To the Plan Administrator
Demiurge Studios, Inc. 401(k) and Profit Sharing Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Demiurge Studios, Inc. 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which compromise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2024 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the 2024 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued, or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LEE AND CROWLEY

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2023 Compiled Financial Statements

Management is responsible for the accompanying 2023 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statements in accordance with GAAP. We have performed a compilation engagement in accordance with Statements of Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We have not audited or reviewed the 2023 financial statements nor were we required to perform any procedures to verify the accuracy and completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2023 financial statements.

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Demiurge Studios, Inc. 401(k) and Profit Sharing Plan, (the “Plan”) provides only general information about the Plan’s provisions. Demiurge Studios, Inc. (the “Company”) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who are 21 or older. Temporary employees are excluded from eligibility of the Plan until they have completed 1,000 hours of service. Employees are eligible to participate in the Plan on the first day of the month after becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s 401(k) Fiduciary Committee and plan administrator are responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance. Fidelity Trust Management Company serves as the Plan’s trustee and recordkeeper.

Contributions

Participants may elect to contribute up to 90% of their eligible compensation, as defined by the Plan, on a pre-tax or after-tax (Roth) basis, subject to Internal Revenue Service (“IRS”) limitations (\$23,000 in 2024). Participants may elect to change their deferral contributions as of the first day of each month. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, as defined by the Plan and subject to IRS limitations (\$7,500 in 2024). Participants direct the investment of their contributions into various investment options offered by the Plan.

At the Company’s discretion, it may elect to make matching contributions to the Plan’s participant accounts. In 2024, the Company made discretionary matching contributions equal to 50% of the amount that a participant contributed to the Plan, up to 6% of the participant’s annual eligible compensation. Discretionary matching contributions totaled \$302,219 for the year ended December 31, 2024.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and company contributions, as well as an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants are vested in the Company’s discretionary matching contributions, plus actual earnings thereon, based on years of continuous service as follows:

<i>Years of Service</i>	<i>Percent Vested</i>
Two years	100%
Less than two years	0%

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts may be used to reduce future administrative expenses or employer contributions or to restore participant account balances. As of December 31, 2024, forfeited non-vested accounts totaled \$21,722. During the year ended December 31, 2024, amounts totaling \$9,453 were forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The Plan allows participants to have one note outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates, as determined by the plan administrator. General purpose notes must be repaid within five years; a repayment term of up to ten years is allowed if the proceeds are used to acquire a principal residence. Principal and interest are typically paid through regular payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than \$1,000 and not more than \$5,000, unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed \$1,000. Participants who have attained the age of 59½ may elect to withdraw part or all of their vested account balance from the Plan without penalty. Hardship withdrawals may be applied for to withdraw certain contributions to satisfy specific and heavy financial needs. In general, participants must begin receiving required minimum distributions upon reaching a certain age, unless they are still employed. For individuals who reached age 70½ on or before December 31, 2019, that age is 70½. For individuals who reached age 70½ on or after January 1, 2020, in accordance with the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019, that age is 72. For individuals who reached age 72 on or after January 1, 2024, in accordance with the SECURE 2.0 Act of 2022, that age is 73.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

Plans' 401(k) Fiduciary Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent notes receivable are reclassified as distributions based upon terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant-initiated transactions, such as notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. The Plan has entered into a revenue credit agreement with the plan trustee and its advisors to reduce participant expenses. As a result, a revenue credit of \$4,458 was allocated to eligible participants during the plan year. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statement of Net assets Available for Benefits as of December 31, 2024, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest on notes receivable from participants reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement, provides the framework for measuring fair value. The framework provides a fair value hierarchy

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Fund

The Plan's mutual funds and money market fund are valued at the daily closing price as reported by the fund. Investments held by the Plan are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The investments held by the Plan are deemed to be actively traded and are considered Level 1 assets within the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

