## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator, Participants and Beneficiaries  
of the Weil, Gotshal & Manges Partners' Defined Benefit Plan

### ***Opinion***

We have audited the financial statements of Weil, Gotshal & Manges Partners' Defined Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for each of the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for each of the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### ***Other Matter***

#### ***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at the end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**WEIL, GOTSHAL & MANGES  
PARTNERS' DEFINED BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

NOTE 1 – DESCRIPTION OF THE PLAN

The Weil, Gotshal & Manges Partners' Defined Benefit Plan (the "Plan") was established on January 1, 1991 as a defined benefit pension plan covering all Weil, Gotshal & Manges LLP (the "Sponsor") partners (including P.C. members). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan meets the minimum funding requirements of ERISA.

The Plan's assets, except for the Collective Short-Term Investment Fund, are held in the WGM Master Trust (the "Master Trust"). See Note 3 for the details of the Master Trust.

The Plan is funded through contributions received from the Sponsor. An eligible employee includes any U.S. Partner of the Sponsor (with the exception of non-capital partners (known as contract partners prior to January 1, 2020) and counsel) and any non-U.S. Partner or executive officers of the Sponsor as determined by the Sponsor's management committee. Non-U.S. Partners include those in Czech Republic, France, Germany and Hong Kong. The Plan provides for an annual benefit at normal retirement age of 65; however, for new Participants on or after January 1, 2002, normal retirement age is the later of the first day of the month coincident with or following age 65 or fifth anniversary in the Plan, but no later than age 68.

The annual benefit is equal to the sum of the benefit calculated as of December 31, 2009 plus for each plan year on or after January 1, 2010, an accrual for each year of benefit service determined under the formula subject to the annual accrual limit. The accrual in the year the Participant separated from service will be multiplied by a fraction where the numerator is the number of full calendar months as an eligible employee and the denominator is 12 provided the Participant works 1,000 hours. The annual accrual formulas and the annual accrual limits vary depending on the Participant (i.e., Rule of 80/85 Participants, Participants with total accrued benefits of more than \$200,000 who are not Rule of 80/85 Participants, Participants with total accrued benefits of less than \$200,000 who are not Rule of 80/85 Participants, or Participants who first became Participants on or after January 1, 2010). Rule of 80/85 Participant means a Participant who attained early retirement on or before December 31, 2009 because the Participant's combined years of age and years of partner service equaled 80 years, or because the Participant's combined years of age and years of vesting service equaled 85 years. The Plan provides for early retirement for those who become a Participant in the Plan before January 1, 2011, with respect to benefits accrued as of March 31, 2011. In addition, the Plan provides for deferred retirement, disability and death benefits. In general, a Participant is 100% vested after completing five years of service. The normal form of payment is a Life Annuity; other options are also available at retirement.

Effective February 28, 2017, the Plan was frozen with respect to benefit accruals and eligibility to participate. As a result, the Plan is closed to new Participants, and those who already participate in the Plan will continue to have a benefit under the Plan based on benefit accrued through February 28, 2017. There will be no future accruals, and the accrued benefit under the Plan as of February 28, 2017 will not grow, even if an individual is either actively employed or an active Partner at the Firm. Active Participants will continue to earn vesting service for their accrued benefit if not fully vested as of February 28, 2017.

The foregoing description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

*(a) Basis of Accounting*

The financial statements have been presented on the accrual basis of accounting.

*(b) Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and, when applicable, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

*(c) Valuation of Investments and Income Recognition*

Investments and investment holdings in the Master Trust are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation in fair value of WGM Master Trust includes the Plan's share of the Master Trust's gains and losses on investments bought and sold as well as held during each of the years ended December 31, 2024 and 2023.

*(d) Payment of Benefits*

Benefits are recorded when paid.

*(e) Administrative Expenses*

The Plan's expenses are paid either by the Plan or the Sponsor, as provided by the Plan document. Expenses that are paid directly by the Sponsor are excluded from the Plan's financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net (depreciation)/appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

*(f) Actuarial Present Value of Accumulated Plan Benefits*

Accumulated plan benefits (Note 5) are those estimated future periodic payments that are attributable under the Plan's provisions to services rendered by the Participants to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated Participants or their beneficiaries, (b) beneficiaries of Participants who have died, and (c) present Participants or their beneficiaries. Benefits are determined by use of a certain formula set forth in the Plan. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to Participant service rendered to the valuation date.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

*(g) Subsequent Events*

The Plan has evaluated subsequent events through October 8, 2025, the date that the financial statements were available to be issued.

NOTE 3 – INVESTMENTS – MASTER TRUST

The Master Trust holds the investment assets of the Plan, the Weil, Gotshal & Manges Employees' Pension Plan, the Weil, Gotshal & Manges Partners' Target Pension Plan, the Weil, Gotshal & Manges Partners' Variable Defined Benefit Plan, the Weil, Gotshal & Manges Variable Annuity Plan, and the Weil, Gotshal & Manges LLP Cash Balance Plan. Each participating plan has an interest in specific assets in the Master Trust (a divided interest).

