## **INDEPENDENT AUDITORS' REPORT**

To the Participants, Plan Administrators and Benefits Committee of the  
Acme Distribution/Howard Logistics 401(k) Plan:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Acme Distribution/Howard Logistics 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Acme Distribution/Howard Logistics 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Acme Distribution/Howard Logistics 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Acme Distribution/Howard Logistics 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Report (Continued)

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Acme Distribution/Howard Logistics 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Acme Distribution/Howard Logistics 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Independent Auditors' Report (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes, as of and for the year then ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditors' Report (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes To Financial Statements  
For The Years Ended December 31, 2024 and 2023

### (1) Description Of The Plan

The following brief description of Acme Distribution/Howard Logistics 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

#### General

The Plan is a defined contribution benefit plan in which all full-time employees are eligible to participate on the first day following sixty days of service and attaining the age of eighteen. The participating employers of the Plan are all under common control of Infinity Management Group, LLC (the "Company") and include Acme Delivery Services, Inc., and Howard Logistics Services, Inc. The Plan also provides additional and discretionary contributions on the first day following one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Each participant may elect to contribute up to 100% of the participant's compensation, not to exceed IRS limits, and have such amounts contributed to the Plan as before-tax or Roth contributions. These limits amounted to \$23,000 and \$22,500 for the years 2024 and 2023, respectively.

Plan participants who are age 50 or more by the close of the Plan year, may elect to make catch-up elective deferrals up to \$7,500 for the years 2024 and 2023. These elective deferrals are for eligible participants whose elective deferrals have been restricted by either a statutory ceiling or by a plan limit.

The Company adopted a safe harbor 401(k) plan and made matching contributions equal to 100% of the first 3% of participants' elective deferral, plus 50% of participants' elective deferral in excess of 3% but not in excess of 5% of the participant's compensation. The rate of matching contributions is determined solely by the Company and any change in the rate is to be communicated to participants prior to the beginning of each Plan year.

The Plan also allows rollover contributions, within IRS parameters, of part or all of a "qualified total distribution" received by a participant from a qualified plan of a previous employer. Rollover contributions into the Plan are 100% vested and non-forfeitable at all times.

---

## Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Notes Receivable From Participants

The Plan provides that participants may borrow up to a maximum of \$50,000 or 50% of their total vested balance held in the Plan, with a minimum loan of \$1,000 by pledging their total vested account balance as security for the loan. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Such loans will be repaid by employee payroll deductions with a repayment term generally not in excess of five years. Participants are limited to one outstanding loan at any time, and one new loan per year. Principal and interest is paid ratably through bi-weekly payroll deductions. Interest incurred on loans and loan payments are credited to the participant's account.

## Vesting

Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon, and rollover contributions.

The additional nonelective and matching contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

## Forfeitures

Forfeitures may be used to pay Plan expenses, used to reduce any nonelective contribution or used to reduce any matching contribution.

Payment Of Benefits

At termination or retirement, if a participant's vested account is \$5,000 or less, his or her vested account will be paid in a single sum. Otherwise, a participant may choose from the options of benefit available under the Plan.

A participant may withdraw all or any part of his or her vested account resulting from rollover contributions.

Death Benefits

If a participant dies before benefits start, his or her vested account will be paid to the beneficiary under one or more options available under the Plan.

If a participant dies after receiving benefits, death benefits will be paid according to the option he/she elected.

Administrative Expenses

Fees for the investment managers and contract administrative fees are paid out of assets of the Plan. The Company pays all other fees incurred by the Plan and provides personnel who perform various administrative services. The expenses incurred by the Company are not included in the accompanying financial statements.

(2) Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use Of Estimates

The preparation of financial statements in accordance with accounting principals generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

---

Contributions Receivable

Employee contributions receivable arise from employee contributions that are withheld from employee's salary, but have yet to be remitted to the Plan by the Employer. Employer contributions receivable arise from discretionary matching or profit sharing contributions that are to be remitted to the Plan by the Employer for wages that have been previously paid to employees. The Plan charges off uncollectible receivables when future receipts are deemed probable.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan payments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document.

Investment Valuation And Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used

---

for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs in the periods presented.

Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2      Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at their price. The mutual funds held by the Plan are considered to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair

Notes To Financial Statements (Continued)

Page -13-

value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Payment Of Benefits

Benefit payments to participants are recorded upon distribution.

## Subsequent Events

The Plan has performed an evaluation of subsequent events through October 7, 2025, which is the date the financial statements were available to be issued, and has considered any relevant matters in the preparation of the financial statements and footnotes.

