Independent Auditors' Report

To the Plan Administrator of the
Seneca Family of Agencies 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Seneca Family of Agencies 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Seneca Family of Agencies 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Seneca Family of Agencies 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Seneca Family of Agencies 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of Plan

The following description of the Seneca Family of Agencies 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, a defined contribution savings plan intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code, was established effective January 1, 2001. The Plan was amended and restated effective October 24, 2015. Effective March 24, 2020, the Plan was further amended to provide for general purpose loans. Effective January 1, 2022, the Plan was amended to change its formula for allocating Nonelective Contributions. Effective January 1, 2023, the Plan was amended further to change the entry date to immediate upon satisfaction of eligibility conditions and provide for actual hours method for allocation conditions.

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan covers all employees of Seneca Family of Agencies (Seneca) who meet certain eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and subsequent laws.

The Plan's management implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan payment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

Additionally, provisions from the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) and subsequent legislation, including SECURE 2.0, introduced various updates affecting plan eligibility, required minimum distributions, and other aspects of plan administration.

Plan management believes the Plan is operating in compliance with these legislative requirements and written amendments will be adopted at a later date in accordance with applicable law and IRS guidance.

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of Plan (continued)

Contributions – Plan contributions are discretionary and are determined based on the availability of funds. To be eligible for discretionary contributions, employees must have completed two years of service with Seneca (except for Kinship employees prior to October 24, 2015, who are subject to a one-year service requirement), be employed on the last day of the plan year and have completed 1,000 hours of service during the plan year.

Participants are subject to automatic salary reduction contributions upon hire, or as of October 24, 2015 if later, but may opt out of salary deferrals. Participants may contribute any percentage of their annual compensation, as defined in the Plan, up to the maximum limit permitted by the Internal Revenue Code. In addition, participants qualifying for age-based provisions may contribute additional catch-up deferrals.

Participants may also contribute amounts representing distributions from other eligible retirement plans. – Participants can choose pre-tax deferrals, or after-tax Roth deferrals. Plan earnings are allocated to all participant-directed accounts, with each participant having a separate and distinct basis for earnings allocations, and may be valued at any time during the year.

Participants' accounts – Each participant's account is credited with the participant's contributions, Seneca's discretionary contributions, if any, and the Plan's earnings. Investment allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – Plan participants' contributions and employer contributions are fully and immediately vested.

Forfeitures – Amounts of participants' forfeited non-vested accounts are applied to reduce employer discretionary contributions or to cover administrative costs of the Plan. For the year ended December 31, 2024 and 2023, there were no forfeitures incurred. There is no balance in the forfeiture account at December 31, 2024 or 2023.

Investments – Investments are directed by the individual participants. Investment elections may be changed at any time.

Current participant deferral contributions cannot be invested in the investments held by custodian VALIC. However, participants can continue to hold their existing VALIC investments.

Note 1 – Description of Plan (continued)

Payment of benefits – Upon attaining the age of 59 ½, disability or on termination of service, a participant is entitled to receive a complete distribution of their account in a single sum.

Hardship withdrawals – Participants may withdraw their pretax contributions, except for Roth contributions, to satisfy any of the following immediate and heavy financial need: (1) medical care expenses; (2) the purchase of principal residence; (3) prevent eviction from, or foreclosure on principal residence; (4) tuition and related education fees for postsecondary education; (5) funeral expenses; (6) expenses arising as a result of natural catastrophe. Participants must first exhaust all other assets reasonably available prior to obtaining a hardship withdrawal.

Notes receivable from participants – Participants may borrow up to 50% of their account balances held by Reliance Trust Company (Reliance), with a minimum of \$1,000 and a maximum of \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator (9.50% and 7.25% for the year ended December 31, 2024 and 2023, respectively). Principal and interest are repaid ratably through payroll deductions. At December 31, 2024 and 2023, the outstanding loan balances held by Reliance were \$357,241 and \$214,504, respectively.

Policy loans – Participants with existing account balances held by Variable Annuity Life Insurance Company (VALIC) may be eligible to obtain loans directly from the trustee of up to 50% of their vested account balances, with a minimum of \$1,000 and a maximum of \$50,000, using their account balances as collateral. Collateral amounts remain in the participant account and are invested in a fixed option at a rate not less than the minimum guaranteed rate. Loans bear interest at a rate equal to the Moody's Corporate Bond Yield Rate Average plus 3%. As the loan principal is paid, collateral is released and reinvested in other funds in the participant account. These loans are not considered assets of the Plan.

