INDEPENDENT AUDITOR'S REPORT

To the Savings Plan Investment Committee and Participants
of Avaya Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Avaya Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

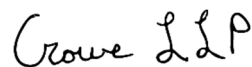

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AVAYA SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - PLAN DESCRIPTION

General: The Avaya Savings Plan (the “Plan” or “ASP”) is a defined contribution plan established by Avaya LLC (“Avaya” or the “Company”) to provide a convenient way for represented employees of Avaya who are covered under the collective bargaining agreements between Avaya Inc. and the Communication Workers of America and the International Brotherhood of Electrical Workers to save on a regular and long-term basis. The Plan was amended and restated effective January 1, 2016. The Plan’s assets and liabilities are maintained in the Avaya Inc. Master Trust (“Master Trust”) in the custody of Fidelity Management Trust Company (the “Trustee”). The Master Trust consists of the assets of Avaya Savings Plan for Salaried Employees (“ASPSE”) and the ASP. The Plan Administrator is the Savings Plan Committee.

The Plan is summarized in the Summary Plan Description which has been distributed to and is accessible by participants. For a complete description of the Plan, participants should refer to the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Trustee and recordkeeper of the Plan is Fidelity Management Trust Company.

Eligibility: An employee immediately becomes eligible to participate in the Plan if he or she (1) is an active employee of a participating Company, (2) is in a unit represented by a union where the collectively bargained agreement provides for participation in the Plan, and (3) is not (i) a non-resident alien employed outside the United States, (ii) a leased employee, or (iii) a temporary employee.

Contributions: Participant deferral contributions can be made in whole percentages ranging from 1% to 60% of eligible compensation. Employees are automatically enrolled at a 6% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Participants may designate contributions as pre-tax contributions, after-tax contributions, Roth contributions, or a combination thereof. The Internal Revenue Code (“IRC”) limits the maximum participant pretax deferral contribution to \$23,000 for the year ended December 31, 2024. Participants may elect to stop or change contributions at any time. Such election change will reflect in their paycheck as soon as administratively possible.

Participants age 50 and older may elect to contribute an additional 1% to 60% of eligible pay as pre-tax “catch-up” contributions. The IRC limit for catch-up contribution is \$7,500 for the year ended December 31, 2024. In addition, eligible participants may rollover amounts from other eligible retirement plans (including after-tax contributions (“Roth”) and amounts from conduit (“rollover”) IRAs, and 403(b) and 457 Plans). The Company does not match on catch-up contributions, rollover amounts, and contributions in excess of 6% of eligible compensation.

Participant pre-tax deferral contributions through payroll deductions will cease automatically for the remainder of a given calendar year when a participant reaches the Internal Revenue Service (“IRS”) annual contribution limit.

Effective December 15, 2023, Avaya implemented an imposed terms contract until the collective bargaining agreement has been executed. The Company matches a portion of a participant’s pre-tax and after-tax deferral contributions to the Plan after the participant completes six months of service with the Company. After becoming eligible to receive Company matching contributions, the Company will contribute 66-2/3 cents for every \$1 a participant contributes up to the first 6% of the participant’s eligible compensation.

Vesting and Forfeitures: Employees are 100% vested in their own contributions and Company contributions plus earnings thereon. Forfeitures may be used to pay Plan administrative expenses. Unused forfeitures remaining in the Plan at December 31, 2024 and 2023 were \$4,847 and \$4, respectively.

AVAYA SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - PLAN DESCRIPTION (Continued)

Participant Accounts: Each participant's account is credited with the participant's and Company contributions and allocations of investment gains/losses and debited by the participant's withdrawals and an allocation of Plan administrative expenses. Allocations are based on participant earnings or account balances as defined. Participant withdrawals and distributions are limited to the participant's total vested account balance and are subject to the Plan's withdrawal provisions.

Participants may direct contributions across various investment options. In addition, the Plan offers Fidelity BrokerageLink®, which provides participants with an opportunity to invest in a wide array of investments, including mutual funds, individual publicly traded equities and fixed income securities.

Transfer of Participant Balances: In the event an employee becomes eligible to participate in ASPSE, such employee's account in this Plan shall be transferred into ASPSE pursuant to procedures for transfer effective at the time of the transfer. Additionally, if an employee becomes eligible to participate in this Plan from ASPSE, such employee's account in that plan shall be transferred into this Plan. No such transfers occurred during the 2024 Plan Year.

Notes Receivable from Participants: Under the terms of the Plan, loans are available to all active participants in an amount not less than \$1,000, up to a maximum of the lesser of \$50,000 (reduced by the highest outstanding loan balance during the 12 consecutive-month period immediately preceding the participant's request for a loan) or 50% of the participant's vested account balance. Participants can have two loan types outstanding at the same time (general purpose and principal residence). The term of each loan shall be for one (1) year, two (2) years, three (3) years, four (4) years or fifty-six (56) months, in the case of a general purpose loan, or one (1) year to one hundred eighty (180) months, in the case of a principal residence loan. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate in effect as of the last business day of the month before the month in which the loan was originated. The interest rate on outstanding loans ranged from 3.25% to 8.50% at December 31, 2024 and 2023. Principal and interest are paid through payroll deductions. Terminated participants with an outstanding loan balance may elect to continue to make loan repayments via check.

Upon default, as defined in the Plan document, participants are considered to have received a distribution and are subject to income taxes on the distributed amount and the Trustee may pursue collection by any means generally available to a creditor. If the entire amount due is not paid by the participant within 90 days following the declaration of default and if the participant has (1) attained age fifty-nine and one-half (59-1/2), (2) incurred a financial hardship (as defined in the Plan document) or (3) severed from employment with the Company and its affiliates, the Trustee shall exercise its security interest by reducing the participant's account by the amounts due and by amounts withheld for the payment of taxes payable in connection with such reduction.

