INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Cedar Crest, Inc.
Plan Administrator for Cedar Crest 403(b) Plan
Janesville, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cedar Crest 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cedar Crest 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cedar Crest 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cedar Crest 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cedar Crest 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cedar Crest 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The initial effective date of the Plan was July 1, 1989.

General

The Plan is a defined contribution profit sharing plan with elective deferral 403(b) features covering all employees. Employees are eligible to participate for purposes of elective deferrals upon hire. To be eligible for purposes of discretionary employer contributions, employees must normally work more than 20 hours per week, complete one year of service, and attain age 21. Participants meeting eligibility requirements may enter the Plan on the first day of the Plan year or the first date of the seventh month following the date in which the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Board of Directors oversees governance of the Plan. The Plan's Finance Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

The Plan's federal identification number is 39-1025444, and the Plan's number is 001.

Contributions

Each year, participants may contribute up to 100% of pre-tax and post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Amounts may be contributed at the discretion of the employer and are allocated based on a percentage of compensation for eligible participants during the Plan year. The participant must normally work more than 20 hours per week, complete 1,000 hours of service during the Plan year, and be employed by the employer on the last day of the Plan year to be eligible for discretionary contributions. The employer made discretionary contributions of 3% of eligible compensation of participants for the year ended December 31, 2024. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Contributions Receivable

Contributions receivable are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the Plan's historical losses, existing economic conditions, and the financial stability of the employer.

Participant accounts and “rollovers”

Each participant’s account is credited with the participant’s contribution and allocations of (a) the employer’s discretionary contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances, as defined, and allocations of employer contributions are based on participant compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan permits the rollover of funds from other qualified plans to a participant’s account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested ratably after 5 years of credited service. Participants who leave the Plan because of death or disability, as defined in the Plan, are considered 100% vested in all amounts.

Forfeited accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$7,920 and \$25,964, respectively. These accounts will be used to reduce future employer contributions for the plan year in which the forfeiture occurs. The 2024 employer contributions were reduced by \$7,920 from forfeited non-vested accounts.

Participant loans

Participants may not borrow from their fund accounts.

Benefits

On termination of service due to death, disability, or retirement (age 65), a participant may elect a lump-sum payment in an amount equal to the value of the participant’s vested interest in his or her account or may elect to have their vested account balance used to purchase an annuity under the terms of the Plan. The Plan permits in-service distributions at age 59½, the minimum amount of which is \$100. A participant with an account valued at less than \$5,000 must elect to receive a lump sum distribution or to rollover the distribution to another qualified plan. For accounts greater than \$5,000, the participant may elect at any date subsequent to their termination to receive a lump-sum distribution, to rollover the distribution to another qualified plan, or take installment payments with respect to lifetime minimum required distributions.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The employer pays some of the administrative expenses of the Plan which are excluded from these financial statements. The major administrative expenses are payroll and professional fees.

Subsequent Events

These financial statements have not been updated for subsequent events occurring after October 8, 2025, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by the asset custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and interest, dividends, and net appreciation for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Johnson Bank, the asset custodian of the Plan.

NOTE C -- Fair value measurements

The Plan's investments in money market funds and registered investment companies are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

| | <u>Fair value</u> | <u>Fair value measurements at reporting date using:</u> | | |
|---------------------------------|---------------------|---|--|--|
| | | <u>Quoted prices in active markets for identical assets (Level 1)</u> | <u>Significant observable inputs (Level 2)</u> | <u>Significant unobservable inputs (Level 3)</u> |

| Total | <u>\$ 4,608,379</u> | <u>\$ 4,608,379</u> | <u>\$ 0</u> | <u>\$ 0</u> |

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE C -- Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Money market fund. Valued based on quoted net asset values of the shares held by the Plan at year-end.
- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

NOTE D -- Party-in-interest transactions

Certain Plan investments are managed by Johnson Bank. Johnson Bank is the asset custodian of the Plan, and therefore, these transactions qualify as party in interest transactions.

Johnson Bank provides certain administrative services to the Plan pursuant to an agreement between Cedar Crest (Plan Sponsor) and Johnson Bank. Johnson Bank receives revenue from mutual fund service providers for services Johnson Bank provides to the funds. This revenue is used to offset certain amounts owed to Johnson Bank for its administrative services to the Plan.

If the revenue received by Johnson Bank from such mutual fund service providers exceeds the amount owed, Johnson Bank remits the excess to the Plan on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. There were no excess amounts during 2024. The Plan or Plan Sponsor may make a payment to Johnson Bank for administrative expenses not covered by revenue sharing.

NOTE E -- Tax status

The AT Retirement Services, LLC Volume Submitter 403(b) Plan that the Plan has adopted effective July 1, 2023, obtained its latest opinion letter on August 1, 2019, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 403(b) of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and was tax-exempt as of the financial statement date.

NOTE F -- Plan termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H -- Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to Form 5500:

| | 2024 | 2023 |
|--|--------------|--------------|
| Net assets available for benefits per the financial statements | \$ 5,528,415 | \$ 4,732,583 |
| Employer contributions receivable | (167,367) | (131,654) |
| Administrative expenses payable | 8,226 | 7,450 |
| Net assets available for benefits per the Form 5500 | \$ 5,369,274 | \$ 4,608,379 |

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2024, to Form 5500:

| | |
|---|------------|
| Changes in net assets available for benefits per the financial statements | \$ 795,832 |
| Change in employer contributions receivable | (35,713) |
| Change in administrative expenses payable | 776 |
| Net income per the Form 5500 | \$ 760,895 |

NOTE I -- Plan amendment

Effective July 1, 2023, the Plan was restated to include amendments to allow employees who normally work less than 20 hours per week to participate in the plan for elective deferral purposes, allow Roth contributions, and allow in-plan Roth conversions.

Effective January 10, 2024, the Plan was amended to allow terminated participants with account balances greater than \$5,000 to take installment payments, with respect to lifetime minimum required distributions, over a period of not more than their assumed life expectancy.