Investments and the income therefrom, are allocated to participating plans based on each plan's participation in the investment options within the Master Trust. Accordingly, the Plan's investment gain for the year ended December 31, 2024 includes its allocable share of the Master Trust's interest and dividends and net (depreciation)/appreciation in fair value of investments.

The following table represents the fair value of assets, including investments, held by the Master Trust at December 31, 2024 and 2023:

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1

Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2

Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3

Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

**WEIL, GOTSHAL & MANGES  
PARTNERS' DEFINED BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Collective Short-Term Investment Funds

Valued at net asset value ("NAV"). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Underlying investments are valued based upon the latest published market quotations, when available. When not available, fair values are determined by the fund manager by reference to quoted market values or other financial data pertaining to investments of similar nature, quality, and yield.

Admissions to and withdrawals from the fund are made daily. Interest is accrued daily and distributed monthly. The collective short-term investment fund held by the Plan at December 31, 2024 invests in high-grade money market instruments with short-term maturities to provide an investment vehicle for cash reserves while offering a competitive rate of return.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

Debt Instruments

Debt instruments include corporate bonds and government securities. The fair value of corporate bonds is estimated using various techniques, which may consider recently executed transactions in securities of the issuer or comparable issuers, market price quotations (when observable), bond spreads, fundamental data relating to the issuer and credit default swap spreads adjusted for differences between cash and derivative instruments. Credit ratings range from AAA to B. Government securities are valued using a model that incorporates market observable data, such as reported sales of similar securities, broker quotes, yields, bids, offers, and reference data. Certain securities are valued principally using dealer quotations.

DECEMBER 31, 2024 and 2023**

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Pooled Separate Account Funds

Valued at NAV, as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The Pooled Separate Account Funds seek to achieve a long-term total return greater than public bond portfolios of comparable credit quality and duration primarily by investing in privately placed corporate debt securities, with credit qualities ranging from AAA to CCC.

Collective Trust Funds and 103-12 Investment Entities

Valued at NAV, as practical expedient, based on the fair value of the underlying investments. Underlying investments are valued based upon the latest published market quotations, when available. When not available, fair values are determined by the fund manager by reference to quoted market values or other financial data pertaining to investments of similar nature, quality, and yield.

Primary investment strategies of Collective Trust Funds held by the Master Trust are as follows:

- to invest in a diversified portfolio of common stocks of US and Non-US companies to seek long-term capital appreciation.
- to invest in S&P common stock to provide results that approximate returns of the S&P 500 Composite Stock Price Index.
- to invest in S&P common stock to provide results that approximate returns of the S&P 400 Composite Stock Price Index.
- to invest in growth-oriented small cap US companies to seek long-term capital growth using a bottom-up investment process.
- to approximate the risk and return characteristics of the MSCI All Country World ex-US Index. This index represents the large and medium cap segments of the Non-US equity developed and emerging markets. The Fund employs a replication technique which generally seeks to hold each index constituent in its proportional index weight. The Fund may make limited use of futures and/or options for the purpose of maintaining equity exposure.

103-12 Investment Entities held by the Master Trust have investment strategies as follows:

- to seek long-term capital by investing in equity securities without limitation among geographic regions and individual countries throughout the world based on analysis of global economic, political and financial conditions.

Private Equity and Hedge Funds

Valued based on the NAV per unit as practical expedient, without further adjustment. NAV is based upon the fair value of the underlying investments as determined by the private equity and hedge funds.

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Private Equity and Hedge Funds (Continued)

Primary investment strategies of Private Equity Funds held by the Master Trust are as follows:

- to hold investments in partnerships that make investments as limited partners in the funds that hold investments in other limited partnerships and pooled investment vehicles and also hold direct investments such as common and preferred equity securities, debt, warrants, privately issued securities as well as investments in operating companies.
- to acquire, improve, lease, maintain, own, operate, manage, finance, refinance, mortgage, hold, divide, sell, reposition, exchange or otherwise deal in and with real estate investments, real estate assets, securities and instruments.
- to engage in the business of investing in portfolio companies that own, operate, develop, manage or support infrastructure assets.
- to generate current income and long-term capital appreciation through investments in a range of distressed and undervalued credit investments in North America and other parts of the world on an opportunistic basis.
- to generate current income and long-term capital appreciation through investments in technology companies located in North America.
- to generate attractive, risk-adjusted returns by investing primarily in residential and commercial whole loans, mortgage-backed securities and other credit sensitive financial instruments and by focusing on the acquisition and through its affiliates, the management and servicing of credit-sensitive loans and real estate owned, asset-backed securities and related derivative instruments.

Primary investment strategies of Hedge Funds held by the Master Trust are as follows:

- to invest in funds whose investment objective is to seek long-term capital appreciation and current income through investing in a combination of equity securities, fixed-income securities and derivatives including, but not limited to, options, credit default swaps, total return swaps, futures and forwards.
- to seek long-term capital appreciation through allocation of assets through various funds. Funds have exposure to a range of trading styles, including Long-term Trendfollowing ("Trendfollowing"), Short-term Systematic ("Short-term"), Value and Global Macro. Market exposure is broadly diversified with positions in global currency, financial and commodity markets.
- to achieve net of fee returns in excess of traditional high yield credit through high income and credit loss-avoidance. The strategy focuses on investing and trading primarily in structured finance securities including collateralized debt obligations, collateralized loan obligations, mortgage-backed securities, asset-backed securities, bank debt, special situations, high-yield bonds and special situation equity securities, credit loss-avoidance.