As of December 31, 2024, and 2023, \$2,085 and \$1,986 of investments held by VALIC serve as collateral for policy loans, respectively.

Other – Plan assets of \$2,528,981 and \$2,439,479 are allocated to participants who, as of December 31, 2024 and 2023, respectively, are no longer employed by the Plan sponsor.

Notes to Financial Statements

December 31, 2024 and 2023

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Notes receivable from participants – Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Investment valuation and income recognition – The Plan’s investments are stated at fair value, except for guaranteed investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Administrative expenses – Plan expenses may be paid by the employer, but if not paid by the employer shall be paid by the plan and allocated to all participants’ accounts. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of benefits – Benefits are recorded when paid to participants.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events – Subsequent events were evaluated through October 2, 2025, the date the financial statements were available to be issued.

Note 3 – Certified Investments

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Variable Annuity Life Insurance Company (VALIC) and Reliance Trust Company (Reliance), the custodians of the Plan:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Mutual funds	\$ 57,274,720	\$ 43,952,558
Cash	26,048	25,014
Separate investment accounts	494,083	450,157
Investments at contract value	564,773	478,193
Dividend and interest income	1,539,679	1,021,797
Credited interest on guaranteed investment contracts	14,732	12,780
Net appreciation (depreciation) in fair value of investments	5,197,476	5,865,297

Note 4 – Fair Value Measurements

Fair value measurements – The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**SENECA FAMILY OF AGENCIES
403(b) RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

Note 4 – Fair Value Measurements (continued)

Level 2 – inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds have been measured on a recurring basis based on unadjusted quoted market prices for identical assets in active markets.

Separate Investment Accounts (SIA) have been measured on a recurring basis based on the net asset value per share of the underlying mutual funds at the close of each business day as reported by each fund, adjusted for dividends and separate account fees.

Note 4 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair market value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 57,274,720	\$ 57,274,720	\$ -	\$ -

Total	\$ 44,427,729	\$ 43,977,572	\$ 450,157	\$ -

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively:

	<u>Fair Value 2024</u>	<u>Fair Value 2023</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Separate Investment accounts	\$ 494,083	\$ 450,157	n/a	Daily	1 day

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023 are reported in net appreciation (depreciation) in fair value of investments.

The Plan’s policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no significant transfers between Levels 1 and 2, and no transfers into or out of Level 3.

**SENECA FAMILY OF AGENCIES
403(b) RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

Note 5 – Investments at Contract Value

The Plan includes investments in two benefit-responsive guaranteed investment contracts totaling \$564,773 and \$478,193 as of December 31, 2024 and 2023, respectively. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuers are contractually obligated to repay the principal and interest at rates specified in the contracts that are guaranteed to the Plan.

The crediting rates are based on formulas established by the contract issuers, and are reviewed on a quarterly basis for resetting. Interest crediting rates for years 2024 and 2023 ranged from 2.75% to 3.04% and from 2.78% to 3.25%, respectively.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by the custodians, represents contributions made plus earnings, less withdrawals, and administrative expenses. Participants may ordinarily direct permitted withdrawal or transfer transactions of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. Currently there are no such plans that are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuers and that would also limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan for reasonable cause and settle using an amount different from contract value. Such events include failure to abide by state or federal law, failure to perform under the contracts, and plan disqualification.

403(b) RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

Note 6 – Income Tax Status

The Plan (Adoption Agreement and Basic Plan Document) has not been approved by the Internal Revenue Service. 403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code Section 403(b). The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Plan Amendment and Termination

The Company may amend, terminate or merge the Plan at any time. However, no such action may permit any part of Plan assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in the amount credited to the participant account.

The Company has not expressed any intent to terminate the Plan.

Note 9 – Related Party Transactions

Certain plan investments are managed by the Plan’s third-party administrator and custodians. Transactions with these parties therefore qualify as party-in-interest transactions. Additionally, all notes receivable from participants qualify as party-in-interest transactions. Fees paid by the plan for the investment management services were \$54,527 and \$56,922 for the years ended December 31, 2024 and 2023.

Note 10 – Reconciliation to Form 5500

On the Form 5500, the plan administrator reports the Plan’s activity on cash basis of accounting. The following is a reconciliation of net assets available for benefits per financial statements as of December 31, 2024 and 2023, to Schedule H of Form 5500:
