## INDEPENDENT AUDITOR'S REPORT

Participants, Board of Directors, Plan Administrator and Plan Management  
OB-GYN Associates of Erie 401(k) Profit Sharing Plan  
Erie, Pennsylvania

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the OB-GYN Associates of Erie 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**OB-GYN Associates of Erie 401(k) Profit Sharing Plan**  
**Notes to Financial Statements**  
**December 31, 2024**

**1. Description of Plan**

The following description of the OB-GYN Associates of Erie 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all full-time employees of OB-GYN Associates of Erie, P.C. (the Plan Sponsor) who are 21 years of age and have attained 1 year of service (1,000 hours in a 12 month period). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2024, full-time employees become eligible once they have attained 90 days of service.

**Participant Contributions**

Employees may elect to make both salary deferred traditional pre-tax and Roth 401(k) contributions to the Plan. Participants' contributions are subject to certain limitations based on Internal Revenue Service (IRS) regulations.

Effective April 1, 2024, new full-time employees are automatically enrolled in the Plan on a quarterly basis at a deferral rate of 3% after the 90 days of service requirement is met.

**Plan Sponsor Contributions**

The Plan Sponsor may make contributions to the Plan on behalf of the participant under the following provisions:

*Safe Harbor Non-elective Contribution* – The Plan Sponsor will make contributions equal to 3% of each eligible employee's compensation, regardless of whether they elect to make any deferrals to the Plan.

*Discretionary Matching Contribution* – The Plan Sponsor may, in its sole discretion, make a matching contribution based on each participant's elective deferrals under the Plan. A discretionary matching contribution was not made during the years ended December 31, 2024 or 2023.

*Discretionary Profit-Sharing Contribution* – The Plan Sponsor may, in its sole discretion, make a profit-sharing contribution on each eligible participant's behalf. Such a contribution, if made, will be determined at the end of each plan year, subject to the approval of the Plan Sponsor's Board of Directors. There was no discretionary profit sharing contribution made for the years ended December 31, 2024 and 2023.

**Participant Accounts**

Each participant's account is credited with the participant's elective deferral contribution, the Plan Sponsor's non-elective and profit-sharing contributions, and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant may direct the investment of their funds within the investments offered by the Plan.

**OB-GYN Associates of Erie 401(k) Profit Sharing Plan**  
**Notes to Financial Statements (continued)**

**1. Description of Plan (continued)**

**Vesting**

Participants are immediately vested in their voluntary contributions, non-elective Plan Sponsor contributions and rollover contributions, plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary profit sharing contributions and earnings thereon is based on years of continuous service, with participants vesting at 20% after the second year and an additional 20% each year thereafter, until fully vested after six years. In the event of death or disability, or reaching normal retirement age of 65 years old, the full balance of the participant's account becomes immediately vested.

**Notes Receivable from Participants**

Individuals participating in the Plan have the option of taking loans against their account balances, with repayment terms generally not to exceed five years, except a loan which is to be used for the purchase of a principal residence. A participant may only have one loan outstanding at any given time. The loan must be a minimum of \$1,000, not to exceed the lesser of one-half of the vested participant account balance, or \$50,000, reduced by the participant's highest outstanding loan balance against their account during the prior twelve-month period. A participant's account balance will be utilized as collateral for any given loan.

**Payment of Benefits**

Participants may withdraw the balance in their vested individual account upon termination of employment with the Plan Sponsor, attainment of age 62, becoming disabled, financial hardship, or death. Participants may take distributions from the Plan as rollovers to individual retirement accounts, as rollovers to another employer plan, or as distributions paid to them in a single lump sum or in the form of installment payments. Upon the death of a participant, their beneficiary will receive the total value of the participant's account. Vested account balances of former employees between \$1,000 and \$5,000 will be rolled over to a qualified employer plan, pre-established IRA, or distributed with 20% tax withheld for the former employee. Vested account balances of former employees of \$1,000 or less are paid as a lump-sum. Benefits are recorded when paid.

**Administrative Expenses**

Substantially all investment and administrative expenses are paid by the Plan. Certain expenses, which are not material, are paid by the Plan Sponsor.

**Forfeited Accounts**

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts are used to pay administrative expenses of the Plan and any remaining forfeitures are used to reduce the Plan Sponsor's non-elective contributions and discretionary profit sharing contributions. During the years ended December 31, 2024 and 2023, forfeitures totaling \$18,024 and \$3,162 were used to pay administrative expenses and offset employer contributions, respectively. The unallocated forfeiture balance totaled \$18,448 and \$24,251 at December 31, 2024 and 2023, respectively.

**Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts regardless of whether their vesting years of service are sufficient to make them 100% vested under the Plan's vesting schedule. The value of each participant's account will be paid as directed by the Plan Sponsor.

