INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Hudson Food Stores Inc. 401K Plan
Chiefland, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Hudson Food Stores Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by Human Interest Inc. that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from Matrix Trust Company as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hudson Food Stores Inc. 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hudson Food Stores Inc. 401K Plan's ability to continue as a going concern for one year.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hudson Food Stores Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hudson Food Stores Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4a – Schedule of Delinquent Participant Contributions and Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of the year ended December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2024

1. Description of Plan

The following description of the Hudson Food Stores, Inc. ("Company") Hudson Food Stores, Inc. 401K Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Company established the plan effective January 1, 2024 to provide retirement benefits for its eligible employees. The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and are age twenty-one or older. The Company's management serves as administrator and the Plan's trustee is Human Interest Inc. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions – Participants may contribute up to 90% of eligible compensation as pre-tax elective deferrals and up to 50% of compensation as Roth elective deferrals, subject to IRS annual limits.

Automatic enrollment – Unless otherwise elected, eligible employees are automatically enrolled at a deferral rate of 3% of compensation, which increases by 1% annually up to 10%.

Employer contributions – Effective October 3, 2024, the Company makes a matching contribution equal to 100% of each participant's elective deferrals, including catch-up contributions, up to 3% of eligible compensation. Matching contributions are allocated to participants' accounts as soon as administratively feasible after each payroll period. The Company may also make discretionary profit-sharing contributions, as permitted under the Plan. Contributions are subject to applicable Internal Revenue Code limitations, including restrictions on highly compensated employees.

Participant Account

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Hudson Food Stores, Inc. 401K Plan

Notes to the Financial Statements

December 31, 2024

Principal and interest are paid ratably through monthly payroll deductions. Interest from loans is recognized when earned.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive an amount equal to the value of the participant's vested interest in his or her account.

Participants entitled to distributions may elect to receive their distribution in the form of annuities or a single sum payment if their vested account at any time exceeded \$5,000. Participants entitled to benefits whose vested accounts never exceeded \$5,000 are to receive their distribution as a lump sum.

Forfeited Accounts

Under the Plan, employer contributions are subject to vesting. Forfeitures occur when a participant terminates employment before becoming fully vested in the employer contributions. At December 31, 2024, the Plan's forfeiture account balance totaled \$0. The forfeiture balances are used to reduce future employer contributions and pay Plan expenses in accordance with the Plan provisions. During 2024, the Company did not apply any forfeitures to offset employer contributions. Management reviews the forfeiture balances periodically to ensure they are properly applied and recorded in accordance with the Plan terms and generally accepted accounting principles.

Investment Options

Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Company contributions. Participants may direct the investment of their accounts among the Plan's available investment options in accordance with rules established by the Plan Administrator. The Plan is intended to comply with Section 404(c) of ERISA, under which Plan fiduciaries may be relieved of liability for losses resulting from participants' investment decisions. Beneficiaries may also direct investments of accounts inherited from participants, subject to applicable law.

Administrative Expenses

Administrative expenses, except for certain custodial expense of the Plan, are paid by the Company or paid by forfeiture credit, other expenses are paid directly by the Plan. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through October 3, 2025, which is the date the financial statements were available to be issued.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts

Hudson Food Stores, Inc. 401K Plan
Notes to the Financial Statements
December 31, 2024

of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant and employer contributions are recorded in the period when payroll deductions are made or when the employer contributions are accrued, as applicable.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Internal Revenue Services has determined and informed the Plan by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax, which, if incurred, would be recognized as current expense. No such tax has been recognized as of December 31, 2024.

The federal annual returns of the Plan for 2023 through 2021 are subject to examination by the IRS, generally three years after they were filed.

Notes to the Financial Statements

3. Investments

The following table presents fair value of investments measured on a recurring basis at December 31, 2024:

Mutual funds	\$ 362,136
	<u>\$ 362,136</u>

During 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,396,143 as follows:

Mutual funds	\$ (7,294)
	<u>\$ (7,294)</u>

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value using Net Asset Value (NAV) per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan uses the NAV to determine the fair value of pooled separate accounts funds which: (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with measurement principles of an investment company or have the attributes of an investment company.

	<u>Fair Value at Reporting Date Using</u>			
<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Un-Observable Inputs (Level 3)</u>

Hudson Food Stores, Inc. 401K Plan
Notes to the Financial Statements
December 31, 2024

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

5. Related Party Transactions

Human Interest Inc. is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$101 for the year ended December 31, 2024. The party-in-interest transactions are exempt from the prohibited transaction rule of ERISA.

The Company provided certain account, administrative, and investment management services to the Plan for which no fees are charged. Any other administrative fees will be paid by the Company on behalf of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Information Certified by the Plan's Custodian

The investments included in the statements of net assets available for benefits as of December 31, 2024, and the net appreciation in fair value of investments, interest and dividends included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 have been derived from information certified as complete and accurate by Fidelity Management Trust Company, trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The trustees of the Plan hold the Plan's investment assets and executes investment transactions. Financial information related to those assets is included in the accompanying financial statements and supplemental schedule, and such information has been derived from reports prepared and certified by the trustees.

Hudson Food Stores, Inc. 401K Plan
Notes to the Financial Statements
December 31, 2024

Information provided by the trustees, which has not been audited by independent accountants, is summarized below:

Assets:	
Cash	\$ 461
Investments	362,136
Notes receivable from participants	18,075
Net assets available for benefits	<u>\$ 380,672</u>
	Year ended
	<u>2024</u>
Investment Income (loss)	\$ (3,645)
Contributions	62,061
	<u>58,416</u>
Benefits paid to participants	444
Administrative expense	100
	<u>544</u>
	<u>\$ 57,872</u>

Any difference between the foregoing information and information included in the financial statements and supplemental schedule result primarily from financial statement accruals, and classification differences.

8. Prohibited Transactions

Certain participant contributions and loan repayments were not remitted to the Plan within the time frame specified by the Department of Labor's regulations. Such delays constitute prohibited transactions under ERISA. During October 2024, participant contributions totaling approximately \$491 were remitted late. The Company subsequently deposited the delinquent contributions, together with lost earnings of approximately \$1, into the Plan. The Company corrected these transactions in accordance with the Department of Labor's Voluntary Fiduciary Correction Program. Management believes these transactions are not material to the financial statements.

9. Risks and Uncertainties

Investments Securities

The Plan provides for various investment options in any combination of pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Hudson Food Stores, Inc. 401K Plan
Notes to the Financial Statements
December 31, 2024

10. Contingencies

ERISA requires that the Plan maintain continuous coverage under a fidelity bond, equal to the lesser of 10% of the funds handled or \$500,000. The Plan bond had sufficient coverage in place during the year, thus fulfilling ERISA's requirements.