#### Fair Value Hierarchy

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds -				
International funds	\$ 640,784	\$	\$	\$ 640,784
Small cap fund	261,741			261,741
Mid cap fund	1,232,924			1,232,924
Large cap fund	886,883			886,883
Real Estate fund	598,943			598,943
Balanced fund	1,619,591			1,619,591
Target date fund	1,622,336			1,622,336
Bond fund	497,121			497,121
Total investments, at fair value	<u>\$ 7,360,323</u>	<u>\$</u>	<u>\$</u>	7,360,323
Investments at cost:				
Fixed annuities				300,569
Total investments				<u>\$ 7,660,892</u>

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds -				
International funds	\$ 490,178	\$	\$	\$ 490,178
Specialty funds	1,068,806			1,068,806
Small cap fund	1,529,791			1,529,791
Mid cap fund	36,431			36,431
Large cap fund	533,060			533,060
Real Estate fund	1,484,756			1,484,756
Balanced fund	1,085,336			1,085,336
Bond fund	233,431			233,431
Total investments, at fair value	<u>\$ 6,461,789</u>	<u>\$</u>	<u>\$</u>	6,461,789
Investments at cost:				
Fixed annuities				860,783
Total investments				<u>\$ 7,322,572</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024 and 2023, are reported in net appreciation (depreciation) in fair value of investments and relate to investments measured by quoted prices in an active market.

(4) **Investment Contracts with Insurance Company**

The Plan has entered into a fully benefit-responsive investment contract with Great West Life & Annuity Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great West Life & Annuity Insurance Company, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2024 and 2023, was \$300,569 and \$860,783, respectively. The average yield was 1.41% and

---

1.23% for 2024 and 2023, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the Plan's ability to transact at contract value with Invesco. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or other required prohibited transactions exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan's administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. The contract does not permit Great West Life & Annuity Insurance Company to terminate the agreement prior to the scheduled maturity date.

(5) **Forfeited Non-vested Amounts**

During the years ended December 31, 2024 and 2023, \$28,834 and \$27,889 respectively, of forfeited amounts were used to reduce employer contributions to the Plan. As of December 31, 2024 and 2023, the forfeited nonvested accounts amounted to \$3,409 and \$735, respectively.

(6) **Plan Termination**

Although the Company intends to continue the Plan and to make regular contributions, the Company reserves the right to terminate the Plan at any time, and its continuance is not guaranteed. The Company also has reserved the right to amend or otherwise modify the Plan, or to discontinue any further contributions or payments under the Plan, by a resolution of its Board. In the event of a termination of the Plan or discontinuance of contributions, the account of each affected participant shall become non-forfeitable.

---

(7) **Income Tax Status**

The Plan has adopted a prototype plan under Great-West Trust Company, LLC. The prototype plan received a notification letter from the Key District Director having jurisdiction with the Plan. The Revenue Service permits the employer to rely on the notification letter. Therefore, the employer will not submit the Plan to the Internal Revenue Service for an advance determination as to whether the Plan meets the qualification requirements of section 401 of the Internal Revenue Code of 1986 with respect to the Plan's initial qualification.

The prototype plan has been amended since receiving the determination letter. However, the plan administrators believes the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC. The Plan follows *Accounting for Uncertainty in Income Taxes* accounting standard which requires the Plan to determine whether a tax position (and the related tax benefit) is more likely than not to be sustained upon examination by the applicable taxing authority, based solely on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon settlement, presuming that the tax position is examined by the appropriate taxing authority that has full knowledge of all relevant information. During the years ended December 31, 2024 and 2023, the Employer evaluated its tax positions to determine the existence of uncertainties, and did not note any matters that would require recognition or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan is no longer subject to U.S. federal tax audits on its Form 5500 by taxing authorities for years ending prior to December 31, 2021. The years subsequent to this year contain matters that could be subject to differing interpretations of applicable tax laws and regulations. Although the outcome of tax audits is uncertain, the Plan believes no issues would arise.

(8) **Financial Data Certified By The Investment Company Administered Trust Fund**

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2024 and 2023. Accordingly, as permitted under such election, and Great-West Trust Company, LLC, and Great West Life & Annuity Insurance Company, the custodian for the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedules are complete and accurate:

- 
- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2024 and 2023.
  - Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024.
  - Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2024. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(9) **Party-In-Interest Transactions**

Plan investments are managed by Empower Advisory Group, LLC, who is a related party to Empower Annuity Insurance Company the custodian as defined by the Plan. During 2024 and 2023, fees paid by the Plan to Empower Advisory Group, LLC for investment management services were included as a reduction of the return on each fund and additional management fees in the amount of \$6,846 and \$6,797, respectively. In addition, during 2024 and 2023, the Plan paid \$31,096 and \$24,180, respectively, to Empower Annuity Insurance Company who provided custodial and record keeping services. These transactions qualify as party-in-interest transactions.

These transactions qualify as party-in-interest transaction and are exempt from the prohibited transaction rules of ERISA.

(10) **Risks And Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in the U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction
