Freedman Seating Company 401(k) Plan

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Freedman Seating Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Freedman Seating Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Freedman Seating Company 401(k) Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Freedman Seating Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Freedman Seating Company 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Freedman Seating Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Freedman Seating Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year as of December 31, 2024 and delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Trustee, Plan Administrator, Participants
and Beneficiaries of
Freedman Seating Company 401(k) Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FREEDMAN SEATING COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 And 2023

1. Description Of Plan

The following description of the Freedman Seating Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Freedman Seating Company, Inc. (the Company) not subject to the terms of a collective bargaining agreement, regardless of age. Employees are eligible to participate after completing at least six months of service (1,000 hours in 6 consecutive months). An eligible employee may enter the Plan on the first day of the month after the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined in the Plan Agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan also allows participants to make Roth elective contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes safe harbor matching contributions equal to 100% of the first 3% of compensation that a participant contributes to the Plan, plus 50% of the next 2% of compensation that a participant contributes to the Plan, as a matching Company contribution. All Company contributions are invested in the investment options offered by the Plan at the direction of the participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Participant accounts are credited with the participants' contributions, safe harbor matching contributions, and allocations of Plan earnings (losses), and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FREEDMAN SEATING COMPANY 401(k) PLAN

Notes To Financial Statements (*Continued*)

Vesting

Participants are immediately vested in their contributions and all Company contributions, plus actual earnings thereon.

Notes Receivable From Participants

Participants may borrow from their accounts the lesser of \$50,000 or 50% of their account balance. A participant may have only one loan outstanding at any particular time. Each loan is secured by the balance in the respective participant's account and bears interest at 1% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is issued. Loan terms cannot exceed five years, unless used to acquire a personal residence. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

Payment Of Benefits

Following termination of service due to death, disability, retirement, or other reasons, a participant may receive either a lump sum payment of their entire vested account balance, or a partial distribution of any portion of their vested account balance. Vested account balances of \$5,000 or less at the time of termination will automatically be distributed as a lump sum payment of the entire vested account balance.

Normal retirement age is 59½. In-service distributions may also be made to a participant who has not separated from service provided the participant has attained the age of 59½.

Plan Administration Expenses

For 2024 and 2023, certain expenses of Plan administration, such as loan fees and participant requested service charges, were absorbed by Plan assets. Other administrative expenses, such as audit service fees, were absorbed by the Company and are therefore not reflected as deductions to net assets of the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

FREEDMAN SEATING COMPANY 401(k) PLAN

Notes To Financial Statements (*Continued*)

Use Of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States. Those estimates and assumptions affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could vary from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value, except for the investment in the Empower Key Guaranteed Portfolio Fund, which is a group annuity contract and is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower). See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions and, when appropriate, reasonable and supportable forecasts.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2024 and 2023.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Agreement.

FREEDMAN SEATING COMPANY 401(k) PLAN

Notes To Financial Statements *(Continued)*

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Empower, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Empower that the information provided to the Plan Administrator related to the following information is complete and accurate to the best of their knowledge and belief.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2024</u>	<u>2023</u>
Investments - at fair value		
Mutual funds	\$ 5,229,839	\$ 6,338,521
Common/collective trusts	20,865,223	16,510,490
Investment - at contract value	3,393,406	3,522,354
Notes receivable from participants	686,685	594,704

Empower also certified to the completeness and accuracy to the best of their knowledge and belief related to the following investment income and interest income on notes receivable from participants for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Net change in fair value of investments	\$ 2,795,072	\$ 2,810,124
Interest and dividends	262,186	332,020
Interest income on notes receivable from participants	46,544	24,717

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FREEDMAN SEATING COMPANY 401(k) PLAN

Notes To Financial Statements (*Continued*)

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts

Valued at the NAV of units of the individual fund. The NAV, as provided by the trustee of the invested fund, is used as a practical expedient to estimate fair value and is calculated daily by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Withdrawals from the common/collective trusts for benefit payments are made daily after the request for distribution. The common/collective trusts held by the Plan file annual reports on Form 5500 as direct filing entities, and there are no capital commitments related to these investments.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at December 31, 2024 or 2023.

FREEDMAN SEATING COMPANY 401(k) PLAN

Notes To Financial Statements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,229,839	\$ —	\$ —	5,229,839
Investments measured at net asset value per share (a)				20,865,223
Total Assets At Fair Value				\$ 26,095,062

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,338,521	\$ —	\$ —	6,338,521
Investments measured at net asset value per share (a)				16,510,490
Total Assets At Fair Value				\$ 22,849,011

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. Group Annuity Contract With Insurance Company

The Plan is invested in a fully benefit-responsive Guaranteed Group Annuity Contract (the Contract) with Empower Annuity Insurance Company of America (EAIC). EAIC maintains the contributions in a general account and is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by EAIC, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

FREEDMAN SEATING COMPANY 401(k) PLAN

Notes To Financial Statements (*Continued*)

There is no reserve against Contract value for credit risk of the Contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The average yield based on actual earnings for the years ended December 31, 2024 and 2023, was 1.41% and 1.23%, respectively.

Certain events limit the Plan's ability to transact at Contract value with Empower. Such events include the following: a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, c) bankruptcy of the Plan sponsor or other Plan sponsored events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at Contract value with Plan participants are probable of occurring.

The Contract does not permit the insurance company to terminate the Agreement prior to the scheduled maturity date.

6. Income Tax Status

Effective January 1, 2023, the Plan was restated and adopted a defined contribution pre-approved plan document sponsored by Empower Retirement, LLC. Empower Retirement, LLC received an opinion letter from the IRS, dated November 14, 2022, which states that the pre-approved plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes the Plan is designed, and is being operated, in accordance with the applicable provisions of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date. As such, no provision for income taxes has been included in the Plan's financial statement.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

7. Party In Interest Transactions

Certain Plan investments are units of common/collective trusts, mutual funds and a group annuity contract, all managed by Empower or affiliates of Empower. Empower is the recordkeeper for the Plan. In addition, certain employees have outstanding loans with the Plan as of December 31, 2024 and 2023. These transactions are considered party in interest transactions allowable under ERISA.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

In April 2025, the Company was acquired by Lippert Components, Inc. In connection with this transaction, the Company approved the termination of the Plan, effective September 22, 2025. The Plan is in the process of completing the necessary steps to terminate in accordance with applicable laws and regulations. As of the date the financial statements were available to be issued, the Plan had not yet completed the termination process, and, accordingly, the accompanying financial statements do not reflect any adjustments related to the termination.