Private Equity and Hedge Funds (Continued)

- seek to generate incremental, positive returns while actively managing risk exposure across trading teams, equities, statistical arbitrage/quantitative, fixed income and commodities.

- to achieve risk-adjusted total returns by buying and selling investments that are anticipated to have a primarily bank loan focus. Investments will be primarily in debt securities of midsize and large capitalizations.

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in Note 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Changes in Fair Value Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

(a) Redemption restrictions are in place for the Master Trust's hedge fund investments with a fair value of \$22,673,863 and \$42,951,182 at December 31, 2024 and 2023, respectively, in which the Board of Directors may, at its sole discretion, limit the redemption in whole or in part. Based on the Plan's prior experience with restrictive redemption provisions, the Plan has been able to redeem these positions with sufficient notice at the NAV reported by the funds.

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

(b) The Master Trust's private equity fund investments with a fair value of \$65,798,375 and \$78,202,784 at December 31, 2024 and 2023, respectively, may not be redeemed prior to the liquidation of the fund investment, unless the Board of Directors of the funds, or the general partner, at its sole discretion, approves redemption.

(c) As of December 31, 2024 and 2023, the plans invested in the Master Trust have committed to invest \$132,850,000 and \$143,537,500, respectively, under subscription agreements. As of December 31, 2024 and 2023, approximately \$111,711,072 and \$119,893,930, respectively, has been invested by the plans invested in the Master Trust.

Certain collective trusts and hedge fund held by the Master Trust impose withdrawal fees as a percentage of withdrawal amount if amount withdrawn exceeds specified threshold and occurs within a specified time after subscription date, respectively.

NOTE 5 – ACCUMULATED PLAN BENEFITS

Independent consulting actuaries estimate the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the Participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Significant assumptions underlying the actuarial computations as of December 31, 2023 were as follows:

Interest rate for determination of accumulated benefits under FASB ASC 960	5.50%
Mortality basis (accounting) FASB ASC 960	White Collar RP-2014 Mortality Tables (adjusted back to 2006 - sex-specific) projected generationally with the MP-2021 projections scale.
Employee turnover	0% for age 20-29, 6% for age 30-39, 4% for age 40-49, 2% for age 50-59 and 0% for age 60 and over.
Retirement	Later of age 65 or the fifth anniversary of participation in the Plan, but no later than age 68.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 5 – ACCUMULATED PLAN BENEFITS (Continued)

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2024. Had the valuation been performed at December 31, 2023, there would be no material differences.

Accumulated plan benefits information, as estimated by consulting actuaries, as of December 31, 2023 is as follows:

Actuarial present value of accumulated plan benefits	
Vested benefits:	
Participants currently receiving benefits	\$ 187,242,322
Other participants	<u>126,724,411</u>
Total vested benefits	313,966,733
Nonvested benefits	<u>-</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 313,966,733</u></u>

Changes in accumulated plan benefits for the year ended December 31, 2023 are as follows:

Actuarial present value of accumulated plan benefits as of December 31, 2022	\$ 315,363,892
Increase (decrease) during the year attributable to:	
Net benefits accumulated and actuarial experience	(2,551,297)

The Plan's funding policy is for the Sponsor to contribute an amount that will meet or exceed the annual ERISA minimum funding requirement. The Sponsor made no contributions during 2024 and 2023. The Sponsor's contributions for 2024 and 2023 met the minimum funding requirements of ERISA. Effective February 28, 2017, the Plan was frozen with respect to benefit accruals and eligibility to participate. See Note 1.

**WEIL, GOTSHAL & MANGES  
PARTNERS' DEFINED BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

NOTE 6 – ADJUSTED FUNDING TARGET ATTAINMENT PERCENTAGE ("AFTAP")

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding defined benefit plans, including rules that govern Plan funding. The Act established minimum funding standards for defined benefit plans and limited benefit increases and accruals for underfunded plans. Pursuant to the Act, each year the actuaries are required to certify to the Plan's funded percentage. The Plan received such certification for the 2024 Plan year for the AFTAP, which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the IRS, and the actuary determined that the 2024 AFTAP for the Plan is 113.81%.

NOTE 7 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Northern Trust Corporation ("Northern Trust") is the custodian of the Plan's investments; therefore, transactions related to these investments qualify as party-in-interest transactions. Administrative expenses paid to Northern Trust and charged to the Plan for the years ended December 31, 2024 and 2023 were \$133,910 and \$145,515, respectively.

NOTE 8 – INCOME TAX STATUS

The Plan obtained its latest determination letter on December 20, 2016, in which the Internal Revenue Service ("IRS") stated that the Plan is qualified under the Internal Revenue Code ("IRC"), and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan holds certain investments subject to IRS filings. To date, all filings have been made. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions as set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.

