INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
NSU, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of NSU, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 (in liquidation), and the related statement of changes in net assets available for benefits (in liquidation) for the year then ended, and the statement of net assets available for benefits as of December 31, 2023 (ongoing) and the related statement of changes in net assets available for benefits (ongoing) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of NSU, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NSU, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our Audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

As described in Note 7 to the financial statements, the Plan Sponsor terminated the plan effective January 15, 2024. As a result, the Plan changed its basis of accounting from the going concern basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with the respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NSU, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and that the plan's transactions that are presented and disclosed in the financial statements are in determining conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NSU, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NSU, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H - Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the Audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NSU, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the NSU, LLC 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The effective date of the Plan was January 1, 2013.

General

The Plan is a defined contribution plan covering all employees of the Company that have completed one (1) month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

There are no Plan imposed limits on the amount a participant may defer, however contributions are limited to the maximum allowable by the Internal Revenue Code (the "IRC"). Participants may also make "Catch-up Contributions." In addition to the participant salary deferrals and catch up contributions, the Company will provide a safe harbor matching contribution for each participant. The Company's safe harbor matching contribution will equal one hundred (100%) percent of the amount the participant defers up to three (3%) percent of the participant's compensation, plus fifty (50%) percent of the participant deferral between three (3%) percent and five (5%) percent of compensation. Effective February 11, 2021, the Plan no longer provided safe harbor matching contributions. For 2024 and 2023, the Company's matching contributions amounted to \$46,467 and \$248,089, respectively.

Participant Accounts

Each participant's account is credited with (a) the participant's deferral and employer safe harbor matching contributions and (b) each participant's specific earnings from their participant directed accounts.

Vesting

Participants are vested immediately in their contributions and the employer safe harbor matching contributions, plus actual earnings thereon. Participants vest in the company's matching contributions and related investment income and appreciation (depreciation) of the Plan investments as follows: zero (0%) less than 2 years, twenty (20%) percent after 2 years, forty (40%) percent after 3 years, sixty (60%) percent after 4 years, eighty (80%) percent after 5 years and one hundred (100%) percent after 6 years.

Investment Options

Participants are required to make participant-directed allocations of their accounts among various investment options, primarily from mutual funds, as selected by the Plan administrator, and a fixed interest account for participants.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of their account balance. Loans are to be repaid over a period not to exceed five (5) years except for where the loan is used to acquire a personal residence, in which case, the loan may be repaid over a reasonable period not exceeding five (5) years. The loans are secured by the balance in the participants account and bear interest at a reasonable rate as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect a single lump-sum amount equal to the value of the participant's vested interest in his or her account, or have the value rolled over to another qualified plan or individual retirement account (IRA).

Forfeited Accounts

Forfeitures of matching contributions are used to reduce the employer's matching contribution or to pay administrative expenses of the plan. As of December 31, 2024 and 2023, there were no forfeited non-vested accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America. Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Plan Sponsor terminated the plan effective January 15, 2024. As a result, the Plan changed its basis of accounting from the going concern basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with the respect to that matter.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of operating the Plan may be paid out from the Plan unless paid by the employer.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan implemented generally accepted accounting principles' fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- **Mutual Funds:** Valued at unit value (fair value) which incorporates the net asset value (NAV) of the mutual fund at the close of each business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

<u>Description</u>	<u>December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$516,168</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$516,168</u>
Total assets at fair value	<u>\$516,168</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$516,168</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

<u>Description</u>	<u>December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$9,688,030</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$9,688,030</u>
Total assets at fair value	<u>\$9,688,030</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$9,688,030</u>

Transfer between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of level 1.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The December 31, 2024 and 2023, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee, Charles Schwab Trust Bank, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments and Cash (non-interest bearing) as of December 31, 2024 and 2023, and the related investment income for the years ended December 31, 2024 and 2023.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Charles Schwab Bank, the trustee of the Plan, as of and for the years ended December 31, 2024 and 2023. Contributions are maintained in a general account that provides guaranteed interest for a specified period of time. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Charles Schwab Bank, the trustee of the Plan, as of and for the years ended December 31, 2024 and 2023, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract at December 31, 2024 and 2023, was \$41,151 and \$710,238, respectively. The average yields and crediting interest rates for the years ended December 31, 2024 and 2023, were 2.85% and 2.76%, respectively.

Certain events limit the Plan's ability to transact at contract value with the trustees. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

NSU, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 6 - TAX STATUS

The Plan is subject to the Employee Retirement Income Security Act of 1974 and certain provisions of the Internal Revenue Code (IRC). The Company adopted a prototype plan and the plan sponsor received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

NOTE 7 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred (100%) percent vested in their employer contributions.

The Plan Sponsor terminated the plan effective January 15, 2024.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a fixed income account, which are investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Bank. Charles Schwab Bank is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 – CORRECTIVE DISTRIBUTIONS PAYABLE

At December 31, 2024 and 2023, a liability of \$23,234 and \$23,647, respectively, was recorded for amounts refundable to participants for contributions that exceeded limits imposed by IRS nondiscrimination requirements.