Payment of Benefits: If a participant's employment with the Company ends (except due to death) and the participant's vested amount is greater than \$1,000, the participant may (1) leave the balance in the account in the Plan, (2) receive a lump sum distribution of the entire vested amount in the participant's account, (3) roll over the balance in the account to another employer's qualified retirement plan or an IRA or (4) take an unlimited number of withdrawals each year (in minimum amounts of \$500). In the event that the participant's vested amount is \$1,000 or less, the vested balance shall be distributed to the participant as soon as practicable following the participant's severance from employment. If no distribution election is made by the participant, the participant's separation from service occurs prior to attaining age 65 and the participant's account balance exceeds \$1,000, the balance in the account will remain in the Plan and shall be distributed only at (1) the participant's request, (2) when the participant attains age seventy-two (72) or

(3) upon the participant's death, whichever is earliest. Except with respect to certain participant elections made prior to January 1, 1985, when a participant dies, the entire amount in the participant's account is distributed in a single payment to the participant's beneficiary(ies) as soon as practicable. In-service withdrawals and hardship withdrawals are permitted by the Plan.

Administrative and Investment Management Expenses: Plan administrative expenses are paid by the Plan and are included in these financial statements. Administrative expenses including but not limited to plan recordkeeping, Trustee, consulting, legal, and audit fees are paid by the Plan and are reflected in the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Subsequent Events: The Plan has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: As discussed in Note 8, a Master Trust was established for the Plan and the ASPSE. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see section below on Fair Value of Financial Instruments). Investments of the Plan consist of the Plan's interest in the Master Trust's investments. The net asset value of the Plan's proportionate share of the Master Trust is calculated by the Trustee. The Trustee determines fair value of the underlying assets in the Master Trust, taking into account values supplied by a generally accepted pricing or quotation service or quotations furnished by one or more reputable sources, such as securities brokers, dealers or investment bankers, mutual fund administrators, values of comparable property, appraisals or other relevant information.

Purchases and sales of investments are recorded by the Master Trust on a trade-date basis. Dividend income is recorded by the Master Trust on investments held as of the ex-dividend dates. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year by the Master Trust.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value of Financial Instruments: Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The methods of valuation described in Note 8 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Fund Fees: Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense. The Plan's investment options, excluding the mutual funds that may be purchased through the BrokerageLink®, are not currently subject to any front-end loads or back-end loads.

Payment of Benefits: Benefit payments are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

December 31, 2024 and 2023

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options that invest in any combination of equities and fixed income securities. Investments held by the Master Trust are exposed to various risks, such as interest rate, market and credit risks as well as risks associated with global events. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 4 - TAX STATUS

The Plan has obtained a favorable tax determination letter from the IRS dated February 16, 2017 which states that the Plan and related trust qualify under the provisions of Section 401(a) of the IRC and therefore, is exempt from federal income taxes under the provisions of Section 501(a) of the IRC. The Plan has been amended since the date of the determination letter. However, the Plan's administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to terminate, alter, amend, or modify the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan provides that the net assets are to be distributed to participating employees in amounts equal to their respective interests in such assets.

NOTE 6 - PLAN EXPENSES

Plan administrative expenses are paid by the Plan. Plan participants pay certain brokerage, investment manager fees and Trustee fees and certain administrative costs of the Plan. Brokerage, investment manager and any Trustee fees are generally reflected in the calculation of each fund's net asset value per unit. Administrative expenses totaling approximately \$156,000 on the statement of changes in net assets available for benefits for the year ended December 31, 2024 consists of fees relating to participant loans and advisory and recordkeeping fees paid to Financial Engines, Fidelity and Fidelity BrokerageLink®.

NOTE 7 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and investment income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan).

NOTE 8 - INTEREST IN AVAYA INC. MASTER TRUST

The Plan's investments are in the Avaya Inc. Master Trust. The Plan and the ASPSE have a divided interest in the assets of the Master Trust. The assets of the Master Trust are held by the Trustee. Investment income or loss and expenses related to the Master Trust is allocated to each plan based upon the individual plan's participation in the investment options in the Master Trust. Accordingly, the Plan's investment income (loss) for the year ended December 31, 2024 includes its allocable share of the Master Trust's interest, dividends, and net appreciation (depreciation) in the fair value of investments.

A summary of the net assets of the Master Trust as of December 31, 2024 and 2023 is as follows:

	<i>(Dollars in thousands)</i>

NOTE 8 - INTEREST IN AVAYA INC. MASTER TRUST (Continued)

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Plan Interest in Master Trust Investments - The fair value of the Plan's interest in the investments of the Avaya Inc. Master Trust reflects the Plan's interest in the fair value of the underlying investments of the Avaya Inc. Master Trust.

Self-directed Brokerage Accounts - Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

Mutual Funds - The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized exchanges (Level 1).

Collective Trusts - These investments consist of open-ended funds and unit investment trusts and include target date funds, index funds, and a large-cap stock fund. These investments are valued at their net asset value per share ("NAV"), as a practical expedient, as provided by the trustees or fund sponsor. There are no unfunded commitments as of December 31, 2024 and 2023. The redemption frequencies are daily and monthly and the redemption notice periods range from 1 – 10 days. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Additionally, certain Master Trust investments consist of units in investment funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to Fidelity Management Trust Company qualify as party-in-interest transactions. Notes receivable from participants also represent party-in-interest transactions.