**WEIL, GOTSHAL & MANGES  
PARTNERS' DEFINED BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

NOTE 9 – PLAN TERMINATION (Continued)

- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed subsequently).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all Participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

NOTE 10 – INVESTMENTS WITH OFF-BALANCE-SHEET RISK OR CONCENTRATION OF CREDIT RISK

The Plan and Master Trust invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

**WEIL, GOTSHAL & MANGES  
PARTNERS' DEFINED BENEFIT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 and 2023**

NOTE 10 – INVESTMENTS WITH OFF-BALANCE-SHEET RISK OR CONCENTRATION OF CREDIT RISK (Continued)

The Master Trust invests in foreign currency and foreign securities investments through some of its investments in private equity and hedge funds. The securities exchanges of certain foreign markets are substantially smaller, less liquid and more volatile than the major securities markets in the United States of America. Consequently, acquisition and disposition of securities by the private equity or hedge funds may be inhibited. This may limit the number of shares available for acquisition or disposition by the private equity or hedge funds. Some countries in which the private equity and hedge funds may invest require governmental approval for the repatriation of investment income, capital or the proceeds of sales of securities by foreign investors. In addition, if there is deterioration in a country's balance of payments or for other reasons, a country may impose temporary restrictions on foreign capital remittances abroad.

The Master Trust invests in emerging markets investments through some of its investments in private equity funds. Investing in emerging markets may involve special risks and considerations not typically associated with investing in the United States of America. These risks include revaluation of currencies, high rates of inflation, repatriation restrictions on income and capital, and future adverse political, social and economic developments. Moreover, securities issued in these markets may be less liquid, subject to government ownership control, delayed settlements and their prices more volatile than those of comparable securities in the United States of America.

The Master Trust's investments in some of its private equity funds are also subject to the risk of restrictions being imposed by foreign governments on the repatriation of cash and to political or economic uncertainties.

## **ACTUARIAL ASSUMPTIONS AND METHODOLOGIES (SCHEDULE SB, PART V)**

Certain assumptions are prescribed as noted below. The other assumptions are estimates derived from historical and recent experience as well as market observations, combined with professional judgment about future expectations.

### **Interest for IRS funding purposes**

The interest rates used for the 2024 plan year are the corporate bond yield curve for January coinciding with the valuation date. These discount rates translate to an effective interest rate of 5.14%.

Previously, the interest rates used for the 2023 plan year were the corporate bond yield curve for January coinciding with the 2023 valuation date. These discount rates translate to an effective interest rate of 5.07%.

### **Interest for PBGC premium purposes**

Under the Alternative Method, the interest rates used to determine the PBGC variable-rate premium for the 2024 plan year are the same as those used for funding.

These interest rates are based on the plan sponsor's election for the 2021 plan year (an election that can next be changed for the 2026 plan year) and are subject to the constraints established by law.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods  
Weil, Gotshal & Manges Partners' Defined Benefit Plan

EIN: 13-1456110/PN: 009

## Mortality Rates For Healthy Participants

No preretirement mortality is assumed. Pri-2012 separate employee and annuitant healthy mortality tables, projected generationally using the Adjusted MP-2021 scale as described in the final IRS mortality regulations released in October 2023.

This assumption is one of the choices allowed by the regulations. The prior year assumption used RP-2006 separate employee and annuitant healthy mortality tables, projected generationally using scale MP-2021. No preretirement mortality is assumed.

## Salary Increases

Not Applicable

## Benefit Election

The life annuity form of payment is valued for active participants and terminated vested participants who have not elected to commence their benefits since all forms of payment are actuarially equivalent to the life annuity form of payment. Retired participants are valued using the form of payment elected.

This assumption is based on historical and current data, adjusted to reflect estimated future experience and professional judgment.

## Sample Termination Rates

Age	Rates
20-29	0.0%
30-39	6.0
40-49	4.0
50-59	2.0
60 and Over	0.0

This assumption is based on historical and current data, adjusted to reflect estimated future experience and professional judgment.

## **Sample Disability Rates**

No assumptions; recognized as experience.

## **Retirement (From Active Status) Rates**

Participants are assumed to retire at the later of age 65 or the fifth anniversary of participation in the plan, but not later than 68.

This assumption is based on historical and current data, adjusted to reflect estimated future experience and professional judgment.

## **Retirement From Inactive Status**

Age 65

## **Administrative Expenses**

An expense assumption is required under the funding rules. Plan-related expenses of \$365,000 (previously, \$840,000) are expected to be paid by the plan during the year.

This assumption is based on recent historical data, adjusted to reflect PBGC premium changes, input from the plan sponsor, and estimated future experience and professional judgment.

## **Asset Method**

As selected by the plan sponsor, assets are valued at market value.

## **Funding Method and Contribution Requirement**

Funding method is unit credit actuarial cost method, as prescribed by law. The liability is measured on an accrual-to-date basis using mandated mortality tables and interest rates with no salary projection past the end of the year.

Plan sponsors are required under Internal Revenue Code Section 430 to make a minimum level of contributions to qualified pension plans. Available credit balances can be used to satisfy this required contribution. In general, the minimum required contribution is the

sum of the target normal cost and an installment that amortizes the plan's funding shortfall, offset by any plan overfunding, if applicable. If all assumptions are met (including the investment earnings implicitly assumed by the interest rate), funding the plan at the minimum required contribution level is generally designed to achieve a 100% funded status within fifteen years. Once that is achieved, or for overfunded plans, the minimum required contribution will generally equal the target normal cost reduced by any overfunding.