<i>Investments at fair value as of December 31, 2024</i>	Level 1	
Mutual funds	\$	10,516,477
Money market fund		1,174,377
Total Investments at Fair Value	\$	11,690,854

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

<i>Investments at fair value as of December 31, 2023 (Compiled)</i>		Level 1
Mutual funds	\$	8,469,683
Money market fund		1,333,264
Total Investments at Fair Value	\$	9,802,947

5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies and managed by Fidelity Management Trust Company. Fidelity Management Trust Company (“Fidelity”) is the trustee as defined by the Plan, therefore, any transactions between Fidelity and the Plan qualify as party-in-interest transactions. The Plan made direct payments to Fidelity totaling \$900 which are included in administrative expenses during the year ended December 31, 2024. The Plan extends benefit payments and notes receivable to participants which are also considered party-in-interest transactions.

Twelve Points Retirement Advisors, LLC (“Twelve Points”) serves as an investment advisor to the Plan; therefore, any transactions between the Plan and Twelve Points qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees incurred by the Plan for investment advisory services were \$22,901, net of a revenue credits, and are included in administrative expenses during the year ended December 31, 2024. Total administrative expenses paid by the Plan during the year ended December 31, 2024, were \$23,801.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. As described in Note 2, the Company also pays certain administrative expenses of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions that are subject to vesting as defined by the Plan. At that time, any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan has adopted a pre-approved plan document (formerly referred to as a prototype plan document) sponsored by Fidelity, which has received a favorable opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt. Although there have been amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been made in the financial statements.

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress as of December 31, 2024.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net increase in net assets available for benefits per the 2024 financial statements to the 2024 Form 5500:

<i>December 31, 2024</i>	
Net Increase in Net Assets Available for Benefits Per the Financial Statements	\$ 1,915,632

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of Demiurge Studios, Inc. 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which compromise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2024 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the 2024 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued, or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LEE AND CROWLEY

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2023 Compiled Financial Statements

Management is responsible for the accompanying 2023 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2023, and the related notes to the financial statements in accordance with GAAP. We have performed a compilation engagement in accordance with Statements of Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We have not audited or reviewed the 2023 financial statements nor were we required to perform any procedures to verify the accuracy and completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2023 financial statements.

Notes to Financial Statements

1. Description of Plan

The following description of the Demiurge Studios, Inc. 401(k) and Profit Sharing Plan, (the “Plan”) provides only general information about the Plan’s provisions. Demiurge Studios, Inc. (the “Company”) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who are 21 or older. Temporary employees are excluded from eligibility of the Plan until they have completed 1,000 hours of service. Employees are eligible to participate in the Plan on the first day of the month after becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s 401(k) Fiduciary Committee and plan administrator are responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance. Fidelity Trust Management Company serves as the Plan’s trustee and recordkeeper.

Contributions

Participants may elect to contribute up to 90% of their eligible compensation, as defined by the Plan, on a pre-tax or after-tax (Roth) basis, subject to Internal Revenue Service (“IRS”) limitations (\$23,000 in 2024). Participants may elect to change their deferral contributions as of the first day of each month. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, as defined by the Plan and subject to IRS limitations (\$7,500 in 2024). Participants direct the investment of their contributions into various investment options offered by the Plan.

At the Company’s discretion, it may elect to make matching contributions to the Plan’s participant accounts. In 2024, the Company made discretionary matching contributions equal to 50% of the amount that a participant contributed to the Plan, up to 6% of the participant’s annual eligible compensation. Discretionary matching contributions totaled \$302,219 for the year ended December 31, 2024.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and company contributions, as well as an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants are vested in the Company’s discretionary matching contributions, plus actual earnings thereon, based on years of continuous service as follows:

<i>Years of Service</i>	<i>Percent Vested</i>
Two years	100%
Less than two years	0%

Notes to Financial Statements

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts may be used to reduce future administrative expenses or employer contributions or to restore participant account balances. As of December 31, 2024, forfeited non-vested accounts totaled \$21,722. During the year ended December 31, 2024, amounts totaling \$9,453 were forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The Plan allows participants to have one note outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates, as determined by the plan administrator. General purpose notes must be repaid within five years; a repayment term of up to ten years is allowed if the proceeds are used to acquire a principal residence. Principal and interest are typically paid through regular payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than \$1,000 and not more than \$5,000, unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed \$1,000. Participants who have attained the age of 59½ may elect to withdraw part or all of their vested account balance from the Plan without penalty. Hardship withdrawals may be applied for to withdraw certain contributions to satisfy specific and heavy financial needs. In general, participants must begin receiving required minimum distributions upon reaching a certain age, unless they are still employed. For individuals who reached age 70½ on or before December 31, 2019, that age is 70½. For individuals who reached age 70½ on or after January 1, 2020, in accordance with the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019, that age is 72. For individuals who reached age 72 on or after January 1, 2024, in accordance with the SECURE 2.0 Act of 2022, that age is 73.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

Plans' 401(k) Fiduciary Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent notes receivable are reclassified as distributions based upon terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant-initiated transactions, such as notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. The Plan has entered into a revenue credit agreement with the plan trustee and its advisors to reduce participant expenses. As a result, a revenue credit of \$4,458 was allocated to eligible participants during the plan year. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statement of Net assets Available for Benefits as of December 31, 2024, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest on notes receivable from participants reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement, provides the framework for measuring fair value. The framework provides a fair value hierarchy

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Fund

The Plan's mutual funds and money market fund are valued at the daily closing price as reported by the fund. Investments held by the Plan are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The investments held by the Plan are deemed to be actively traded and are considered Level 1 assets within the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

<i>Investments at fair value as of December 31, 2024</i>	Level 1
Mutual funds	\$ 10,516,477
Money market fund	1,174,377
Total Investments at Fair Value	\$ 11,690,854

<i>Investments at fair value as of December 31, 2023 (Compiled)</i>		Level 1
Mutual funds	\$	8,469,683
Money market fund		1,333,264
Total Investments at Fair Value	\$	9,802,947

5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies and managed by Fidelity Management Trust Company. Fidelity Management Trust Company (“Fidelity”) is the trustee as defined by the Plan, therefore, any transactions between Fidelity and the Plan qualify as party-in-interest transactions. The Plan made direct payments to Fidelity totaling \$900 which are included in administrative expenses during the year ended December 31, 2024. The Plan extends benefit payments and notes receivable to participants which are also considered party-in-interest transactions.

Twelve Points Retirement Advisors, LLC (“Twelve Points”) serves as an investment advisor to the Plan; therefore, any transactions between the Plan and Twelve Points qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees incurred by the Plan for investment advisory services were \$22,901, net of a revenue credits, and are included in administrative expenses during the year ended December 31, 2024. Total administrative expenses paid by the Plan during the year ended December 31, 2024, were \$23,801.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. As described in Note 2, the Company also pays certain administrative expenses of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions that are subject to vesting as defined by the Plan. At that time, any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan has adopted a pre-approved plan document (formerly referred to as a prototype plan document) sponsored by Fidelity, which has received a favorable opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan is qualified under Section 401(a) of the IRC, and therefore, the related trusts are tax exempt. Although there have been amendments to the Plan since receiving the most recent opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been made in the financial statements.

Demiurge Studios, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress as of December 31, 2024.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net increase in net assets available for benefits per the 2024 financial statements to the 2024 Form 5500:

<i>December 31, 2024</i>	
Net Increase in Net Assets Available for Benefits Per the Financial Statements	\$ 1,915,632
Employer contributions receivable at beginning of year (compiled)	272,557
Participant contributions receivable at beginning of year (compiled)	29,794
Net Increase in Net Assets Available for Benefits Per Form 5500	\$ 2,217,983

The following is a reconciliation of the net assets available for benefits per the 2023 financial statement (compiled) to the 2023 Form 5500:
