The Plan Administrator
Millstone Medical Outsourcing, LLC 401(k) Retirement Plan
Fall River, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Millstone Medical Outsourcing, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Millstone Medical Outsourcing, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Millstone Medical Outsourcing, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Millstone Medical Outsourcing, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Millstone Medical Outsourcing, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Millstone Medical Outsourcing, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MILLSTONE MEDICAL OUTSOURCING, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Note 1 - Description of the Plan

The following description of the Millstone Medical Outsourcing, LLC 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 2008 to provide the employees of Millstone Medical Outsourcing, LLC (collectively “the Company”) a tax effective opportunity to save for their retirement. The Plan is a defined contribution plan covering all employees of the Company who have completed 90 days of service and are age nineteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes a savings plan established under the provisions of the Internal Revenue Code Section 401(k). Under the Plan, a certain amount of employee wages, as defined in the Plan, can be deferred as an employee contribution to the Plan. Effective October 19, 2021, the Plan was restated to meet certain IRS requirements. Effective October 1, 2022, the Plan was restated to include Mycoscience Labs, LLC and Biolyze LLC (d/b/a Ethide Laboratories), wholly owned entities of Millstone Medical Outsourcing, LLC, as participating employers.

Effective July 22, 2020, the Plan was amended to allow long-term part-time employees (“LTPT Employees”) to become eligible participants in the plan effective for the plan year beginning January 1, 2024. To be eligible as an LTPT Employee an employee must have completed at least 500 hours of service in each of the three consecutive prior years to such date and is at least age nineteen at completion of the third year. LTPT employees will become eligible to defer on the entry date provided for under the Plan on which they meet the requirements. For plan years beginning on or after January 1, 2025, the three year period is reduced to two.

Contributions - Participant contributions are made on a pretax basis through salary deferral agreements with the Company. Participants may defer a specific percentage of their eligible compensation, up to the maximum permitted by Internal Revenue Code Section 402(g). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified plans.

The Company contributes a safe harbor matching contribution for all eligible participants who have completed six months of service. The safe harbor match is equal to 100% of employee contributions that are not in excess of 3% of eligible compensation plus 50% of the amount of employee contributions that exceed 3% of eligible compensation but that do not exceed 5% of eligible compensation. For the year ended December 31, 2024, the Company made total safe harbor matching contributions amounting to \$683,921.

Participant Accounts - Participant accounts are credited with their voluntary salary deferral contributions, employer safe harbor matching contributions and an allocation of plan earnings and expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant’s vested account.

MILLSTONE MEDICAL OUTSOURCING, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Note 1 - Description of the Plan (Continued)

Vesting - Participants are immediately vested in their salary deferral contributions and employer safe harbor matching contributions, plus actual earnings thereon.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions and employer safe harbor matching contributions among mutual funds and a guaranteed contract. Participants may reallocate their investments or redirect new contributions at any time.

Notes Receivable from Participants - Hardship loans as defined are permitted under the Plan. With the approval of the plan administrator and subject to plan restrictions, participants may borrow an amount greater than \$1,000 but may not exceed the lesser of \$50,000 or 50% of their vested account balance. All notes are due over a maximum of five years and bear interest at 1% over the Prime Rate published in the Wall Street Journal. The notes receivable are secured by the participant's vested balance in the Plan and only one loan may be outstanding per participant at any time. Principal and interest are paid ratably through payroll deductions.

Benefits and Withdrawals - Upon retirement, disability or death, participants or beneficiaries are entitled to a distribution equal to the total value of the participant's vested account. Upon termination of service, a participant may elect to receive the value of their account in a lump-sum cash payment, a rollover distribution to an eligible retirement account or, if the balance is greater than \$7,000, elect to defer payment of benefits until a minimum distribution is required to be made. If the vested account balance is less than \$7,000 but greater than \$1,000, the account will be rolled over into an Individual Retirement Account unless an alternative distribution election is made by the participant. For vested balances less than \$1,000, the benefit payments are automatically made to the participant in the form of a lump sum payment unless an alternative distribution election is made by the participant. Withdrawals due to serious financial hardship are allowed to the extent permitted by federal regulations.

Administrative Expenses - Generally, the Company pays the administrative expenses relating to the Plan except those relating to investment management fees, quarterly fund expenses, loan origination fees and distribution fees which are paid by the Plan's participants. For the plan year ended December 31, 2024, administrative expenses amounted to \$93,551.

Plan Amendment and Termination - The Plan may be amended at any time by the plan sponsor, provided that no such amendment may deprive participants of their vested benefits. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain one hundred percent vested in their accounts and the assets would be distributed to participants in accordance with the terms set forth in the Plan.

MILLSTONE MEDICAL OUTSOURCING, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements have been prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles. Benefit payments are accounted for at the time of payment.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period, and disclosures of contingent assets and liabilities, if applicable, at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are recorded at fair value in these financial statements, except for a fully benefit responsive investment contract, which is reported at contract value. Fair value is measured in accordance with U.S. generally accepted accounting principles, as more fully described in Note 3. The net appreciation (depreciation) in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

In accordance with U.S. generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at contract value if the investment contract is deemed fully benefit responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Key Guaranteed Portfolio Fund, which is a benefit-responsive group annuity contract, is stated at contract value. Benefit payments are made at contract value (no termination or surrender charges) for plan benefit events and investment transfers initiated by plan participants. Thus, this contract is considered benefit responsive. The Key Guaranteed Portfolio Fund in which the Contract participates is a guaranteed fund with quarterly fixed interest rates with an average crediting rate of 1.41% and 1.23% for the years 2024 and 2023, respectively. The Key Guaranteed Portfolio Fund is offered under a group annuity contract and is backed by the assets of the general account of Empower Annuity Insurance Company of America.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The date to which events occurring after December 31, 2024 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Fair value is defined under U.S. generally accepted accounting principles as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value under U.S. generally accepted accounting principles must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The fair value hierarchy is based on three levels of inputs as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

Following is a description of the Plan's valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual Funds - These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund and calculated at the close of business on the NYSE. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the valuation hierarchy.

The following table presents the financial instruments carried at fair value, by the valuation hierarchy (as previously described) as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
<u>Level 1</u>		
Mutual funds, at fair value	\$ <u>15,068,355</u>	\$ <u>12,727,402</u>

MILLSTONE MEDICAL OUTSOURCING, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Note 4 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, at fair value, and fully benefit-responsive investment contract, at contract value held at December 31, 2024 and 2023, and realized and unrealized gains and losses, net, and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America, an insurance carrier, and Empower Trust Company, LLC, the custodian of the Plan.

Note 5 - Guaranteed Income Fund

The Plan holds a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America (“Empower”) that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

The contract is included in the financial statements at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023 amounted to \$626,483 and \$643,385, respectively. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent. The interest crediting rate is reset quarterly and is guaranteed for a three-month period.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan’s ability to transact at contract value with the issuer. Examples of circumstances which would allow the issuer to terminate the contract include the Plan’s loss of its qualified tax status or material and adverse changes to the provisions of the Plan. If either of these events were to occur, the issuer could terminate the contract at amounts less than contract value or require a twelve-month termination period. The plan administrator believes that the occurrence of such events that would limit the Plan’s ability to transact at contract value with plan participants is not probable.

MILLSTONE MEDICAL OUTSOURCING, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2024

Note 6 - Related Party Transactions

Plan investments, including a guaranteed contract, are managed by Empower. Investment management services are provided to the Plan by Advised Asset Group, a wholly owned subsidiary of Empower Retirement Advisory Services. These transactions qualify as party in interest transactions. Distribution-related administrative fees in the amount of \$5,900 were charged by Empower to participant accounts during the plan year ended December 31, 2024. Fund expenses in the amount of \$51,587 were charged by Empower Retirement Advisory Services to participant accounts during the plan year ended December 31, 2024. In addition, during the year ended December 31, 2024, fiduciary advisor fees in the amount of \$36,064 were paid to Gallagher Benefit Services, Inc. The plan sponsor elects to pay certain other administrative expenses of the Plan.

Note 7 - Notes Receivable from Participants

As of December 31, 2024, notes receivable from participants bear interest at rates ranging from 4.25% to 9.50% and mature at various dates through December 2029. As of December 31, 2023, notes receivable from participants bear interest at rates ranging from 4.25% to 9.00% and mature at various dates through May 2028.

Note 8 - Income Tax Status

The Plan operates under an Empower Trust Company, LLC Defined Contribution Pre-Approved Plan. This plan document being utilized obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified as of December 31, 2024. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In determining the recognition of uncertain tax positions, the Plan applies a more-likely-than-not recognition threshold and determines the measurement of uncertain tax positions considering the amounts and probabilities of the outcomes that could be realized upon ultimate settlement with taxing authorities. As of December 31, 2024, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is generally subject to potential examination by taxing jurisdictions for the prior three years. Currently, there are no audits in progress for any tax periods.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
