INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Participants
Diebold, Incorporated 401(k) Savings Plan
North Canton, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Diebold, Incorporated 401(k) Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2024 audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

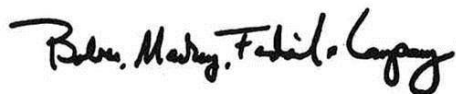

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

We have audited the 2023 financial statements, and in our report dated June 27, 2024, we expressed an unmodified opinion on those 2023 financial statements.

(1) Description of the Plan

The following brief description of the Diebold, Incorporated 401(k) Savings Plan (the Plan), as amended and restated effective as of January 1, 2015, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan was established as a defined contribution plan effective as of April 1, 1990 by Diebold Nixdorf, Incorporated (the Employer, the Company or Diebold Nixdorf). The Plan consists of two distinct components. The first component is the profit sharing portion, including cash or deferred arrangement, intended to be qualified under Section 401(k) of the Internal Revenue Code (IRC), which consists of all plan assets and funds. The second component of the Plan is the Employee Stock Ownership Plan (ESOP), which consists solely of all plan assets and funds invested in Diebold Nixdorf common shares. By establishing an ESOP within the Plan, the participants can receive any cash dividends from Diebold Nixdorf common shares directly, if desired, and the Employer can take a corresponding tax deduction. This component is no longer available as of December 31, 2023. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers substantially U.S. employees and eligible Diebold Nixdorf AG employees. The Plan does not cover certain categories of part-time, temporary and intern employees or employees covered by a collective bargaining agreement.

(b) Contributions

For the year ended December 31, 2024, the Plan allowed each participant to voluntarily contribute from one to 50 percent (in one percent increments) of pre-tax compensation. In addition, the Plan was formally amended on March 28, 2022 to allow participants to elect Roth contributions. Participant contributions are subject to Internal Revenue Service (IRS) limitations. The Plan provides for an automatic contribution election for eligible new participants at six percent. Participants that do not make an affirmative contribution election receive an annual notice explaining the automatic election and their right to modify the election. The Plan also allowed employees aged 50 and older to elect to make additional catch-up contributions subject to certain limitations of the IRS.

The Employer match is determined by the Employer's Board of Directors. As of the last day of each Plan year, the Employer calculates the amount of the Basic Matching Contribution that would be contributed on behalf of each participant for that Plan year if the Basic Matching Contribution were calculated and contributed on an annual basis rather than during each payroll period. The Employer contributes to the Trust Fund, as of the last day of the Plan year, any additional amount necessary to increase the Basic Matching Contribution for each participant to the amount of the Basic Matching Contribution as calculated on an annual basis. For the year ended December 31, 2024, the Company match for the Plan was 50 cents per dollar of pre-tax compensation not in excess of six percent of the voluntary participant contribution.

At the end of any Plan year, the Employer, at its discretion, may determine that an Additional Matching Contribution be made for the next succeeding Plan year. The amount of any Additional Matching Contribution shall be determined solely by action of the Employer's Board of Directors. There were no Additional Matching Contributions made on behalf of any plan participants in 2024.

(c) Participants' Accounts

Each participant directs his or her contributions, as well as any Employer matching contributions, into any of several investment funds within the Plan with a minimum investment in any fund of one percent. Participants' accounts are valued on a daily basis. The Plan utilizes cash equivalents to temporarily hold monies pending settlement for transactions initiated by a participant, contributions received not yet allocated or the value of any distributions payable from the trust.

(d) Vesting

The Employer's contributions and earnings are vested in accordance with the following schedule: less than three years service, zero percent; three or more years of service, 100 percent.

(e) Distribution of Benefits

Upon termination of service with the Employer or a participating affiliate, a participant may elect to receive his or her total vested account balance in a lump sum payment, defer receipt until his or her retirement date, or make a direct rollover to a qualified plan if such total account balance exceeds \$5,000. The Plan allows participants to elect to distribute any portion of their vested account balance if their account balance is greater than or equal to \$5,000. If the vested account balance does not exceed \$5,000, the participant may elect to receive his or her total account balance in a lump sum payment or make a direct rollover to a qualified plan. If the account balance is greater than \$1,000 and the participant does not elect one of the noted options, the Plan administrator (the Administrator) will pay the distribution in a direct rollover to the individual retirement annuity plan designated by the Administrator. If the account balance is \$1,000 or less and the participant does not make a distribution election, the funds are distributed in the form of a cash lump sum. The Administrator or its designee shall make such determination on a periodic basis, at least annually. A participant can leave funds in the account with required minimum distributions beginning at age 70 1/2. Accounts do not need to be distributed at retirement date.

(f) Notes Receivable - Participants

Loan transactions are treated as transfers between the various funds and the Loan Fund. Under the terms of the Plan, active participants of the Plan may borrow against their total account balance except for their balance in the Retiree Medical Funding Account. The minimum amount of any loan is \$1,000 and the maximum is \$50,000 or 50 percent of a participant's current vested balance, whichever is less. The loans are secured by the balance in the participant's account. Loan payments, which include principal and interest, are made through equal payroll deductions over the loan period of one to five years. The notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

A loan is considered to default on the last day of the cure period, which is the last day of the calendar quarter next following the calendar quarter in which payment is not made, if all amounts due and owing under the terms of the loan are not paid in full by such date. Upon default, the outstanding balance of the loan together with unpaid, accrued interest is deemed a lien against the total account maintained on behalf of the participant and no contributions or distributions of any kind may be thereafter made during default. In the event a payment is not made when due, the maturity date of the loan shall accelerate and the outstanding principal amount of the loan, together with all accrued interest, shall be deemed immediately due, and the Administrator deems the participant loan to be a taxable distribution.

