The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

## **Opinion (Continued)**

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

### **Other Matters**

#### ***Supplementary Schedule Required by ERISA***

The supplementary Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Other Matters (Continued)**

***Supplementary Schedule Required by ERISA (Continued)***

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## SUN MOTOR CARS, INC. SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### Note 1. Description of the Plan

The following description of Sun Motor Cars, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) plan that is available to all eligible employees of Sun Motor Cars, Inc. (a group of affiliated employers related through common ownership and collectively referred to as the Company). Principal Trust Company and Principal Life Insurance Company (Principal) serve as the custodians of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees of the Company who have attained the age of 18 and completed 60 days of service are eligible for participation. Eligible employees begin to participate on the first day of the month following completion of the age and service requirements.

Contributions: Each year, participants may elect to defer a portion of their eligible compensation up to 100%, as defined by the Plan, up to the maximum dollar limit prescribed by the Internal Revenue Code (IRC). The Plan has an automatic enrollment provision whereby participants will automatically have 8% of their compensation deferred into the Plan as a pre-tax elective deferral, unless they make an alternative election or opt-out of participation. The automatic deferral percentage will increase by 1% per year thereafter, on April 1<sup>st</sup>, until it reaches 15%. Participants who attain age 50 by the end of the Plan year are eligible to make additional (catch-up) contributions, subject to annual limitations. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan also includes a Roth 401(k) deferral option.

The Company may make a discretionary matching contribution as determined by the Board of Directors. During the year ended December 31, 2024, the Board of Directors chose to make a matching contribution equal to 25% of the first 8% of eligible compensation that a participant contributes as an elective deferral.

Participant Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment allocation at any time.

Participant Accounts: Each participant's account is credited with (a) the participant's contributions and the Company's matching contributions, if any, (b) an allocation of Plan earnings, net of administrative expenses. The Plan's earnings or losses are allocated according to the participant's relative account balance in the various investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately 100% vested in their salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. After two years of service, participants become vested at 20%. Vesting increases an additional 20% per year thereafter until the participant is fully vested after six years of service. Participants become fully vested upon retirement, disability, or death.

### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Description of the Plan (Continued)

Notes Receivable from Participants: Participant loans are not permitted by the Plan at this time.

Payment of Benefits: A participant or beneficiary shall be entitled to receive all or a portion of the balance held in his or her account upon termination of employment, retirement, death, or disability. The plan provides for in-service distributions for participants reaching age 59½ and in the event of a severe financial hardship, as defined by the plan. Participant benefits are paid in a lump sum payment or installments. Vested balances of less than \$5,000 may be automatically distributed without participant consent in a single lump-sum payment. Vested balances greater than \$1,000 but less than \$7,000 may be automatically rolled-over without participant consent to an individual retirement account.

Forfeited Accounts: A participant's accrued vested benefit is determined on the date employment is terminated. The non-vested portion is forfeited upon total distribution of an individual's account. Forfeitures of participant's non-vested accounts are used to reduce matching contributions or to pay administrative expenses. Forfeited non-vested accounts amounted to \$1 and \$1,162 as of December 31, 2024 and 2023, respectively. During 2024, forfeitures of \$6,942 were used to reduce matching contributions and forfeitures of \$13,416 were used to pay administrative expenses.

Administrative Expenses: All significant costs to administer the Plan are paid by the Plan if not paid by the Company. Any expenses paid by the Company are not reflected in the accompanying financial statements. Investment related expenses are included in net appreciation of fair value of investments.

#### Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid for transferring a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

#### **Note 2. Summary of Significant Accounting Principles (Continued)**

Investment Contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value if the contract is not fully benefit responsive. The Plan invests in an investment contract through an insurance company group annuity contract with an available investment option of an annuity contract (Principal Guaranteed Option). The Principal Guaranteed Option is fully benefit-responsive as the contract meets the basic criteria to be considered a benefit-responsive contract. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (See Note 5).

