INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
IBEW Local Union No. 661 Retirement Plan
Wichita, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of IBEW Local Union No. 661 Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C).

The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IBEW Local Union No. 661 Retirement Plan financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principals generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IBEW Local Union No. 661 Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local Union No. 661 Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with Generally Accepted Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with Generally Accepted Auditing Standards, we:

- exercise professional judgement and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local Union No. 661 Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- consider whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local No. 661 Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during our audit.

Other Matters

Supplemental Schedules

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information, some of which is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with Generally Accepted Auditing Standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In Our Opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**IBEW LOCAL NO. 661 RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF THE PLAN

The following brief description of IBEW Local No. 661 Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1981, is a multi-employer defined contribution money purchase plan covering any person employed under the terms of the Inside Wireman's or Teledata Collective Bargaining Agreements between the employer and the Union, and any union member employed by the Union or the local Apprenticeship Training Program. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a six member Board of Trustees, comprised of three members of The International Brotherhood of Electrical Workers Local No. 661 (Union) and three members of The Kansas Chapter, National Electrical Contractors Association (NECA). The trustees have the right to amend the Plan at any time, subject to certain restrictions.

Contributions

The Plan is funded by employer contributions of a dollar amount determined by the current collective bargaining agreement for each hour of service worked. For the year ended December 31, 2023, employer contributions for Journeymen was at a rate of \$7.68 per hour worked. Contributions for Apprentices are indexed according to the percentage of their Journeymen rate. Rollover contributions are permitted from another qualified plan or from a "conduit IRA" if certain requirements of the Tax Code are met. Contributions are exempt from current taxable income. Benefits paid from the Plan are taxable at that time.

Investment Options

Participants direct the investment of contributions into various investment options offered by the Plan. For any contributions not specifically directed by the participant, applicable LifeTime separate account funds are utilized based on the participant's current age and normal retirement age under the Plan, which is age 65. The Plan currently offers mutual funds, pooled separate accounts, collective investments trusts, and guaranteed investment contracts as investment options for participants.

Participant Accounts

Investments are 100% participant directed and can be changed at any time. Contributions are forwarded to Principal Financial Group for investment. Each participant's account is charged with an allocation of net investment income (both realized and unrealized). The accounts are charged with net investment loss (both realized and unrealized), any withdrawals, and an allocation of administrative expenses. Each participant's account is credited with: (1) the employer's contribution made on the participant's behalf, (2) rollovers made by the participant, and (3) an allocation of Plan investment income (both realized and unrealized). Participant accounts are bookkeeping accounts maintained by the Plan. Actual contributions are commingled for investment purposes.

Allocation of Gains and Losses

Investment gains and losses are allocated to the participant accounts based on the ratio of each participant's account balance to the total account balance for the given funds in which they elect.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are always 100% vested in the value of Plan accounts at all times.

Payment of Benefits

On termination of service due to death, disability, or retirement, the participant's account shall be used to provide benefits either in the form of a lump sum or an annuity. For termination of service of at least one year due to other reason, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or maintain the account in the Plan to provide benefits at a later date, provided that the account balance exceeds \$5,000.

Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity.

Basis of Accounting

The accompanying financial statements are prepared using Generally Accepted Accounting Principles (GAAP).

Plan Investments

Principal Trust Company and Principal Life Insurance Co., the Custodians for the Plan, hold all the Plan's investment assets and manages various investment funds on behalf of the Plan. Financial information relating to investments held by the Custodians is included in the accompanying financial statements based on information provided by the Custodians. That information has not been audited by the Plan's independent auditors.

Valuation of Investments

Investments are valued at market value as determined and certified by the Custodians as of the Plan's year end. The fair value of these investments may fluctuate subsequent to year end due to changes in economic conditions.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

3. INVESTMENTS CERTIFIED OR PROVIDED BY PRINCIPAL TRUST COMPANY AND PRINCIPAL LIFE INSURANCE COMPANY

Principal Trust Company and Principal Life Insurance Company, the custodians, have reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held at December 31, 2024 and 2023 and net appreciation/(depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2024 and 2023. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the custodian. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the custodian from the scope of their audit.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual Funds

These investments are held by registered investment companies. Fair value is measured using quoted market prices that are available on an active market.

Pooled Separate Investment Accounts

The net asset value is used as a practical expedient to estimate fair value. Fair value is measured using the unit value calculated from the net assets of the underlying pool of securities, as reported by the Custodian.

(continued)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

4. FAIR VALUE MEASUREMENTS (Continued)

Collective Investment Trust

See Note 5 for more information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value.

	Level 1	Level 2	Level 3	Total

5. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has a Collective Investment Trust (Principal Stable Value Fund) which is a benefit-responsive investment contract. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As of January 1, 2020, the Principal Stable Value Fund is wholly invested in the Morley Stable Value Fund. With this structure, there is no look-through to the underlying holdings of the Morley Stable Value Fund for fund reporting. Fair value is now determined using Net Asset Value at the fund level. Based on DOL guidance that a plan's filing should follow the fund's reporting method, Principal will no longer report an adjustment from contract value to fair value for the Principal Stable Value Fund.

5. INVESTMENT CONTRACTS WITH INSURANCE COMPANY (continued)

	2024	2023
Principal Stable Value Fund	\$ 3,994,683	\$ 2,449,294
Total	\$ 3,994,683	\$ 2,449,294

The traditional investment contract held by the Plan is a Collective Investment Trust contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is adjusted annually.

	2024	2023
Average yields:		
Based on actual earnings	2.73%	2.67%
Based on interest rate credit to participants	2.73%	2.65%

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. FEDERAL INCOME TAXES

The IRS has determined and informed the Company by a letter dated August 14, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Trustees and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believe that Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

The Trustees reserve the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of total or partial termination of the Plan, the assets of the Plan shall be allocated to the Participants and former Participants in accordance with the termination provision specified by the Pension Benefit Guaranty Corporation and the Internal Revenue Service.

8. RELATED PARTY TRANSACTIONS

The Kansas Chapter, National Electrical Contractors Association (NECA), the designated representative for the employers of the collective bargaining agreement bound by the terms of the Plan and trust agreement, also acts as the third party administrator (TPA) for the Plan trustees.

8. RELATED PARTY TRANSACTIONS (continued)

The TPA charges a fee based on Plan assets as of the beginning of the Plan year. The Plan incurred TPA fees of \$33,398 and \$29,615 for administrative services provided for the years ended December 31, 2024 and 2023, respectively. Fees in the amounts of \$4,936 and \$2,835 were due to the TPA at December 31, 2024 and 2023, respectively.

Plan assets are invested primarily in funds managed by Principal Life Insurance Company (Principal), who also performs recordkeeping for the Plan. The Plan paid Principal fees of \$87,717 and \$77,944 for the years ended December 31, 2024 and 2023, respectively for distribution and other transaction processing.