(g) Withdrawals

A financial hardship provision is available, enabling a participant to withdraw an amount to cover an immediate financial need, if certain criteria are met.

(h) Expenses

All costs and expenses incident to the administration of the Plan are paid by the participants of the Plan.

(i) Forfeited Accounts

At December 31, 2024 and 2023, forfeited unvested accounts totaled \$402,010 and \$395,310, respectively. These accounts are used to reduce future employer contributions or administrative fees. The Employer used \$715,207 from the forfeited unvested accounts to offset contributions for the year ended December 31, 2024.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Administrator has evaluated subsequent events through the date the Plan financial statements are issued.

(b) Investment Valuation and Investment Income

The Plan's investments are stated at fair value as of the last business day of the Plan year. Shares of mutual funds are valued at quoted market prices. The Plan holds cash and cash equivalents at year-end as a result of pending transactions, which are valued at the net asset value (NAV) of shares held by the Plan. Investment contracts held by a defined contribution plan are required to be reported at fair value.

Realized and unrealized gains and losses derived from investment activities are allocated among the individual accounts in proportion to their respective balances immediately preceding the valuation date and included in net appreciation of investments. Realized gains and losses are calculated as the difference between the historical cost and the market value at either the end of the Plan year or when sold.

(c) Notes Receivable - Participants

Participant loans are classified as notes receivable - participants and are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Interest charged, which is based on the prime interest rate plus one percent as of the loan effective date, is determined by the Employer and ranged from 4.25 percent to 9.50 percent at December 31, 2024 and 2023.

(d) Benefit Payments

Benefits are recorded when paid. Also in the event a participant loan payment is not made when due, the Administrator deems the participant loan to be a taxable distribution. Consequently, the participant loan balance is reduced and a benefit payment is recorded.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

(f) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and, credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(g) Subsequent Events

The Plan has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

(3) Information Certified by the Trustee (unaudited)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by Bank of America, N.A. (the "Trustee") as of and for the year ended December 31, 2024 and furnished to the Plan Sponsor. The Plan Sponsor has obtained a certification from the Trustee that such information is complete and accurate.

	2024
Investments at fair value	\$ 561,031,624

Interest and dividend income	\$ 10,455,416
Interest income on notes from participants	\$ 636,912
Net appreciation of investments	\$ 64,276,290

(4) Fair Value Measurements

The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs, other than quoted prices in active markets, that are observable either directly or indirectly.

Level 3: Unobservable inputs for which there is little or no market data.

NAV: The fair value for these assets is determined based on the NAV as reported by the underlying investment managers. Investments that were measured at NAV per share are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Plan's total investments at fair value.

Investments measured at fair value on a recurring basis are as follows at December 31, 2024 and 2023:

	Fair Value Measurements Using			Fair Value at 2024
	Level 1	Level 2	NAV	
Cash and cash equivalents	\$ 97,806	\$ —	\$ —	\$ 97,806
Mutual funds	221,740,586	—	—	221,740,586

Total	<u>\$ 212,830,144</u>	<u>\$ 41,650,627</u>	<u>\$ 267,723,483</u>	<u>\$ 522,204,254</u>

DIEBOLD, INCORPORATED 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2024 and 2023

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets measured at fair value are as follows:

- Cash, cash equivalents and mutual funds are valued at the NAV of shares held by the Plan at year end as determined by the closing price reported on the active market on which the individual securities are traded.
- Common collective trusts are measured using the NAV per share practical expedient and are valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the trustee of the common collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value using the NAV per share practical expedient as follows:

	December 31, 2024	December 31, 2023	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Northern Trust S&P MCAP Tier 3	\$ 21,706,747	\$ 22,158,172	Not applicable	Daily	Trade Day +1
Small Cap Value Fund II R6	\$ 10,581,629	\$ 10,314,579	Not applicable	Daily	Trade Day +1
Large Cap Growth Fund IV R1	\$ 85,419,401	\$ 75,632,271	Not applicable	Daily	Trade Day +1
Vanguard Retirement Funds	\$ 180,509,520	\$ 159,618,461	Not applicable	Daily	Trade Day

During December 31, 2024 and 2023, there were no transfers between levels or changes in the methodologies used for assets measured at fair value.

(5) Tax Status

The Plan has received a determination letter from the IRS dated July 20, 2017, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Subsequent to this determination by the IRC, the Plan was amended. The Plan Administrator believes that the Plan, as amended, is qualified and the related trust is tax-exempt. The Plan Administrator will take steps to ensure that the Plan's operations remain in compliance with the Code, including taking appropriate action, when necessary, to bring the Plan's operations into compliance.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer reserves the right at any time, by action of its Board of Directors, to terminate the Plan or discontinue contributions thereto. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

(7) Party-In-Interest Transactions

The Pending Settlement Fund is designed to temporarily hold monies pending settlement for transactions initiated by the participant. The Merrill Lynch Bank Deposit Program is designed to temporarily hold monies related to
