INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
Benson Hill Holdings, Inc Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Benson Hill Holdings, Inc Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at year end and delinquent participant contributions as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN:

The following description of the Benson Hill Holdings, Inc Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Benson Hill Holdings, Inc (the "Plan Sponsor") and ZFS Creston, LLC (collectively, the "Company"). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2023, the Plan was amended to include Dakota Dry Bean Incorporated as a participating employer.

Eligibility. Participants become eligible to participate in the Plan upon reaching eighteen years of age.

Contributions. Each year, participants may contribute up to 100% of pretax annual compensation to the maximum contribution allowed by Internal Revenue Service ("IRS") regulations as defined in the Plan. The Plan permits participants over the age of 50 to make additional contributions, known as catch-up contributions, to the maximum amount allowed by IRS regulations as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows participants to make Roth contributions to the Plan on an after-tax basis.

The Plan Sponsor elected to make a safe harbor discretionary matching contribution of 100% of the 3% of eligible compensation, that a participant contributed to the Plan, plus 50% of the next 2% contributed by the participant for a maximum 4% match on employee contributions of 5%. For the plan years ended December 31, 2024 and 2023, the Company made true-up contributions of \$61,152 and \$38,523, respectively. These amounts were funded subsequent to their respective year ends, and thus, are recorded as receivables at December 31, 2024 and 2023. The Company may also make additional discretionary contributions but did not elect to do so for the years ended December 31, 2024 and 2023.

Investment Options. Upon enrollment in the Plan, a participant directs the investment of his or her contributions and Plan Sponsor contributions into available investment choices. The Plan currently offers a series of varied risk mutual funds, common collective trusts, and a group annuity contract.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts. Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of any additional discretionary Company safe harbor matching contributions, and Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

Vesting. Participants are fully and immediately vested in their individual and rollover contributions and the Company's safe harbor discretionary matching contributions, plus actual earnings thereon. Vesting in the Company's matching contributions and additional discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 25% vested after one year of service and vests an additional 25% per year thereafter up to 100% vested after 4 years of credited service. Regardless of the vesting schedule, a participant will become fully vested upon retirement, death, or disability.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to (i) the lesser of \$50,000 reduced by the highest outstanding balance of any prior loans from the plan during the prior one-year period, or (ii) 50 percent of their vested account balance. Participants may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 2%, as defined. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts. Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. The nonvested portion of terminated participants' account balances is used to offset various administrative and professional expenses and reduce future employer contributions. During the years ended December 31, 2024 and 2023, \$60,043 and \$3,864, respectively, of forfeitures were used to offset Plan expenses. As of December 31, 2024 and 2023, \$24,010 and \$42,010, respectively, of forfeited nonvested accounts were available to offset future Plan expenses or employer contributions.

Payment of Benefits. The Plan's normal form of payment is a lump sum, payable upon termination of service due to death, disability, or retirement to the participant, or the participant's beneficiary in the event of death. In-service withdrawals are allowed upon the attainment of age 59½. In addition, participants may receive distributions under circumstances of financial hardship, as defined in the Plan agreement. Participants who have been terminated and have account balances less than \$5,000 will receive a lump-sum distribution.

Administrative Expenses. Administrative expenses of the Plan are paid by the Plan or Plan Sponsor as provided in the Plan Document.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Investment Valuation and Income Recognition. The Plan's mutual funds and common collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan's group annuity contract is valued at contract value. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. See Note 5 for further discussion.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefit payments to participants are recorded when paid.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Income Taxes. The IRS has determined and informed the Plan Sponsor by a letter dated November 14, 2022, that the volume submitter profit sharing plan with a cash or deferred arrangement ("CODA") is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and third-party administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is a qualified plan as described in Section 401(a) of the IRC and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's mission would be subject to tax which, if incurred, would be recognized as a current expense. No such tax has been recognized for the years ended December 31, 2024 and 2023.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan files annual returns in the U.S. federal jurisdiction. The statute of limitations for returns filed within this jurisdiction is generally three years after the return is due or filed, whichever is later. As of December 31, 2024, the Plan's annual returns for their 2021 through 2023 tax years remain subject to examination by tax authorities.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the Custodians.

4. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements:

Fair values are based on inputs other than quoted prices included within Level 1 that are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: These funds are valued at the NAV per share of the individual collective trusts included in each respective fund, which is based on the fair value of the underlying net assets. The NAV, as provided by the Custodians, is used as a practical expedient to estimate fair value.

Investments measured at the NAV practical expedient are summarized as follows:

	<u>2024</u> <u>Value</u>	<u>2023</u> <u>Value</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common collective trusts:				
Lifecycle	\$ <u>8,680,819</u>	\$ <u>-</u>	Daily	None

There were no unfunded commitments for these investments as of December 31, 2024 and 2023.

The investment objectives for the registered investments measured using the NAV are as follows:

Lifecycle: To invest in a diversified asset allocation which adjusts over time to be more conservative as retirement nears.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Fair Value Measurements Using:

	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2024:</u>				
Mutual funds	\$ 8,615,295	\$ 8,615,295	\$	\$
Total investments measured at the NAV as a practical expedient*	<u>8,680,819</u>	<u> </u>	<u> </u>	<u> </u>
Total	<u>\$ 17,296,114</u>	<u>\$ 8,615,295</u>	<u>\$ 0</u>	<u>\$ 0</u>
<u>December 31, 2023:</u>				
Mutual funds	<u>\$ 15,605,621</u>	<u>\$ 15,605,621</u>	<u>\$ 0</u>	<u>\$ 0</u>

* Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

Gains and losses (realized and unrealized) included in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation in fair value of investments.

5. GROUP ANNUITY CONTRACT:

The Plan has a group annuity contract with Empower Annuity Insurance Company of America, one of the Custodians, that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium to long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The contract is included in the accompanying financial statements at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield earned by the fund for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average was 1.41% for 2024 and 1.23% for 2023.

The actual average yield earned by the Plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates. That average was 1.41% for 2024 and 1.23% for 2023.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

6. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the Custodians as defined by the Plan. Therefore, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, are considered parties-in-interest.

Fees were paid during the year for administrative, recordkeeping, and other professional services to parties-in-interest and were based on customary and reasonable rates for such services. Fees for such services amounted to \$98,835 and \$41,220 for the years ended December 31, 2024 and 2023, respectively. The Plan Sponsor provides certain accounting and administrative services to the Plan for which no fees are charged. The Plan Sponsor pays any other fees related to the Plan's operations.

Certain participants of the Plan have outstanding loans (notes receivable from participants) totaling \$67,359 and \$109,344 as of December 31, 2024 and 2023, respectively. These loans are considered party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

8. NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS:

During the year ended December 31, 2022, the Company reported unintentional delays by the Company in remitting contributions to the Custodians in the amount of \$115,104. These delinquent contributions constitute prohibited transactions. The Company calculated lost earnings to be remitted to the affected participants' accounts and these corrective contribution amounts were authorized to be funded to the Plan on August 31, 2023.

During the year ended December 31, 2024, the Company reported unintentional delays by the Company in remitting contributions to the Custodians in the amount of \$1,793. These delinquent contributions constitute prohibited transactions. The Company calculated lost earnings to be remitted to the affected participants' accounts and these corrective contribution amounts were authorized to be funded to the Plan on December 27, 2024.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through October 8, 2025, the date which the financial statements were available to be issued. No significant subsequent events have been identified by management, other than those noted below.

BENSON HILL HOLDINGS, INC RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

On February 12, 2025, the Company sold its subsidiary, Dakota Dry Bean Inc., to a third party. As of December 31, 2024, \$500,054 of Plan assets were attributable to Dakota Dry Bean Inc.

On March 20, 2025, the Company declared bankruptcy and was later acquired, along with the Plan, by Confluence Genetics, LLC.

On May 24, 2025, the Plan was formally amended to, among other things, change the plan name to Confluence Genetics, LLC Retirement Savings Plan and change the plan sponsor to Confluence Genetics, LLC.
