REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
KPM Analytics, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of KPM Analytics, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2024, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of matter - Basis of accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2024, and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the KPM Analytics 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of KPM Analytics, Inc., KPM Analytics, North America Corporation, and Smart Vision Works, Inc. The Plan Sponsor is KPM Analytics, Inc. (“Plan Sponsor” or the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees of the Company aged 21 and over are eligible for plan participation effective upon one completed month of service after the employee’s employment commencement date.

The following employees are not eligible to participate in the Plan:

- Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless the collective bargaining agreement provides otherwise.
- Certain nonresident aliens who have no earned income from sources within the United States.
- Part-time employees whose regularly scheduled service is less than 1,000 hours of service per computation period.
- Leased employees.
- Reclassified employees.

Vesting

Participants are fully vested in their accounts.

Contributions

Each eligible participant may authorize the Plan Sponsor to contribute a percentage of eligible compensation into the Plan, through a reduction in salary or wages, up to Internal Revenue Code (“IRC”) limits. Contributions made by “highly compensated” employees may be restricted to satisfy IRC discrimination rules. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Rollover contributions from other retirement plans, and IRA accounts, meeting the requirements of Section 401(a) of the Code are accepted by the Plan.

Under the Plan, the Company contributes 3% of the eligible participant’s compensation. In addition, the Company may make a discretionary matching contribution. This discretionary additional matching contribution will not apply as to elective deferrals exceeding 6% of a participant’s compensation. The Company did not make a discretionary matching contribution during 2024.

Participants may elect to invest their account balances in any combination of mutual funds, a collective trust fund, and a guaranteed interest account managed by the custodian of the Plan.

KPM Analytics, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

Participant Accounts

Each participant account is credited with (a) their voluntary salary deferral, (b) the employer's contributions, and (c) plan earnings and expenses thereon. Participant accounts are also charged administrative expenses based on specific participant transactions entered into by the participants. Notes receivable from participants are credited to a separate account of the borrowing participant and all interest and note repayments are credited to such participant's account. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Subject to Plan restrictions, a participant may borrow an amount greater than \$1,000, but may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. The notes receivable are secured by the participant's vested interest in the Plan. Repayment terms range from one to five years except for notes relating to the purchase of a principal residence which may be up to 10 years. Notes bear interest at the prime rate (as published in the Wall Street Journal on the day the note is initiated) plus 1%. Interest on the note continues to accrue until the note's balance has been paid in full or has been offset against a benefit payment. Repayment is made ratably through payroll deductions. Participants may not have more than one participant loan outstanding at any time.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Termination and distribution before Normal Retirement Age (55) or age 62 if later

If a participant's vested account balance exceeds \$5,000, their consent is required to distribute their account before they reach Normal Retirement Age (or age 62 if later). Participants may elect to have their vested account balance distributed as soon as administratively feasible following termination of employment. If a participant's vested accounts balance exceeds \$5,000, they may elect to postpone their distribution until the Required Beginning Date, which is generally no later than when the participant reaches age 70 ½ (if they were born before July 1, 1949) or 72 (if they were born after June 30, 1949). If their vested account balance does not exceed \$5,000, a distribution of the vested account balance will be made to the participant, regardless of whether the participant consents to receive it. If the amount of the distribution exceeds \$1,000 (including any rollover contribution) and the participant does not elect to either receive or roll over the distribution, the distribution will be directly rolled over to an IRA.

If a participant terminates employment and will receive a distribution before the later of age 62 and Normal Retirement Age and their vested account balance exceeds \$5,000, they may elect to receive a distribution of their vested account balance in a lump-sum payment, installments or through partial distributions.

Termination and distribution on or after Normal Retirement Age (55) or age 62 if later

No later than 60 days after the end of the Plan year in which a participant terminates employment, a distribution of the vested account balance will be made to the participant, regardless of whether the participant consents to receive it. If a participant's vested accounts balance exceeds \$5,000, they may elect to postpone their distribution until the Required Beginning Date as described above.

In-service distributions

Participants may withdraw their elective deferrals upon certain situations defined in the Plan (such as disability) or upon the attainment of age 59½.