The Plan also has a guaranteed interest account that is not fully benefit-responsive as the contract does not meet the basic criteria to be considered a benefit-responsive contract. Transfers from the Guaranteed Interest Account to other investment options may be subject to a market value adjustment (i.e., valued at the lesser of contract or market) The Plan utilizes the net asset value (NAV) provided by the custodian, Principal, as a practical expedient to estimate fair value.

Payment of Benefits: Benefits are recorded when paid.

Reclassifications: Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events: In preparing these financial statements, the Plan Administrator has evaluated events and transactions for potential recognition or disclosure through October 8, 2025, the date the financial statements were available to be issued (See Note 10).

#### **Note 3. Information Certified by the Custodians**

Certain information related to investments is disclosed on the accompanying financial statements and ERISA-required supplementary schedule, including investments from participants held at December 31, 2024 and 2023, and net appreciation in fair value and contract value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (together, the Plan's Custodian).

### NOTES TO FINANCIAL STATEMENTS

#### Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.
- Level 2 Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, which are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 input include quoted prices for similar assets or liabilities in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The following are descriptions of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies: Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end as reported to the Plan by the insurance company. The accumulated unit value is determined daily by the custodians and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of pooled separate accounts are not publicly quoted and are, therefore, classified as Level 2 investments.

Guaranteed Interest Account: The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed credit ratings.

## SUN MOTOR CARS, INC. SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

#### Note 4. Investments and Fair Value Measurements (Continued)

Collective Investment Trusts: The Plan invests in Principal Life-Time Hybrid collective investment trust funds offered by Principal Global Investors Trust Company. The collective investment trust funds are valued based upon the net asset value (NAV) of units of the Trusts as reported to the Plan by the trusts. Units of the trusts are published daily and used as the basis for current transactions. The units of the CIT are valued daily based on closing market prices of the underlying investments. The daily unit value is computed by dividing the total assets of the trusts, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trusts and included in the determination of unit values. The collective investment trust funds provide for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, reflects the Plan's investments reported as of December 31, 2024 and 2023:

### NOTES TO FINANCIAL STATEMENTS

#### Note 4. Investments and Fair Value Measurements (Continued)

\*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

The following table summarizes investments for which fair value is measured using net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

#### **Note 5. Investment Contracts with Insurance Company**

The Plan has entered into two group annuity contracts with Principal Life Insurance Company (Principal Life) which provide for investments in various pooled separate accounts, a guaranteed interest account and allows for the purchase of deferred income annuities issued by Principal Life.

The annuity contract held by the plan, Principal Guaranteed Option, is a general account-backed, stable value group annuity contract. Benefit payments are made at book value for plan benefit events and investment transfers initiated by plan participants, thus this contract is considered fully benefit-responsive and reported at contract value, as discussed in Note 2. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they are to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer, surrender charges, or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but cannot be less than 0%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options, or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify from exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Additionally, upon termination of the group annuity contract, the Plan Sponsor may choose to receive a payout in a lump sum with a market value adjustment or receive the payout in a lump sum at book value, which the contract issuer may defer payment to a date no longer than twelve months.

The average yield based on actual earnings was 2.55% for the year ended December 31, 2024. The average yield based on interest rate credited to participants was 2.55% the year ended December 31, 2024.

#### **Note 6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

#### **Note 7. Related Party and Party-in-Interest Transactions**

Certain Plan investments are funds managed by Principal and its affiliates. The Principal companies are the custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

#### **Note 8. Tax Status**

The Plan has adopted a non-standardized pre-approved profit-sharing plan with CODA sponsored by Principal Life Insurance Company. The sponsor of the prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, that the prototype plan as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

#### **Note 10. Subsequent Events**

Effective January 2, 2025, the plan changes its investment option for collective investments trusts funds from the Principal Life -Time Hybrid Funds to the flexPATH Strategies RetirePilot American Funds target date funds through the Great Gray Collective Investment Trust.