## **Actuarial Models**

Segal valuation results are based on proprietary actuarial modeling software. The actuarial valuation models generate a comprehensive set of liability and cost calculations that are presented to meet regulatory, legislative and client requirements. Our Actuarial Technology and Systems unit, comprising both actuaries and programmers, is responsible for the initial development and maintenance of these models. The models have a modular structure that allows for a high degree of accuracy, flexibility and user control. The client team programs the assumptions and the plan provisions, validates the models, and reviews test lives and results, under the supervision of the responsible actuaries.

## **SUMMARY OF PLAN PROVISIONS**

This subsection summarizes the major provisions of the Plan as included in the valuation. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

### **Plan Status**

BENEFITS FROZEN EFFECTIVE 02/28/2017

### **Normal Retirement**

- Requirement: Age 65 for members prior to January 1, 2002. For new members on or after January 1, 2002, the later of (a) the first day of the month coincident with or following age 65, or (b) the fifth anniversary of participation in the plan, but in no event later than attainment of age 68.

- Amount:

Each member who has a separation from service during the month in which he attains his Normal Retirement Age shall be entitled to a benefit for life, payable monthly, equal to 1/12 of his Accrued Benefit.

Accrued Benefit:

(a) For the period commencing with January 1, 2010, the Accrued Benefit of a Participant who was a Participant in the Plan on December 31, 2009, and who was an Eligible Employee on January 1, 2010, shall be determined in accordance with (b)(i), (b)(ii) or (b)(iii) below, as applicable. For Eligible Employees who became Participants for the first time on or after January 1, 2010, the Accrued Benefit of such a Participant shall be determined in accordance with (c) below.

**(b)(i) Rule of 80/85 Participants.** For a Rule of 80/85 Participant, the Accrued Benefit of such a Participant shall be an annual benefit payable for the life of the Participant commencing at Normal Retirement Age equal to the sum of the Participant's benefit calculated as of December 31, 2009, in accordance with the terms of the Plan as in effect on December 31, 2009, plus, for Plan Years commencing on or after January 1, 2010, an accrual for each Year of Benefit Service determined under the formula in (b)(i)(A), below, that produces the greater accrual for the year, subject to the applicable limit in (b)(i)(B), below, for the year.

(A) Annual Accrual Formulas: The accrual for a Year of Benefit Service shall be the greater of:

- (I) The Participant's Annual Compensation for the Plan Year for which the accrual is being determined, multiplied by the Participant's annual accrual percentage as determined under the Plan as in effect on December 31, 2009; or

**Schedule SB, Part V – Summary of Plan Provisions**  
**Weil, Gotshal & Manges Partners' Defined Benefit Plan**

**EIN: 13-1456110/PN: 009**

---

- (II) The lesser of (a) or (b) multiplied by a fraction, the numerator of which is one and the denominator of which is the Divisor, all determined as of December 31, 2009, where (a) and (b) are defined as follows:
- (a) The excess of the Participant's Projected 415(b) Limit over the total of the Participant's accrued benefits as of December 31, 2009 under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan.
  - (b) The excess of (1) the Conversion Factor times the amount that is determined when the Participant's Projected Target Benefit is subtracted from the Participant's Total Accrued Benefit, over (2) the total of the Participant's accrued benefits as of December 31, 2009 under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan.
- (B) Annual Accrual Limit. The accrual for a Year of Benefit Service shall not be greater than the lesser of:
- (I) The excess of the applicable limit for the Participant for the Plan Year under section 415(b) of the Code over the total of the Participant's accrued benefits as of the last day of the prior Plan Year under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan: and
  - (II) The excess of (1) the Conversion Factor times the amount that is determined when the Participant's Target Benefit for the Prior Plan Year is subtracted from the Participant's Total Accrued Benefit, over (2) the total of the Participant's accrued benefits under the Plan, and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan as of the last day of the prior Plan Year.
- (b)(ii) Participants with Total Accrued Benefits of More than \$200,000 who are not Rule of 80/85 Participants.** For a Participant whose Total Accrued Benefit was more than \$200,000 on December 31, 2009 and who was not a Rule of 80/85 Participant, the Accrued Benefit of such a Participant shall be an annual benefit payable for the life of the Participant commencing at Normal Retirement Age equal to the sum of the Participant's benefit calculated as of December 31, 2009, in accordance with the terms of the Plan as in effect on December 31, 2009, plus, for Plan Years commencing on or after January 1, 2010, an accrual for each Year of Benefit Service determined under the formula in (b)(ii)(A), below, that produces the greater accrual for the year, subject to the applicable limit in (b)(ii)(B), below, for the year.
- (A) Annual Accrual Formulas: The accrual for a Year of Benefit Service shall be the greater of:
    - (I) The Participant's Annual Compensation for the Plan Year for which the accrual is being determined, multiplied by the Participant's annual accrual percentage as determined under the Plan as in effect on December 31, 2009; or