**Notes to Financial Statements (continued)**

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the OB-GYN Associates of Erie 401(k) Profit Sharing Plan are presented on the accrual basis of accounting.

**Investment Valuation and Income Recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Because the group annuity contract is fully benefit-responsive, it is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investments in registered investment companies are valued at fair value, determined in accordance with the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) topic on *Fair Value Measurements and Disclosures* (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments are held by Empower Trust Company, LLC, the custodian of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Subsequent Events**

The Plan has evaluated subsequent events through September 24, 2025, the date the financial statements were available to be issued.

**OB-GYN Associates of Erie 401(k) Profit Sharing Plan**  
**Notes to Financial Statements (continued)**

**3. Investments**

For the years ended December 31, 2024 and 2023, the Plan Administrator elected the method of compliance permitted under ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under this election, all investment information, excluding investment information provided by Merrill Lynch and Fiduciary Trust International, disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2024 and 2023, and net realized and unrealized appreciation in fair value of investments, interest and dividend income, and administrative expenses for the years ended December 31, 2024 and 2023, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian, Empower Trust Company, LLC. The Plan assets maintained by Merrill Lynch and the Fiduciary Trust International were not covered under a similar certification, and accordingly, these assets were subject to the normal audit procedures required under a Non-ERISA Section 103(a)(3)(C) audit. Total uncertified assets consisting of self-directed brokerage accounts totaled \$1 and \$5,849,433 at December 31, 2024 and 2023, respectively. The following changes in the aforementioned assets were uncertified:

	<b>Years Ended December 31</b>	
	<b>2024</b>	<b>2023</b>
Interest and dividends	\$ 173,719	\$ 182,471
Participant contributions	61,000	60,000
Plan Sponsor contributions	-	18,300
Benefits paid to participants	6,567,366	-
Administrative expenses	33,946	33,356
Net realized and unrealized appreciation in fair value of investments	<b>517,161</b>	466,481

**4. Fair Value Measurements**

Investments are recorded at estimated fair value, in accordance with FASB ASC's *Fair Value Measurements and Disclosures* topic. This topic establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC's *Fair Value Measurements and Disclosures* topic are described as follows:

- Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2      Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**OB-GYN Associates of Erie 401(k) Profit Sharing Plan**  
**Notes to Financial Statements (continued)**

**4. Fair Value Measurements (continued)**

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds – registered investment companies:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-directed brokerage accounts:* The self-directed brokerage account allows participants to invest in a wide array of securities. Participants can invest their plan assets in individual securities such as mutual funds, individual stocks and debt securities. The fair values of these securities are based on observable market quotations for identical assets and are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

	<b>2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	<b>\$ 16,329,130</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 16,329,130</b>
Self-directed brokerage accounts	<b>1</b>	<b>-</b>	<b>-</b>	<b>1</b>
Total investments in fair value hierarchy	<b>\$ 16,329,131</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 16,329,131</b>

**5. Investment Contract with Insurance Company**

The Plan holds a group annuity contract with Empower Annuity Insurance Company of America. The group annuity contract, the Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Empower Annuity Insurance Company of America. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate, and prevailing market conditions. Interest crediting rate is reset quarterly. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value.

**5. Investment Contract with Insurance Company (continued)**

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount recognized by participants if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2024 and 2023, the Key Guaranteed Portfolio Fund's fair value equaled its contract value of \$527,686 and \$417,245, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fixed annuity investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction under ERISA.

The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**6. Income Tax Status**

The Plan has adopted a non-standardized preapproved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

During 2024, the Plan Sponsor failed to remit to the Plan in a timely manner certain participant elective deferral contributions and loan repayments totaling \$32,174. The Plan Sponsor funded these late remittances to the Plan during the year ended December 31, 2024. The Plan Sponsor is still evaluating lost earnings on the late remittances and expects to remit lost earnings to affected participants during the year ended December 31, 2025. These matters are deemed to be "self-corrected" under the IRS SCP; therefore, the Plan Sponsor believes that no formal corrective notification to the IRS or the DOL is required. The Plan Administrator believes the necessary steps were taken to properly correct the error in order to maintain the Plan's qualified status and operate in compliance with the IRC.

The FASB issued guidance on accounting for uncertainty in income taxes. During the years ended December 31, 2024 and 2023, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years ended prior to December 31, 2021.

**7. Related Party Transactions**

Certain Plan investments are held in contribution accounts managed by Empower Trust Company, LLC, Merrill Lynch and Fiduciary Trust International. These entities are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan believes fees paid to the custodians are not prohibited as they represent payments for reasonable compensation for the operation of the Plan.

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