KPM Analytics, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

Administrative Fees

Plan provisions allow for administrative expenses including, but not limited to, investment management fees, fees associated with participant loans and record keeping fees to be paid by the Plan and allocated to participant accounts. Expenses related to monthly investment service fees and loan fees are charged to participants' investment balances and are reflected in the value of their participant accounts. Any expenses not borne by the Plan are paid by the Plan Sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES BASIS OF PRESENTATION

Basis of Accounting

The Plan's financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP") and is permitted under the United States Department of Labor's reporting and disclosure requirements. Accordingly, certain additions and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligations are incurred. Contributions are recognized when received by the Plan.

Investment Valuation and Income Recognition

Investments, except the guaranteed interest account, are recorded at fair value in these financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Therefore, the statements of net assets available for plan benefits presents the guaranteed interest account at contract value.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in accordance with U.S. GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities in the financial statements. Actual results could differ from those estimates.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted for pay for marketing and distribution costs of the funds. These fees

KPM Analytics, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

In addition to these three valuation methodologies, as a practical expedient, the Plan is permitted under U.S. GAAP to estimate the fair value of its investments with external managers using the external managers' reported net asset value ("NAV") without further adjustment unless the Plan expects to sell the investment at a value other than NAV or the NAV is not calculated in accordance with U.S. GAAP.

Following is a description of the Plan's valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023:

KPM Analytics, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

Investments whose values are based on quoted market prices in active markets are classified as Level 1 inputs. These investments include mutual funds. Investments in collective trust funds, are valued based on the NAVs provided by the investment manager.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. During 2024 there were no transfers of securities among levels.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>NAV</u>	<u>Total</u>
Mutual funds	\$ 6,797,093	\$ -	\$ -	\$ -	\$ 6,797,093
Collective trust fund	<u>-</u>	<u>-</u>	<u>-</u>	<u>261,996</u>	<u>261,996</u>
Total	<u>\$ 6,797,093</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 261,996</u>	<u>\$ 7,059,089</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>NAV</u>	<u>Total</u>
Mutual funds	\$ 5,269,116	\$ -	\$ -	\$ -	\$ 5,269,116
Collective trust fund	<u>-</u>	<u>-</u>	<u>-</u>	<u>201,411</u>	<u>201,411</u>
Total	<u>\$ 5,269,116</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 201,411</u>	<u>\$ 5,470,527</u>

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements net assets available for benefits (modified cash basis).

There are no unfunded purchase commitments or liquidity restrictions on the Plan's collective trust fund.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a benefit-responsive guaranteed investment contract with Empower Trust Company, LLC ("Empower"), the Key Guaranteed Portfolio Fund ("the KGPF") which is managed by Empower Annuity Insurance Company of America. The KGPF is a separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates Plan participant activity from daily fluctuations in the market. Under the terms of the KGPF group annuity contract, participants may direct plan-permitted withdrawal and/or transfer transactions of all or a portion of their balance in the KGPF investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Empower considers the KGPF to be fully benefit responsive notwithstanding the liquidation value events under the contract that limit the ability of the plan to transact at contract value.

The KGPF credits interest daily to the group contract holder on a portfolio basis. The crediting interest rate may change or stay the same each quarter. The quarterly crediting rate applies to all money deposited in

KPM Analytics, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

the group contract holder's KGPF account regardless of when it was deposited. The average yield for plan year ended December 31, 2024 was 1.45%.

A participant may transfer their account balance in the KGPF to any other investment option offered under the plan at any time, with no restrictions or penalties.

Certain events limit the ability of the Plan to transact at contract value with Empower. Management believes that at this time no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the plan to transact at contract value with the participants.

NOTE 5 - SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the trustee of the Plan, has certified that the following data is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024.
- Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments held during 2024 and 2023 were issued by Empower, the Plan's third-party Administrator. These transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE 8 - PLAN TERMINATION

While the Plan Sponsor has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will remain 100% vested in their accounts and the net

KPM Analytics, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

assets of the Plan will be distributed or allocated among the participants and beneficiaries of the Plan as provided for in the Plan agreement.

NOTE 9 - TAX STATUS

The Plan adopted the Empower Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA and the Plan received its latest determination letter on November 14, 2022, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE 10 - SUBSEQUENT EVENTS

In connection with the preparation of these financial statements, the Plan has evaluated events and transactions through October 8, 2025, which is the date the financial statements were available to be issued.