- (II) The lesser of (a) or (b) multiplied by a fraction, the numerator of which is one and the denominator of which is the Divisor, all determined as of December 31, 2009, where (a) and (b) are defined as follows:
- (a) The excess of the Participant's Projected 415(b) Limit over the total of the Participant's accrued benefits as of December 31, 2009 under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan.
  - (b) The excess of (1) the Conversion Factor times the amount that is determined when the Participant's Accrued Target Benefit is subtracted from the Participant's Total Accrued Benefit, over (2) the total of the Participant's accrued benefits as of December 31, 2009 under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan.
- (B) Annual Accrual Limit. The accrual for a Year of Benefit Service shall not be greater than the lesser of:
- (I) The excess of the applicable limit for the Participant for the Plan Year under section 415(b) of the Code over the total of the Participant's accrued benefits as of the last day of the prior Plan Year under the Plan, the Variable Defined Benefit Plan, and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan; and
  - (II) The excess of (1) the Conversion Factor times the amount that is determined when the Participant's Target Benefit for the Prior Plan Year is subtracted from the Participant's Total Accrued Benefit, over (2) the total of the Participant's accrued benefits under the Plan, and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan as of the last day of the prior Plan Year.
- (biii) Participants with Total Accrued Benefits of Less than \$200,000 who are not Rule of 80/85 Participants.** For a Participant whose Total Accrued Benefit was less than \$200,000 on December 31, 2009 and who was not a Rule of 80/85 Participant, the Accrued Benefit of such a Participant shall be an annual benefit payable for the life of the Participant commencing at Normal Retirement Age equal to the sum of the Participant's benefit calculated as of December 31, 2009, in accordance with the terms of the Plan as in effect on December 31, 2009, plus, for Plan Years commencing on or after January 1, 2010, an accrual for each Year of Benefit Service determined under the formula in (b)(iii)(A), below, that produces the greatest accrual for the year, subject to the applicable limit in (b)(iii)(B), below, for the year.

- (A) Annual Accrual Formulas: The accrual for a Year of Benefit Service shall be the greatest of:
  - (I) \$8,000 multiplied by the Conversion Factor;
  - (II) The Participant's Annual Compensation for the Plan Year for which the accrual is being determined, multiplied by the Participant's annual accrual percentage as determined under the Plan as in effect on December 31, 2009; or

- (III) The lesser of (a) or (b) multiplied by a fraction, the numerator of which is one and the denominator of which is the Divisor, all determined as of December 31, 2009, where (a) and (b) are defined as follows:
- (a) The excess of the Participant's Projected 415(b) Limit over the total of the Participant's accrued benefits as of December 31, 2009 under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan.
  - (b) The excess of (1) the Conversion Factor times the amount that is determined when the Participant's Accrued Target Benefit is subtracted from the sum, not to exceed \$200,000, of (x) the Participant's Total Accrued Benefit and (y) the product of \$8,000 multiplied by the Multiplier, over (2) the total of the Participant's accrued benefits as of December 31, 2009 under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan.
- (B) Annual Accrual Limit. The accrual for a Year of Benefit Service shall not be greater than the lesser of:
- (I) The excess of the applicable limit for the Participant for the Plan Year under section 415(b) of the Code over the total of the Participant's accrued benefits as of the last day of the prior Plan Year under the Plan, the Variable Defined Benefit Plan, and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan; and
  - (II) The excess of (1) the Conversion Factor times the amount that is determined when the Participant's Target Benefit for the Prior Plan Year is subtracted from the sum of (x) the Participant's Total Accrued Benefit, and (y) \$8,000 per Year of Benefit Service after December 31, 2009 (where (x) plus (y) cannot exceed \$200,000); over (2) the total of the Participant's accrued benefits under the Plan and, if applicable, the Weil, Gotshal & Manges Employees' Pension Plan as of the last day of the prior Plan Year.
- (c) Accrued Benefits for Eligible Employees Who First Became Participants on or after January 1, 2010.** The Accrued Benefit of an Eligible Employee who first became a Participant on or after January 1, 2010 shall be an annual benefit payable for the life of the Participant commencing at Normal Retirement Age equal to the sum of the annual accruals where the accrual for each Year of Benefit Service is determined under the formula in (c)(i), below, subject to the applicable limit in (c)(ii), below, for the year.
- (i) Annual Accrual Formula: The accrual for a Year of Benefit Service shall be equal to \$8,000 multiplied by the Conversion Factor.
  - (ii) Annual Accrual Limit. The accrual for a Year of Benefit Service shall not be greater than the lesser of:
    - (A) The excess of the applicable limit for the Participant for the Plan Year under section 415(b) of the Code over the total of the Participant's accrued benefits as of the last day of the prior Plan Year under the Plan, and the Variable Defined Benefit Plan; and

(B) The excess of (I) the Conversion Factor times \$200,000, over (II) the Participant's accrued benefit under the Plan as of the last day of the prior Plan Year.

Effective February 28, 2017, benefit accruals under the Plan are frozen and therefore, no accruals will be provided afterwards.

