prior plan year or the business organization providing actuarial services to the plan is the same as the business organization that provided actuarial services to the plan for the prior plan year.
2. The new method is substantially the same as the method used for the prior plan year.
3. The new valuation software is generally used by the enrolled actuary for the single-employer plans to which the enrolled actuary provides actuarial services.
4. For either the prior plan year or the current plan year, the funding target, target normal cost (without regard to any adjustment for employee contributions and plan-related expenses), and actuarial value of plan assets determined under the new valuation software are each within 2% of the respective values under the valuation software used for the prior plan year (all other factors being held constant).
5. The modifications to the computations in the valuation software or the use of a different valuation software system are designed to produce results that are no less accurate than the results produced prior to the modifications or change.
