## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of  
the Chase Brexton Health Services, Inc. 403(b) Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Chase Brexton Health Services, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chase Brexton Health Services, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company), Lincoln National Life Insurance Company and Massachusetts Mutual Life Insurance Company and C.M. Life Insurance Company (collectively "MassMutual"), qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chase Brexton Health Services, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chase Brexton Health Services, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chase Brexton Health Services, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chase Brexton Health Services, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at Year End) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

---

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

---

#### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Investment Valuation and Income Recognition***

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is also provided using the net asset value practical expedient. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### ***Payment of Benefits***

Benefits are recorded when paid.

#### ***Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

---

#### *Contributions*

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation and on compensation paid during the year.

### NOTE 2 DESCRIPTION OF PLAN

---

The following description of the Chase Brexton Health Services, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### *General*

The Plan is a 403(b) tax sheltered annuity plan, which was established on January 1, 1999 and covers all employees of Chase Brexton Health Services, Inc. (the "Company" or "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### *Participation and Eligibility*

Under the provisions of the Plan, employees are eligible to participate once they satisfy the Plan's eligibility conditions described in the Plan's agreement and are not an excluded employee. There is no minimum age or service requirement to become a participant in the Plan. Employees may begin participating in the Plan as of the first payroll period following their date of hire. New participants will be automatically enrolled at 1% unless they elect to not participate in the Plan or elect to defer a different percentage or amount. Eligible employees receive the employer match contribution once they have completed two years of service. Once they have completed 1,000 hours of service, they are credited with a year of service.

#### *Contributions*

Participants may elect to defer a portion of their annual eligible compensation on a pre-tax or Roth basis up to the maximum amount allowed under IRS regulations. Participants who have attained age 50 before the end of the year may make an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a matching contribution to participants who have completed two years of service. Prior to January 1, 2024, the Company matched 100% up to 5% of the participant's plan compensation, however will only match employee contributions if the participant's elective deferral percentage was at least 3% of their compensation. Effective January 1, 2024, the Company contributes a matching contribution equal to 100% of the participant's elective deferrals up to 5% of eligible compensation, as defined by the Plan. The Company's matching contribution was \$1,009,114 for the year ended December 31, 2024. Both participant and employer contributions are subject to limitations under applicable provisions of the Internal Revenue Service (IRS).

### NOTE 2 DESCRIPTION OF PLAN (CONTINUED)

---

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and the Company's matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are immediately vested in their contributions and Company contributions plus actual earnings on the contributions.

#### *Notes Receivable from Participants*

Participants may borrow from their fund accounts maintained by Principal Trust Company (Principal) and Lincoln National Life Insurance Company (Lincoln) a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed 5 years except for loans for the purchase of a principal residence. The loans are secured by the balance in the participant's account. The loan interest, determined quarterly, is set at 1 percent above the USA Today published prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions for all loans that are withdrawn from the participant's account with Principal. For loans withdrawn from the participant's account with Lincoln, principal and interest are paid ratably through payments that are sent directly from the participant to the custodian.

#### *Participant Loans Issued by the Insurance Company*

Participants may borrow directly from MassMutual a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their contract value at MassMutual. Under no circumstances can the loan exceed the contract withdrawal value on the date the loan is established, reduced by any contract loans and applicable security. Loan terms may not exceed 5 years except for loans for the purchase of a principal residence. The loans are secured by the contract. The contract must be assigned to MassMutual as security for the loan. An amount equal to the loan must be in the guaranteed principal account or the loan secured fixed account. The loan interest rate for the duration of the loan is a fixed annual rate based on the Moody's Corporate Bond Yield monthly average for the calendar month two months prior to the date the loan rate is declared, but not less than 5%. Principal and interest is paid monthly to MassMutual directly from the participant. The outstanding balances of participant loans issued by MassMutual at December 31, 2024 and 2023 totaled \$1,214 and \$1,160, respectively.

Loans issued by MassMutual are not reported as notes receivable from participants since the plan trust does not issue the loans.

### NOTE 2 DESCRIPTION OF PLAN (CONTINUED)

---

#### *Payment of Benefits*

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the vested balance of their account, or annual installments over the life expectancy of the participant. Effective January 1, 2024, the threshold increased from \$5,000 to \$7,000 for mandatory distributions. Distributions of vested account balances of less than \$7,000, but greater than \$1,000 that meet the provisions for a mandatory distribution will be paid as a direct rollover into an individual retirement account designated by the Plan Administrator if the participant does not elect the distribution method. Distributions of a vested account balance less than \$1,000 that meet the provisions for a mandatory distribution will automatically be paid directly to the participant if the participant does not elect the distribution method. In addition, hardship and in-service distributions are permitted if certain criteria are met.