Annual Compensation:

Net self-employment earnings during a Plan Year prior to the allocation of pension costs for all Partners' Plans, known as Net Partnership Distributable Income. The Annual Compensation taken into account under the Plan for any Plan Year shall not exceed the dollar limit specified in section 401(a)(17) of the Code, as adjusted for cost-of-living increases in accordance with section 401(a)(17)(B) of the Code.

Accrued Target Benefit

The total of the hypothetical amounts credited at the Participant's Eligibility Age to a Participant's account under the Weil, Gotshal & Manges Partners' Target Pension Plan (the "Target Plan"), now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan ("the Closed Target Plan"), and to the Participant's account under the Weil, Gotshal & Manges Partners' Defined Contribution Plan (the "DC Plan"), now merged into the Weil, Gotshal & Manges Section 401(k) Savings and Investment Plan, determined in each case as of December 31, 2009, and by taking the amount credited to the Participant's account as of December 31, 2009 (after adjustments for 2009 investment gains or losses and for the 2009 employer contribution, but without regard to any adjustments for employer contributions after the 2009 contribution, if any), assuming an annual investment return of 7.5% per year, and an assumed annuity conversion factor (converting a single sum to a 10-year certain and life annuity) based on the Closed Target Plan Actuarial Assumptions as of December 31, 2009.

Conversion Factor

The factor used to convert a 10 year certain & life annuity to a single life annuity at Eligibility Age using an interest rate of eight percent (8%); and (ii) the 1983 Table "a" for male lives for Individual Annuity Valuation as published by the Society of Actuaries.

Divisor

For each Participant, the excess of the Participant's Eligibility Age over the Participant's nearest age as of December 31, 2009, or if greater, five (5).

Eligibility Age

The age at which the Participant is eligible for an unreduced Total Accrued Benefit.

Multiplier

For each Participant, the excess of the Participant's Eligibility Age over the Participant's nearest age as of December 31, 2009.

Projected 415(b) Limit

The 2010 limit of \$195,000 under section 415(b) of the Code projected to the limit in the calendar year in which the Participant attains his or her Eligibility Age, assuming 2.5% per year growth in the Consumer Price Index, determined as of December 31, 2009.

Projected Target Benefit

The total of the hypothetical amounts credited at Normal Retirement Age to a Participant's account under the Weil, Gotshal & Manges Partners' Target Pension Plan (the "Target Plan"), now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan ("the Closed Target

**Schedule SB, Part V – Summary of Plan Provisions**

Plan"), and to the Participant's account under the Weil, Gotshal & Manges Partners' Defined Contribution Plan (the "DC Plan"), now merged into the Weil, Gotshal & Manges Section 401(k) Savings and Investment Plan, determined in each case as of December 31, 2009, and by assuming continued annual contributions to the Closed Target Plan through December 31 of the year prior to the year in which the Participant attains Normal Retirement Age (or December 31 of the year in which the Participant attains Normal Retirement Age if born in the month of December) equal to the excess of the projected limit in section 415(c) of the Code over the projected limit in section 402(g) of the Code, assuming 2.5% per year growth in the Consumer Price Index, an assumed annual investment return of 7.5% per year, and an assumed annuity conversion factor (converting a single sum to a 10-year certain and life annuity) based on the Closed Target Plan Actuarial Assumptions as of December 31, 2009.

Rule of 80/85 Participant

A Participant who attained Early Retirement Age under the Plan on or before December 31, 2009 because the Participant's combined years of age and Years of Partner Service equaled 80 years, or because the Participant's combined years of age and Vesting Service equaled 85 years.

Target Benefit for the Prior Plan Year

The total of the hypothetical amounts credited at the Participant's Eligibility Age to a Participant's account under the Weil, Gotshal & Manges Partners' Target Pension Plan (the "Target Plan"), now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan ("the Closed Target Plan"), and to the Participant's account under the Weil, Gotshal & Manges Partners' Defined Contribution Plan (the "DC Plan"), now merged into the Weil, Gotshal & Manges Section 401(k) Savings and Investment Plan, for the prior plan year, determined in each case by taking the actual amount credited to the Participant's account as of the prior plan year assuming an annual investment return of 7.5% per year, and an assumed annuity conversion factor (converting a single sum to a 10-year certain and life annuity) based on the actuarial assumptions specified in the Closed Target Plan Actuarial Assumptions.

Closed Target Plan Actuarial Assumptions

The actuarial assumptions specified in the Closed Target Plan as of the applicable date, as those assumptions may be modified from time to time hereafter without the need for further amendment to this Plan.

Total Accrued Benefit

The amount specified in the records of the Firm as the Participant's total retirement benefit, as determined on December 31, 2009.

Accrued Benefits of Participants as of December 31, 2009 are defined as follows:

For (non P.C.) Equity or Guaranteed Partners, prior to January 1, 2000, the least of:

- (a) 1% of compensation for each year of Benefit Service.
- (b) 25% of the IRC Section 415(b)(1)(A) limitation as adjusted.
- (c) The excess of the accrued benefit as determined under the Partnership Agreement reduced by the benefit purchasable with the Weil, Gotshal & Manges Partners' Target Pension Plan, now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan, assets as of the calculation date, but utilizing a 7.5% interest assumption rather than the Plan's Actuarial Equivalence.

Note: This benefit cannot be less than the Accrued Benefit as of December 31, 1994.

