We have performed audits of the financial statements of AdvantageCare Rehabilitation, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AdvantageCare Rehabilitation, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AdvantageCare Rehabilitation, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AdvantageCare Rehabilitation, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the AdvantageCare Rehabilitation, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AdvantageCare Rehabilitation, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ADVANTAGECARE REHABILITATION, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of the AdvantageCare Rehabilitation, Inc. 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have at least three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated and amended on January 1, 2024 to change the minimum age to eighteen or older.

Contributions

Each participant may elect to contribute (elective deferrals) a portion of his or her compensation under a salary reduction agreement. Elective contributions may not exceed the dollar limitations contained in IRS Code Section 402(g), including the option for catch-up contributions, in effect at the beginning of the taxable year. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). The Company elected to provide a discretionary \$0.10 on a \$1.00 employer match up to 6% of employee elective deferrals, which totaled \$78,475 for the year ending December 31, 2024. The Company may, on an annual basis, elect to make profit sharing and matching contributions to the Plan. The discretionary profit sharing contributions are allocated to participants based on relative compensation.

Funding Policy

The Company shall, within the time period and manner permitted by the Internal Revenue Code, remit to the trustee an amount equal to the sum of the elective deferral contributions and the Company matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures, if any, and charged with an allocation of administrative expenses, if elected by the Company. Dividends, interest and other income earned are reinvested by the trustee in the investment for which such income was received. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment of Contributions

The participant, with the consent of the trustee, shall direct the investment of all elective deferral, matching and employee rollover contributions made on the participant's behalf. Voya Retirement Insurance and Annuity Company (the "Trustee") offer various investment options under the trust or group contract. The participant may allocate the participant's contribution in any proportion the participant chooses among these options. The participant may also direct the transfer of any portion of the participant's account balance between these investment options.

ADVANTAGECARE REHABILITATION, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payments of Benefits

Participants who terminate under the Plan are paid the current value of their vested account balance. All distributions are in the form of cash. The Plan provides for the payout of a participant's separate account upon retirement, death or other termination to be made as soon as administratively feasible. The Plan does not require a terminated participant's consent to pay distributions if the participant's account balance is below \$5,000. Payments of benefits will be paid in a single lump sum amount only.

Notes Receivable from Participants

The Plan permits limited borrowing by a participant against the value of his or her vested account. Repayments of principal and interest are credited to the participants' separate account within the investment options as elected by the participant. Until such repayments are received, the loan receivable is accounted for in the participant loan fund. A loan is treated as delinquent if no payment has been received for 90 days. At that time, per Section 72(p) of the Internal Revenue Code, the loan is deemed as distributed and written off as a participant distribution in the Plan. The Plan does not place participant loans on a nonaccrual status due to the infrequent volume of loans and the overriding IRC requirements governing participant loans. Participant loans were \$71,589 and \$10,501 for the years ended December 31, 2024 and 2023.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service for profit sharing contributions and is 100% vested after six years of credited service for employer matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the various investment options selected by the Company. Participants may change their investment options daily.

Forfeited Accounts

Any participant who terminates employment forfeits his or her non-vested amounts in discretionary employer profit sharing or employer matching contributions. Forfeitures are used to reduce future employer contributions.

	<u>2024</u>	<u>2023</u>
Prior forfeiture balance	\$ 4,537	\$ -
New forfeitures	10,452	10,655

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The Plan management's policy is to prepare the Plan's financial statements on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

The investments of the Plan at December 31, 2024 are maintained in the form of pooled separate accounts, unallocated contracts, contributions receivable and notes receivable from participants. The pooled separate accounts are reported at their estimated fair value based on the value of the underlying assets of the investments as determined by the trustee. The fully benefit-responsive investment contracts are reported at contract value, which approximates fair value. Contributions receivable and notes receivable from participants are stated at cost which approximates fair value.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded as expenses when paid through the Benefit Payments and Deemed Distributions accounts. Distributions to participants during 2024 were in the amount of \$572,831.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Fees

Administrative fees are paid by AdvantageCare Rehabilitation, Inc. (the "Company") or the Plan at the option of the Company.

Subsequent Events

Management has evaluated subsequent events through September 15, 2025, which was the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Notes receivable from participants: Valued at amortized cost, which approximates fair value.

Pooled Separate Accounts: Valued at the net asset value of shares held by the Plan at year end.

The following table provides information about the Plan's financial assets measured at fair value by FASB ASC Topic 820 hierarchy levels for the year ended December 31, 2024:

	Identical Level 1 <u>Assets</u>	Similar Level 2 <u>Assets</u>	Unobservable Level 3 <u>Assets</u>	<u>Total</u>

Total Assets at Fair Value	<u>\$9,638,775</u>	<u>\$ -</u>	<u>\$ 71,589</u>	<u>\$9,710,364</u>

The following table provides information about the Plan's financial assets measured at fair value by FASB ASC Topic 820 hierarchy levels for the Plan year ended December 31, 2023:

	Identical Level 1 <u>Assets</u>	Similar Level 2 <u>Assets</u>	Unobservable Level 3 <u>Assets</u>	<u>Total</u>

The following is a description of the valuation methodologies used for asset measurement at fair value:

For pooled separate accounts held, the assets are classified as Level 1. Voya uses quoted market prices for Level 1 assets. The unit values of all accounts are published daily on the Voya website.

NOTES TO FINANCIAL STATEMENTS

(Continued)

DECEMBER 31, 2024

NOTE 4 – GUARANTEED INVESTMENT CONTRACTS

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-Interest Transactions

The Plan identifies owners Amy Hancock and William Henry as parties-in-interest. The Plan identifies Voya as trustee and as a party-in-interest. The Plan identifies AdvantageCare Rehabilitation, Inc. and Advantage Home Health Services as Plan sponsors and common ownership respectively as parties-in-interest. The Plan identifies Case | Sabatini, Plan auditors, as parties-in-interest.

DECEMBER 31, 2024

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participants or beneficiary under the plan of any vested right.

NOTE 7 – TAX STATUS

The Company adopted the Transamerica Retirement Solutions Corporation Volume Submitter 401(k) Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Service Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Effective March 1, 2022, the Plan was restated to conform to the CARES act.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – INFORMATION CERTIFIED BY PLAN TRUSTEE

The December 31, 2024 and 2023 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Voya, the Plan’s Trustee, in accordance with 29 CFR 2520.103-8 under the Department of Labor’s Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$10,354,690 and \$7,745,409 at December 31, 2024 and 2023, respectively.
