INDEPENDENT AUDITOR'S REPORT

To the 401(k) Committee of
Quiddity 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Quiddity 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024 and supplemental schedule H, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QUIDDITY 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Quiddity 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Plan Administration and Restatement

Effective January 1, 2024, the Plan changed recordkeeper and custodian from Newport Group and Charles Schwab Trust Bank, respectively, to Vanguard Group, Inc. (“Vanguard”) and Ascensus Trust Company (“Ascensus”), respectively. Plan assets were transferred to Ascensus on January 2, 2024, and posted to participant accounts on January 16, 2024. The conversion initiated a blackout period beginning December 26, 2023 and continuing through January 21, 2024. During this period, participants could not direct or diversify investments in their account. Participants could not obtain a loan or distribution from the Plan during this period until after January 16, 2024. Payroll deductions continued to be withheld and invested.

The Plan was amended and restated to adopt a new pre-approved plan document sponsored by Ascensus, LLC. The Plan sponsor changed from Quiddity-1, Inc. to Quiddity Engineering, LLC. Any changes to the Plan’s provisions are described below.

General

The Plan is a defined contribution plan covering all employees of Quiddity Engineering, LLC, except union employees, nonresident aliens, leased employees, employees who are COOP students and students whose employment is on a temporary or contract basis. Employees are eligible to participate on the first day of the month coinciding with, or next following the completion of one month of service and the attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make pre-tax and/or Roth salary deferral contributions up to 100% of eligible compensation, subject to the limits imposed by the Internal Revenue Code (IRC). Participants are automatically enrolled in the Plan at a 6% pre-tax salary deferral contribution unless the participant elects a different deferral percentage or elects to opt out. Effective January 1, 2024, the Plan added an auto-escalation feature, for automatically enrolled participants, that increases a participant’s pre-tax salary deferral by 1% every year on January 1st up to a maximum of 10% unless the participant opts out. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollovers from other qualified plans. The Plan is participant directed. Participants may change their contribution percentage each pay period and their investment options at any time.

The Company may make a discretionary matching contribution each plan year. Prior to January 1, 2024 the discretionary matching contribution was capped at 6% of participants eligible compensation. On January 1, 2024 the cap on the discretionary matching contribution was removed. For the plan year ended December 31, 2024, the Company matched 50% of each participant’s salary deferral contributions up to 6% of the participant’s eligible compensation, totaling \$2,224,800.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

The Company may also make a discretionary profit sharing contribution each plan year. Participants must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year to be eligible. For the plan year ended December 31, 2024, the Company made a discretionary profit sharing contribution equal to 3% of a participant's eligible compensation, totaling \$2,301,737. Forfeitures of \$320,813 were used in 2025 to reduce the 2024 profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Plan participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance in the Plan or \$50,000, reduced by the excess, if any, of the highest outstanding balance of loans from the Plan by the participant during the one-year period, ending on the day before the date on which such loan is made. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. Effective January 1, 2024, the Plan increased the maximum period of repayment on a loan taken for the purchase of a primary residence from 10 years to 30 years. The loans bear interest at the prime rate plus 1% as determined at the date of the loan and are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest. Participants may only have one loan outstanding at a time.

Vesting

Participants are at all times fully vested in their contributions and the appreciation or depreciation thereon. Vesting in the Company's contributions is based on years of continuous service. Participants vest 20% per year after two years of service and are 100% vested after six years of service. Participants are immediately vested upon attainment of the participant's retirement, death, or total and permanent disability.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to their Company contributions. Forfeitures are used to pay Plan administrative expenses or reduce Company contributions. At December 31, 2024 and 2023, forfeited unallocated nonvested accounts totaled \$318,864 and \$433,734, respectively. Forfeitures of \$442,524 were used to reduce the Company's discretionary nonelective profit sharing contribution made during 2024 for the 2023 plan year. There were no forfeitures used to pay Plan administrative expenses during 2024.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Normal retirement age under the Plan is 65. Upon a participant's termination or retirement, the vested funds in the participant's account are available to be distributed in a lump-sum payment or other methods as defined in the Plan. In-service and hardship distributions are also allowed subject to the provisions of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan, becoming 100% vested in all amounts credited to their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company discretionary matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation. The Company discretionary profit sharing contribution is recorded in the plan year in which participant compensation is paid.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Participants are responsible for fees associated with transactions such as service and administrative fees, loans, and distributions which are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Money Market Deposit Account: Valued at cost, which approximates fair value.

Money Market Fund: Valued at net asset value (NAV), which is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fund seeks to maintain a stable NAV of \$1. The NAV is a quoted price in an active market.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-Traded Funds: Valued based on quoted prices in an active market.

Self-Directed Brokerage Account: Composed primarily of a money market fund, common stocks, exchange traded funds, and mutual funds valued at the closing/quoted price reported on the active market on which the individual securities are traded, as well as, interest bearing cash sweep accounts.

QUIDDITY 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Separately Managed Accounts: Portfolio of assets under the management of a professional investment firm. Composed of mutual funds and exchange-traded funds valued at the closing/quoted price reported in the active market on which the individual funds are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Collective Trust Fund: Valued at NAV reported by the trustee based on the fair value of the underlying investments less liabilities. The underlying investments consist of direct equity holdings in large capitalization stocks valued at the closing price reported on the active market on which the individual security is traded.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2024 or 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

NOTE 4 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2024, the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024, and the related investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024. Charles Schwab Trust Bank, custodian of the Plan through December 31, 2023, certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2023.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by entities related to Vanguard, the recordkeeper of the Plan and, therefore, qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 7 - TAX STATUS

The Plan has adopted a pre-approved plan document sponsored by Ascensus, LLC with an opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the pre-approved plan document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

Employer contributions receivable at December 31, 2024	<u>(2,130,935)</u>
Change in net assets available for benefits per the Form 5500	<u>\$21,205,789</u>

NOTE 9 - DELINQUENT CONTRIBUTIONS

During 2024, there were unintentional delays by the Company in submitting participant contributions to the Plan in the amount of \$9,607. The Company intends to compensate the affected participants for lost earnings on these delinquent contributions in 2025.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.
