Independent Auditor's Report

Retirement Committee and Participants
Japs-Olson Company Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Japs-Olson Company Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Japs-Olson Company Retirement and Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Japs-Olson Company Retirement and Savings Plan (the Plan), established by Japs-Olson Company (the Company), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Company who are at least 18 years old and have completed the service requirements, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all investments are participant-directed. The Plan's Retirement Committee is responsible for oversight of the Plan. The Retirement Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company has appointed Principal Trust Company as the trustee of the Plan. The trustee is responsible for maintaining custody of the Plan's assets, processing contributions and distributions, and executing transactions to appropriate investment options.

Eligibility: The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Full time employees can enroll on July 1, or January 1 of the plan year. Part time employees can enroll on July 1 or January 1 of the plan year after completing 1,000 hours of service in a plan year. In the absence of a deferral election, automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions are invested in a designated age-based balanced fund until changed by the participant. In addition, in the absence of a deferral election, all enrolled participants will have their deferral rate increased by 1% each year up to 10%.

Contributions: Each year, participants may contribute up to 90% of their annual compensation, as defined by the Plan, up to the maximum permitted by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a matching contribution equal to 25% of the first 6% of base compensation that a participant contributes to the Plan. The Company has the right to modify its contribution rate in any plan year. Additional amounts may be contributed to participants by the Company each year at its discretion. There were no Company discretionary contributions in 2024.

Participant accounts: Each participant's account is credited with the participant's contributions, Company matching contributions, Company discretionary contributions, if any, and an allocation of Plan earnings and losses and is reduced by an allocation of investment fees and administrative expenses. Allocations of Plan earnings or losses are based on account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on continuous years of service. Vesting is based on a modified schedule as defined by the Plan and begins after two years of qualified service at 40% and then an additional 20% each subsequent year. A participant is 100% vested after five years of credited service.

Japs-Olson Company Retirement and Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The notes are secured by the balance in the participant's account. The term of the notes may not exceed five years, unless the loan is for a principal residence, in which case the note term can be up to 10 years. The note interest rate, determined at the time of the loan, is set at the prevailing market interest rate (prime rate). Principal and interest are paid ratably through payroll deductions. These notes are due at various dates through October 2029, with interest rates ranging from 3.25% to 8.50%.

Payment of benefits: Upon termination of service due to death, permanent disability or retirement, a participant, or the participant's beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over varying periods, as permitted by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If an election for rollover or a request for distribution is not received and the participant's account is less than \$5,000, the balance will automatically be paid out in a single lump sum. During employment, participants may also withdraw account balances upon the attainment of age 59½ or financial hardship, as described.

Forfeitures: At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$0. Forfeiture accounts are used annually to partially fund Employer contributions. During 2024, approximately \$48,000 from forfeited nonvested accounts were used to fund Company contributions.

Plan termination: Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all accounts. Any unallocated assets of the Plan shall be allocated to participant accounts, and participant accounts distributed in accordance with the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023, as all loans are secured by participant account balances. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are charged against investment results.

Subsequent events: The Plan has evaluated subsequent events through October 2, 2025, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information at December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), obtained by management and agreed to or derived from information certified by Principal Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2024	2023
Investments, at fair value:		
Mutual funds	\$ 51,534,308	\$ 53,898,722
Collective investment fund	8,767,450	9,649,289
Notes receivable from participants	915,100	964,516
	<u>\$ 61,216,858</u>	<u>\$ 64,512,527</u>

The trustee also certified to the completeness and accuracy of \$5,816,381 of net appreciation in fair value of investments, \$1,141,000 of interest and dividends related to the aforementioned investments, and \$53,303 of interest income on notes receivable from participants for the year ended December 31, 2024.

Note 3. Information Certified or Provided by the Trustee (Continued)

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is possible that changes in the values of the investments have occurred since December 31, 2024, and that such changes could materially affect the participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Mutual funds are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.
- The collective investment fund is valued based on the net asset value (NAV) of the underlying pool of securities that are composed of fully benefit-responsive investment contracts, security-backed contracts and investments in one or more underlying collective investment funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell its investments for amounts different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 51,534,308	\$ -	\$ -	\$ 51,534,308
Collective investment fund (a)				8,767,450
				<u>\$ 60,301,758</u>
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 53,898,722	\$ -	\$ -	\$ 53,898,722
Collective investment fund (a)				9,649,289
				<u>\$ 63,548,011</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV or its equivalent are not classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value per share as a practical expedient at December 31, 2024 and 2023:

	Fair Value at December 31		Unfunded Commitments	Redemption Frequency and Notice Period
	2024	2023		
Collective investment fund	\$ 8,767,450	\$ 9,649,289	None	Redemption must be made within one year of notice by the Plan

Participants generally may redeem their investment at any time. In a letter sent to the collective investment fund manager on September 4, 2024, the Plan Administrator provided 12-month notice that the Plan was redeeming its collective fund investment. The Plan will use the proceeds to invest in another investment with similar investment risk profile.

Note 5. Tax Status

Effective June 30, 2020, the Plan adopted a nonstandardized preapproved plan sponsored by Principal Life Insurance Company. Principal Life Insurance Company has received an opinion letter from the Internal Revenue Service as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan has been amended since the preapproved plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party Transactions

Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as presented in the financial statements to Form 5500 as of December 31, 2024 and 2023:

	December 31
