**Note 1. Plan Description**

The following description of the Catapult Employers Association 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

***General***

The Plan was established effective July 1, 1989. The Plan is a defined contribution plan covering substantially all employees of Catapult Employers Association (the “Company”) who are age 21 or older and have completed 3 months of service.

The Retirement Plan Committee of the Company manages the operation and administration of the Plan. Lincoln National Life Insurance Company (the “Trustee”) serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

***Contributions***

Each year, participants may contribute up to 100% of their compensation as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company provides a safe harbor match of 100% of up to 6% of salary deferred. The Trustee will invest all participant contributions and the matching Company contribution as directed by the participants. Contributions are subject to certain limitations.

***Investment Options***

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a guaranteed investment contract as investment options for plan participants.

***Participant Accounts***

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings and charged with benefit payments and allocations of administrative expenses and plan losses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

***Vesting***

Participants are immediately vested in their contributions as well as Company contributions, plus actual earnings thereon.

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at rates which are charged at a commercially reasonable rate of interest. At December 31, 2024, outstanding loans bore interest rates ranging from 4.25% to 9.50%. Loans must be repaid to the Plan within a five year period, unless the loan is used for the purchase of a principal residence in which case the administrator may permit a longer repayment term. Principal and interest are paid ratably through payroll deductions or payment by check if prepaid.

**Catapult Employers Association 401(k) Profit Sharing Plan  
Notes to Financial Statements

---

***Payment of Benefits***

On termination of service, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment options as provided by the Plan. Amounts contributed on a before-tax basis may be withdrawn only upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

**Note 2. Significant Accounting Policies**

***Basis of Accounting***

The financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

***Estimates***

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

***Investment Valuation and Income Recognition***

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Contributions***

Contributions from plan participants and Company contributions are recorded in the year in which the participants' contributions are withheld from amounts paid. All participant and Company contributions are participant-directed.

***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

**Catapult Employers Association 401(k) Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2024**

---

**Administrative Expenses**

The Plan’s administrative expenses are paid by the Company, as provided by the plan document. Certain administrative functions are performed by the employees of the Company. No such employee receives compensation from the plan.

**Subsequent Events**

The Plan has evaluated subsequent events through October 8, 2025, the date the financial statements were available to be issued.

**Note 3. Fair Value Measurements**

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan’s assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

**Pooled funds**

The Plan invests in pooled funds for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as determined by the trustee, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value at December 31, 2024</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled funds	\$ 10,743,217	None	Daily	None

**Catapult Employers Association 401(k) Profit Sharing Plan**  
**Notes to Financial Statements**  
**December 31, 2024**

---

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 4. Fully Benefit-Responsive Investment Contracts**

The Plan holds an investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan at December 31, 2024.

Traditional investment contract	\$ <u>438,130</u>
---------------------------------	-------------------

The traditional investment contract held by the Plan is a guaranteed investment contract. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without the consent of the issuer.

**Catapult Employers Association 401(k) Profit Sharing Plan

**Note 5. Unaudited Information Certified By Trustee**

The accompanying financial statements include the following unaudited information as of December 31, 2024, which was obtained from data prepared and certified to be complete and accurate by the Trustee.

Investments	<u>\$ 11,181,347</u>
Notes receivable from participants	<u>\$ 51,191</u>
Net appreciation in fair value of investments	<u>\$ 1,331,757</u>
Interest and dividends	<u>\$ 10,471</u>
Interest income on notes receivable from participants	<u>\$ 5,138</u>

**Note 6. Exempt Party-In-Interest Transactions**

Certain plan investments are shares of mutual funds that are managed by an affiliate of the Trustee, record keeper and administrator of the Plan and, therefore, these transactions qualify as party-in-interest transactions, but are not deemed to be prohibited transactions. Fees paid to trustee by the Plan for administrative services were \$48,224 for the year ended December 31, 2024.

**Note 7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

**Note 8. Income Tax Status**

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated August 17, 2021, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 9. Risks And Uncertainties**

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
