Independent Auditor's Report

To the Plan Administrator
Taft Stettinius & Hollister LLP Retirement Plan for Partners

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of Taft Stettinius & Hollister LLP Retirement Plan for Partners, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits and the statement of accumulated plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and changes in accumulated plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Taft Stettinius & Hollister LLP Retirement Plan for Partners' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Taft Stettinius & Hollister LLP Retirement Plan for Partners and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taft Stettinius & Hollister LLP Retirement Plan for Partners' ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taft Stettinius & Hollister LLP Retirement Plan for Partners' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taft Stettinius & Hollister LLP Retirement Plan for Partners' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and the schedule of reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAFT STETTINIUS & HOLLISTER LLP RETIREMENT PLAN FOR PARTNERS

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of Taft Stettinius & Hollister LLP Retirement Plan for Partners (the Plan) provides only general information. Participants should refer to the Plan Instrument for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2017, as a defined benefit cash balance pension plan covering all eligible equity partners of Taft Stettinius & Hollister LLP (the Firm and Employer) as of December 31, 2017, who had a profit allocation percentage as of the first day of the Plan year that was greater than 0.10% and had at least one year of service and were age 21 or older. The profit allocation percentage required for eligibility became 0.05% as of January 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Firm's Executive Committee is responsible for oversight of the Plan. The Retirement Plan Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance and reports to the Firm's Executive Committee.

Cash Balance Accounts: The Plan provides for cash balance credits and earnings credits to hypothetical (notional) cash balance accounts. Participants are not permitted to make contributions to the Plan.

The cash balance credits are based on projected distributable net income of the Employer for the year, as approved by the equity partners. The cash balance credits are credited each month if the participant is an equity partner on the last day of the month.

Earnings credits are credited daily based upon the actual rate of return earned by the Plan's assets but cannot exceed 6% on an annualized basis.

Funding Policy: The Plan's funding policy is for the Employer to contribute amounts which will meet or exceed the annual ERISA minimum funding requirement. The Plan exceeded the ERISA minimum funding requirements for the Plan years ending December 31, 2024 and 2023.

Vesting: Participants are fully vested in their cash balance accounts.

Benefits: A participant's accrued benefit is the amount of their cash balance account consisting of accumulated cash balance credits and earnings credits. Upon termination of employment, death, disability, or retirement, a participant is eligible to receive their accumulated cash balance account balance. The automatic form of payment is a single life annuity for an unmarried participant or a 50% (or optional 75%) joint and survivor annuity for a married participant. The participant may also elect a single lump sum form of payment.

If Plan assets are not at least 80% of Plan liabilities, certain restrictions will apply to lump sum distributions. Furthermore, if such percentage is not at least 110%, additional restrictions may be applied to the top 25 paid individuals of the firm who are participants in the Plan.

In-service withdrawals of the entire cash balance account are permitted for participants who remain employed after age 59 ½. In-service withdrawals are permitted once each year in April. Cash balance credits and earnings credits will continue to accrue after in-service distributions. The Plan also provides for a death benefit to the surviving spouse or beneficiary designated by the participant.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Right to Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to amend, modify, suspend, freeze, or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, the Employer will direct the distribution of participant cash balance accounts in a manner permitted by the Plan as soon as practicable.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates without sufficient funds to pay all benefits. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. For further information, refer to the Plan Instrument available from the Plan Administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the actuarial present value of accumulated plan benefits and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined benefit plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Retirement Plan Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment manager and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated March 2, 2021, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan is subject to income tax examinations for all periods since its inception.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 7, 2025, the date the financial statements were available to be issued. See Note 11.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

The Plan's independent actuary determines the actuarial present value of accumulated plan benefits by applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest), and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. It is at least reasonably possible that the actuarial assumptions used to calculate accumulated plan benefits will change in the near term, and the effect of such change could be significant.

The actuarial method and significant assumptions used in the December 31, 2024 and 2023 valuations are as follows:

Actuarial method:	Standard unit credit cost method
Interest rate:	Segment rates in the month containing the valuation date
Mortality rates:	IRS 2024 Static Mortality Table (2023) IRS 2025 Generational Mortality Table (2024)
Normal retirement age:	100% at age 62
Disability:	None
Withdrawal rate:	None
Form of payment:	100% assumed to elect lump sum payment
Expenses:	\$0

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodology used by the Plan for assets that are measured at fair value on a recurring basis.

Registered Investment Companies (Mutual Funds and/or Exchange-traded Funds) and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Following is a summary, within each level of the fair value hierarchy, of the Plan’s assets that are measured at fair value on a recurring basis as of December 31, 2024 and 2023:

2024	Level 1	Total
Registered investment companies	\$40,114,922	\$40,114,922
Money market fund shares	<u>1,501,026</u>	<u>1,501,026</u>
Total Investments at Fair Value	<u>\$41,615,948</u>	<u>\$41,615,948</u>
2023		
Registered investment companies	\$22,689,682	\$22,689,682
Money market fund shares	<u>7,691,485</u>	<u>7,691,485</u>
Total Investments at Fair Value	<u>\$30,381,167</u>	<u>\$30,381,167</u>

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE (UNAUDITED INFORMATION)

All Plan information related to investments held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments and dividends for the year ended December 31, 2024, disclosed in the accompanying financial statements, related notes, and supplemental schedules was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Mid Atlantic Trust Company, the Plan’s trustee, in accordance with Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a periodic basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Complete or partial Plan termination or merger with another plan
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

NOTE 7 - PLAN AMENDMENTS

Effective January 1, 2024, the Employer amended the Plan Instrument to alter the definition of an eligible employee and update cash balance credits for certain participants.

Also, effective January 1, 2024, the Employer amended the Plan Instrument in connection with the Jaffe Raitt Heuer & Weiss, P.C. (Jaffe) law firm merging into the Employer. The Plan Instrument was updated to include the benefit formulas for the Jaffe partners.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

The Employer provides certain accounting, administrative, and investment management services to the Plan for which it receives no compensation.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's contributions and the actuarial present value of accumulated plan benefits are calculated and reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the Plan's financial statements.

The Plan's investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - FUNDING STATUS

The Plan was deemed to be not in at-risk status by the Plan's independent actuary for the 2025 and 2024 Plan years based on the Plan's funded percentage of 114.54% and 111.84%, respectively. Therefore, no benefit restrictions were required.

NOTE 11 - SUBSEQUENT EVENTS

Effective January 1, 2025, the Employer amended the Plan Instrument to alter the definition of an eligible employee and update cash balance credits for certain participants.

Also, effective January 1, 2025, the Employer amended the Plan Instrument in connection with the Sherman & Howard L.L.C. (S&H) law firm merging into the Employer. The Plan Instrument was updated to include the benefit formulas for the S&H partners.

Interest crediting rate: 3.00%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule, but no earlier than one year from the valuation date of January 1, 2024:

Assumed retirement age	Percent assumed to retire
62	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 62.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

EIN / PN 31-0541755 / 012

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are \$0 for 2024, based on the experience of the plan and future expectations. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

None.

GAIN / LOSS ANALYSIS

In our judgment, a gain/loss analysis is not appropriate for assessing the reasonableness of the assumptions.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.
