LIBERTY UTILITIES NATIONAL 401(k) PLAN

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2024 AND 2023

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of Liberty Utilities National 401(k) Plan
Litchfield Park, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Liberty Utilities National 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, and supplemental Schedule of Assets as of December 31, 2024, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIBERTY UTILITIES NATIONAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the Liberty Utilities National 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions, which is available from the Plan Administrator.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), and was established by Liberty Utilities Co. (the “Company”) on January 1, 2013. The Plan is open to all eligible employees, as defined by the Plan Document, of the Company.

Voya Retirement Insurance and Annuity Company (“Voya”) serves as the trustee, custodian and participant recordkeeper. Actuarial Consulting Services Inc. serves as the third party administrator.

Plan Amendment – The Plan was amended effective January 1, 2024, with the following changes made to the Plan:

- Safe harbor matching contributions for non-union participants are increased to 100% of the first 5% of eligible compensation contributed.
- Safe harbor matching contributions for union participants will be equal to 100% of the first 4% of eligible compensation contributed, except to the extent the collective bargaining agreement provides for a different rate of safe harbor match.

Eligibility – An individual is immediately eligible to participate in the Plan upon their date of hire. The Plan is open to eligible employees of affiliated Liberty companies, as defined in the Plan document.

Participant Contributions – Participants may elect to contribute any amount of their eligible compensation, as defined in the Plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants over age 50 are permitted to make catch-up contributions, as defined in the Plan Document. The Plan received after-tax contributions from other plans that were merged into the Plan, and are credited to a separate after-tax contribution account under the Plan. Current Plan participants may designate current deferrals as either pre-tax or Roth contributions.

Employer Contributions – The Company has elected to make safe-harbor matching contributions as follows:

- Safe harbor matching contributions for non-union participants are 100% of the first 5% of eligible compensation contributed.
- Safe harbor matching contributions for union participants will be equal to 100% of the first 4% of eligible compensation contributed, except to the extent the collective bargaining agreement provides for a different rate of safe harbor match.

The Company may also make discretionary matching contributions up to 4% of eligible compensation. For 2024, the Company did not make any discretionary matching contributions.

Individuals covered by a collective bargaining agreement will only be eligible to receive employer contributions in accordance with the terms of the applicable collective bargaining agreement. The Company may also make discretionary non-elective contributions to the Plan. The Company did not make a discretionary non-elective contribution in 2024.

Transition Contributions – The Company makes transition contributions, as defined in the Plan Document, for certain participants in the Plan.

Transition contributions for certain participants formerly in the Liberty Utilities Service Corp. Mass Union 401(k) Plan and the Liberty Utilities New Hampshire Union Employees 401(k) Plan, are made in Plan Years 2016 through 2026, as determined by the Plan Document. A participant must be employed on November 30 of the applicable Plan Year in order to be eligible to receive the contribution for that Plan Year, and the annual contribution will be prorated if the participant transfers to a non-bargained position during the Plan year. The transition contributions are immediately vested.

Transition contributions for certain participants formerly in The Empire District Electric Company 401(k) Plan are made in Plan Years 2020 through 2029, at a rate of 1% of gross compensation. The transition contributions are immediately vested.

Transition contributions for certain participants formerly in the Liberty Utilities (St. Lawrence Gas) Corporation Employee's Investment Plan, are made in Plan Years 2021 through 2030, at a rate of 3% of gross compensation. The transition contributions are immediately vested.

For American Water NY employees hired before the acquisition who participate in the Liberty Utilities Cash Balance Pension Plan, if the annual credit to an employee's account under the Cash Balance Pension Plan is less than 5.25%, the employee will receive an additional non-elective (transition) contribution to this Plan equal to the difference.

Participant Accounts – Each participant's account is credited with the participant's voluntary contributions, the Company's contributions, and an allocation of investment earnings or losses, and is charged with the participant's withdrawals and distributions, and with an allocation of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options – Participants direct their elective contributions and Company contributions into any of the investment options offered by the Plan. The Plan currently offers mutual funds, a money market fund and a fixed account as investment options.

Vesting – All contributions and earnings thereon are fully vested at all times. The account balances for all participants transferred into this Plan are also fully vested.

Forfeitures – Forfeitures are attributable to amounts transferred in from other merged plans. Forfeiture amounts are used to pay Plan administrative expenses and to reduce future Company match contributions. As of December 31, 2024 and 2023, there are \$774 and \$748 in forfeited assets. No forfeitures were used in 2024.

Payment of Benefits – Upon termination of employment, the participant, or in the case of death, the participant's beneficiary, may elect to receive the vested value of the participant's account in either a lump-sum payment or as installments over the assumed life expectancy of the participant or beneficiary. If the vested portion of the account balance is less than \$1,000, the participant's vested account balance will be automatically distributed if the participant does not elect to roll-over the balance to another qualified plan.

In-Service Withdrawals – Participants who have obtained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a lump sum payment or roll-over to another qualified plan.

Additionally, participants may elect to receive a distribution of all or any portion of their rollover account, or after-tax account transferred into the Plan, at any time.

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 and a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years, but may be longer if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. Participants may not have more than one loan outstanding at any time, except that more than one loan may be allowed for certain loans transferred into the Plan.

Terminated participants are allowed to continue to make loan payments directly to Voya following their termination of employment in lieu of paying the loan balance in full upon termination.

Prefunded Contributions – The Company remitted contributions related to the first pay period in Plan year 2025.

Administrative Expenses – Either the Plan or the Company may pay the administrative expenses of the Plan. In 2024, the Plan paid \$514,979 in administrative expenses.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions – Company and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds and a money market fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distribution based upon the terms of the Plan document. No allowance for doubtful account is considered necessary.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through October 8, 2025, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual Funds and Money Market Fund – Valued at the published net asset value (“NAV”) of shares held by the Plan at year end.

Fixed Account – This is an investment in a fixed interest contract with Voya which guarantees a fixed interest rate. Fair value is calculated using the Market Value Adjustment formula specified in the fixed interest contract and is based on the composite interest rates and new money crediting rates. These contracts do not hold any specific assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's investments are reported at fair value as follows at December 31, 2024 and 2023:

	Fair Value			Total
	Measurements Using:			
	Level 1	Level 2	Level 3	
December 31, 2024:				
Mutual Funds	\$ 412,383,344			\$ 412,383,344

Fixed Account		<u>\$ 25,335,037</u>		<u>25,335,037</u>
Investments measured at fair value	<u>\$ 412,384,483</u>	<u>\$ 25,335,037</u>	<u>\$ -</u>	<u>\$ 437,719,520</u>
December 31, 2023:				
Mutual Funds	\$ 362,439,276			\$ 362,439,276
Money Market Fund	748			748
Fixed Account		<u>\$ 28,022,341</u>		<u>28,022,341</u>
Investments measured at fair value	<u>\$ 362,440,024</u>	<u>\$ 28,022,341</u>	<u>\$ -</u>	<u>\$ 390,462,365</u>

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

- Investments, at fair value
- Net appreciation in fair value of investments
- Notes receivable from participants, and related interest
- Dividend and interest income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service (“IRS”), dated September 28, 2023, indicating that it is qualified under Section 401(a) of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides the Fixed Account, a fixed interest contract by Voya, as an investment option for participants. The objective of this investment option is to guarantee the return of principal plus compound interest earned over a defined term backed by Voya. There are no specific securities in the general account that back the liabilities of this fixed interest contract. Voya is obligated to pay interest at crediting rates, which are announced in advance and guaranteed per the terms of the contract. The investment contract is not considered fully-benefit responsive and, as such, is included in the financial statements at fair value. There are no reserves against fair value for credit risk of the contract issuer or otherwise.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments include mutual funds, a money market fund, and a fixed account managed by Voya. Voya is the trustee, as defined by the Plan and, therefore, these transactions qualified as exempt party-in-interest transactions.

The Plan pays certain fees to Voya to administer the Plan. These transactions qualify as party-in-interest. Notes receivable from participants are party-in-interest transactions.

9. PROHIBITED TRANSACTIONS

During the year ended December 31, 2023, employee deferrals of \$4,035 were withheld from one payroll and not remitted to the Plan on a timely basis (as defined by the Department of Labor “DOL”) by the Plan Sponsor. The Plan Sponsor subsequently remitted the deferrals to the trust, filed and paid the appropriate excise tax, and contributed lost earnings to the affected participants. This transaction was prohibited according to the provisions of the DOL.
