REPORT OF INDEPENDENT AUDITORS

To the Plan Oversight Committee of
BG Staff Services Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BG Staff Services Inc. Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General

The following brief description of the BG Staff Services Inc. Retirement Savings Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by BG Staff Services Inc. (a subsidiary of BGSF, Inc.). Participants should refer to the Plan document for more complete information. The corporate offices of BGSF, Inc. and its subsidiaries (collectively the “Company”) are located in Plano, Texas.

The Plan was effective February 1, 2002 (most recently amended August 15, 2023) and is a defined contribution plan available to employees of the Company who have attained age 18 and completed six months of service. All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement. Eligible employees may enter the Plan on the first day of each calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 60% of pre-tax annual eligible compensation, as defined by the Plan document. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the plan document. Participants may also contribute up to \$23,000 in a Roth individual retirement account plus an additional \$7,500 for individuals over the age of 50. Eligible participants may make a rollover contribution to the Plan from other qualified plans.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company makes safe harbor matching contributions to the Plan in an amount equal to 100% of the first 3% of the participants eligible compensation and 50% of the next 2% of participants eligible compensation. The Company may make discretionary contributions to the Plan as determined annually by its Board of Directors. Participants must be: (1) employed on the last day of the year, (2) have died, retired or suffered disability during such year to be eligible to receive discretionary matching contributions. In 2024, the Company did not make any discretionary matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor employer matching contributions plus actual earnings thereon. Vesting in the Company discretionary matching contribution portion of accounts, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their account balance or \$50,000 reduced by the highest outstanding loan balance during the 12-month period. Loan terms are up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2024 and 2023, interest rates ranged from 5.25% to 9.50% and 4.25% to 9.50%, respectively. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participant withdrawals are allowed for reasons of service or disability, retirement, death, or termination. Participants are entitled to all or a portion of their vested account balance after reaching the age 59 1/2. Benefits are distributed in the form of rollovers or lump sum payments. Balances that are less than 5,000 for terminated participants are automatically distributed. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (4) for the payment of post-secondary tuition expenses; (5) to make payments for burial or funeral expenses for a deceased parent, spouse, child, dependent or a primary beneficiary; (6) to pay expenses for the repair of damage to a principal residence that would qualify for the casualty deduction under Section 165 of the Code; or any other immediate and heavy financial need as determined based on the Code; or, (7) to pay expenses for the repair of damage to a principal residence from a disaster declared by Federal Emergency Management Agency.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses first with any remaining amount used to reduce employer matching contributions and non-elective contributions for the year. At December 31, 2024 and 2023, the forfeited non-vested accounts were \$5,903 and \$395, respectively. In 2024, the Plan used forfeitures of \$98,325 for employer matching contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTES TO FINANCIAL STATEMENTS *(continued)*

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair market value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note 3 for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels are as follows:

Level 1 measurements consist of unadjusted quoted prices in active markets for identical assets or liabilities. Level 2 measurements include quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 3 measurements include significant unobservable inputs.

GAAP requires that the Company describe the methodologies used to measure the fair value of assets and liabilities. The Company has described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2024 and 2023. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy.
- Common/collective trusts are valued using Net Asset Value (“NAV”) as a practical expedient. The Collective trust funds are composed primarily of fully-benefit responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value.

The following table details the Plan’s investments at fair value by level, within the fair value hierarchy, as of December 31, 2024 and 2023.

	2024				
	Level 1	Level 2	Level 3	Investments Measured at NAV*	Total

NOTES TO FINANCIAL STATEMENTS *(continued)*

- * In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. As of December 31, 2024 and 2023, there are no unfunded commitments, there are no expected liquidation dates, redemption frequency is daily, and redemption requires written notice of five business days.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the year ended December 31, 2024, there were no significant transfers between levels.

NOTE 4 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net realized and unrealized gain (loss) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, (the Trustee of the Plan).

NOTE 5 - TAX STATUS

Effective March 4, 2022, the Plan was amended and restated by the adoption of the Fidelity Pre-Approved Defined Contribution Plan, which has a favorable opinion letter from the IRS dated June 30, 2020. This opinion letter states that the form of the plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100% vested.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds and a money market fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company acts as trustee for only those investments as defined by the Plan. Transactions between the Plan and trustee, or the Plan and the Company, as well as loans made to participants, are considered to be exempt party-in-interest transactions under ERISA. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA which are exempt from the prohibited transaction rules.

NOTE 9 - SUBSEQUENT EVENTS

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through September 30, 2025, the date the financial statements were available for issuance. After the year ended December 31, 2024, the plan changed its name to BGSF Retirement Savings Plan now known as (the “Plan”) effective April 18, 2025. In addition, there was an update to the loan policy for withdrawal and loan services removing home loans from the loan option.