For plan years commencing January 1, 2000 through December 31, 2004,

For those who became (non-P.C.) Equity or Guaranteed Partners prior to January 1, 1991, the lesser of:

- (a) A percentage of compensation for each Year of Benefit Service where the percentage is defined as Projected Years of Pension Service over Projected Years of Participation not greater than 5%.
- (b) The excess of the accrued benefit as determined under the Partnership Agreement reduced by the benefit purchasable with the Weil, Gotshal & Manges Partners' Target Pension Plan, now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan, assets as of the calculation date, but utilizing a 7.5% interest assumption rather than the Plan's Actuarial Equivalence.

For those who became (non-P.C.) Equity or Guaranteed Partners January 1, 1991 and later, the lesser of:

- (a) 1% of compensation for each Year of Benefit Service.
- (b) The excess of the accrued benefit as determined under the Partnership Agreement reduced by the benefit purchasable with the Weil, Gotshal & Manges Partners' Target Pension Plan, now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan, assets as of the calculation date, but utilizing a 7.5% interest assumption rather than the Plan's Actuarial Equivalence.

Projected Years of Pension Service:

Projected Years of Vesting Service (commencing with January 1 following the employment commencement date) to Normal Retirement Date, assuming continuation as a Partner to Normal Retirement Date reduced by nine (9), representing Years of Vesting Service from January 1, 1991 to December 31, 1999.

Projected Years of Participation:

Projected Years of Benefit Service from January 1, 2000 to Normal Retirement Date.

For P.C. Members that were participants prior to January 1, 2002, the Accrued Benefit is a fraction of the Projected Benefit, prorated on participation. The Projected Benefit is 1% of the P.C. Member's Average Annual Compensation (the average of the compensations for the 5 highest consecutive full calendar years of employment out of 10). This Projected Benefit parallels the formula under the Pension Plan for Non-legal Support Staff.

For plan years commencing January 1, 2002 through December 31, 2004,

For participants with 20 years of service as of December 31, 2002, an additional accrual of 50% of annual compensation divided by Years of Benefit Service from January 1, 2002 to Normal Retirement Date but not greater than 10% of annual compensation and subject to the limitation of the excess of the accrued benefit as determined under the Partnership Agreement reduced by the benefit purchasable with the Weil, Gotshal & Manges Partners' Target Pension Plan, now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan, assets as of the calculation date, but utilizing a 7.5% interest assumption rather than the Plan's Actuarial Equivalence.

For new P.C. Members, an additional accrual of 50% of annual compensation divided by Years of Benefit Service from January 1, 2002 to Normal Retirement Date but not greater than 13% of annual compensation and subject to the limitation of the excess of the accrued benefit as determined under the Partnership Agreement reduced by the benefit purchasable with the Weil, Gotshal & Manges Partners' Target Pension Plan, now known as the Weil, Gotshal & Manges Closed Partners' Target Pension Plan, assets as of the calculation date, but utilizing a 7.5% interest assumption rather than the Plan's Actuarial Equivalence.

For P.C. Members that were participants prior to January 1, 2002, the current rate of accrual continues from Normal Retirement Date to actual date of retirement.

For plan years commencing January 1, 2005 and later,

For those who became (non-P.C.) Equity or Guaranteed Partners prior to January 1, 1991,

A percentage of compensation for each Year of Benefit Service where the percentage is defined as Projected Years of Pension Service over Projected Years of Participation not greater than 5%.

For those who became (non-P.C.) Equity or Guaranteed Partners January 1, 1991 and later,

1% of compensation for each Year of Benefit Service.

Projected Years of Pension Service:

Projected Years of Vesting Service (commencing with January 1 following the employment commencement date) to Normal Retirement Date, assuming continuation as a Partner to Normal Retirement Date reduced by nine (9), representing Years of Vesting Service from January 1, 1991 to December 31, 1999.

Projected Years of Participation:

Projected Years of Benefit Service from January 1, 2000 to Normal Retirement Date.

For participants with 20 years of service as of December 31, 2002, an additional accrual of 70% of annual compensation divided by Years of Benefit Service from January 1, 2002 to Normal Retirement Date but not greater than 10% of annual compensation.

For participants with 17 years of service as of December 31, 2005, an additional accrual of 70% of annual compensation divided by Years of Benefit Service from January 1, 2005 to Normal Retirement Date but not greater than 10% of annual compensation.

For new P.C. Members, an additional accrual of 70% of annual compensation divided by Years of Benefit Service from January 1, 2002 to Normal Retirement Date but not greater than 13% of annual compensation.

For P.C. Members that were participants prior to January 1, 2002, the current rate of accrual continues from Normal Retirement Date to actual date of retirement.

## Non-Prescribed Assumption Changes Since Prior Valuation

- Assumption Type: Administrative Expenses
- Current Assumptions: \$365,000
- Prior Assumptions: \$840,000
- Reason for Change: Plan Experience

*The above change was based on review of administrative expenses paid by the plan to better reflect anticipated plan experience and PBGC variable-rate premium changes. The assumption change did not result in a decrease in the ERISA funding shortfall for the current plan year that would require IRS approval.*