#### *Hardship Distributions*

Participants may withdraw money from the account in the event of financial hardship if they meet the conditions stated in the plan agreement. The distribution is not in addition to the participants' other benefits and will therefore reduce the value of the benefits they receive at retirement.

#### *Forfeited Accounts*

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0. These accounts are used to reduce future employer contributions or pay plan expenses. During 2024, no forfeitures were used to reduce employer contributions or to pay plan expenses.

### NOTE 3 CONCENTRATIONS OF INVESTMENTS

### NOTE 4 INFORMATION CERTIFIED BY CUSTODIANS

---

Plan assets are invested in group deferred variable annuity products sold by Lincoln National Life Insurance Company (Lincoln) and Massachusetts Mutual Life Insurance Company and C.M. Life Insurance Company (collectively “MassMutual”). These variable annuity contracts offer investment options comprised of fixed accounts and separate accounts, with participants directing their contributions into a variety of investment vehicles offered by the Plan. Plan assets are also invested in mutual funds and a fixed income guarantee option with Principal Trust Company (Principal).

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians previously described.

### NOTE 5 FAIR VALUE MEASUREMENTS

---

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

# CHASE BREXTON HEALTH SERVICES, INC. 403(b) PLAN

## Notes to Financial Statements

---

### NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

---

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

#### ***Mutual Funds***

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

#### ***Variable Annuity Contracts - Fixed Accounts***

Valued at fair value which approximates contract value. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. These annuity accounts are not available for sale or transfer on any securities exchange.

#### ***Variable Annuity Contracts - Separate Accounts***

Valued at the net asset value (NAV) of the underlying mutual funds on the last day of the plan year. The net asset value of the fund is based on the market value of its underlying investment but is not a publicly quoted price in an active market.

### NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

#### *Changes in Fair Value of Level 3 Assets and Related Gains and Losses*

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2024.

	<b>Lincoln Alliance</b>	<b>MassMutual</b>
	<b>Fixed Accounts</b>	<b>Fixed Accounts</b>
Balance, Beginning of Year	\$ 10,397	\$ 221,982

#### *Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements*

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2024 and 2023, and the significant unobservable inputs and the ranges of value for those inputs.

### NOTE 6 PRINCIPAL FIXED INCOME GUARANTEED OPTION

The Plan maintains a fully benefit-responsive guaranteed investment contract with Principal totaling \$623,506 and \$661,067 as of December 31, 2024 and 2023, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. Such interest rates are reviewed on a monthly or quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

### **Notes to Financial Statements**

---

#### **NOTE 6 PRINCIPAL FIXED INCOME GUARANTEED OPTION (CONTINUED)**

---

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

#### **NOTE 7 RELATED-PARTY TRANSACTIONS AND PARTIES IN INTEREST TRANSACTIONS**

---

Certain Plan investments are managed by Principal, Lincoln National Life Insurance Company and MassMutual, the custodians as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment rather than a direct payment. The Plan made direct payments to Principal of \$140,354, Lincoln National Life Insurance Company of \$300 and MassMutual of \$59. The Company pays directly any other fees related to the Plan's operations.

#### **NOTE 8 PLAN TERMINATION**

---

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### NOTE 9 TAX STATUS

---

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for the plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions, generally for a period of three years after the returns are filed; however, there are currently no audits for any tax periods in progress.

### NOTE 10 RISKS AND UNCERTAINTIES

---

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

### NOTE 11 RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

---

The following is a reconciliation of net assets available for benefits listed on the Form 5500 to the financial statements.

	2024	2023
Net Assets Available for Plan Benefits, per Form 5500	\$ 28,171,299	\$ 22,925,283
Add: Defaulted loans deemed distributed for Form 5500 purposes only	31,572	30,205
Net Assets Available for Plan Benefits, per Financial Statements	<u>\$ 28,202,871</u>	<u>\$ 22,955,488</u>

The following is a reconciliation of the net gain on the Form 5500 to the net increase in net assets available for plan benefits on the financial statements.

	2024
Net Income, per Form 5500	\$ 5,246,016
Add: Current year accrued interest on deemed distributions	1,367
Net Increase, per Financial Statements	<u>\$ 5,247,383</u>

### NOTE 12 SUBSEQUENT EVENTS

---

The Plan administrator has evaluated events and transactions subsequent to December 31, 2024 through September 27, 2025 the date these financial statements were available to be issued. Based on the definitions and requirements of generally accepted accounting principles, management has not identified any events that occurred subsequent to December 31, 2024 and through September 27, 2025 that require recognition or disclosure in the financial statements.
