Independent Auditors' Report

To the Plan Administrator of
First Rate, Inc. Profit Sharing Plan
(With 401(k) Safe Harbor Provisions)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the First Rate, Inc. Profit Sharing Plan (With 401(k) Safe Harbor Provisions) (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude, whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

General

First Rate, Inc. Profit Sharing Plan (with 401(k) Safe Harbor Provisions) (Plan) was established January 1, 2002 for eligible employees of First Rate, Inc. (Company) and was amended and restated effective January 1, 2014. The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA) and consists of a profit sharing portion. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

All employees of the Company are eligible to become participants in the Plan. Part-time employees of the Company are eligible to participate in the Plan upon attainment of age 18 and completion of 1,000 hours of service, and full-time employees are eligible to participate in the Plan upon completion of 90 days of continuous full-time employment and the attainment of age 18.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. These changes allowed certain provisions to participants impacted by COVID-19 such as in-service distributions up to \$100,000, loan borrowings up to \$100,000 and suspension of loan payments and required minimum distributions. In accordance with the CARES Act, the Plan has until December 31, 2026 to formally amend the Plan.

Effective April 8, 2022, Newport Trust Company (Newport) merged with Ascensus Trust Company (Ascensus) (collectively Custodians). The Plan completed its migration from Newport's platform to Ascensus' platform in November 2024. The migration instituted a blackout period from November 11, 2024 through November 18, 2024.

Contributions

Participants may contribute a percentage of their compensation, as defined in the Plan, limited to the maximum amount permitted under the applicable Internal Revenue Code (IRC) regulations. Catch-up contributions and rollovers from other qualified plans are also allowed. Each participant's account is credited with the participant's contributions.

The Company makes a safe harbor fixed matching contribution to the Plan equal to 200% of the first 6% of the participant's annual compensation that was contributed to the Plan. The Plan also allows the Company, at management's discretion, to make discretionary matching contributions and discretionary profit sharing contributions. The Company did not make a discretionary match or profit sharing contribution for the year ended December 31, 2024.

Participants may direct their contributions and the Company matching contributions to various investment options offered by the Plan.

**First Rate, Inc. Profit Sharing Plan
(With 401(k) Safe Harbor Provisions)
Notes to Financial Statements**

Participant Accounts

Separate accounts are established for each participant. Each participant's account is credited with the participant's contribution, the Company's contribution, and investment earnings, and is charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings, matching or account balances, as defined by the Plan. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

Vesting

Participants are vested immediately in their rollover balances, their contributions, Company safe harbor fixed matching contributions and earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of a participant's account and the earnings thereon is based on years of service. Participants are 100% cliff vested in Company discretionary and profit sharing contributions after three years of service.

Forfeitures

When certain events occur allowing for distributions from the Plan, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures may be used to pay administrative expenses of the Plan or allocated to participant accounts. At December 31, 2024 and 2023, forfeitures totaling \$1,459 and \$1,383 were available, respectively. For the year ended December 31, 2024, forfeitures totaling \$14 were used to reduce employer contributions.

Termination of the Plan

While the Company has not expressed any intent to do so, it may terminate the Plan at any time. In the event the Plan is terminated, participants would become fully vested in their account balances, and net assets of the Plan would be distributed to participants in accordance with the provisions of the Plan.

Notes Receivable from Participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Plan participants may borrow from their accounts an amount generally not to exceed the lesser of \$50,000 or 50% of their vested account balance. The loan must be repaid at a reasonable rate of interest within five years, unless the proceeds are used to purchase the participant's primary residence. Loans are secured by the balance in the participant's account and repayments are made through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

**First Rate, Inc. Profit Sharing Plan
(With 401(k) Safe Harbor Provisions)
Notes to Financial Statements**

Benefits Paid to Participants

Distribution of a participant's vested account balance is available upon the participant's retirement, death, disability, termination of employment, attainment of age 59½ or for a financial hardship meeting the requirements of the IRC. In the event of death, disability, retirement or termination of employment, the Company has the option to require those participants with account balances of less than \$1,000 to take lump-sum distributions, unless a directed rollover is elected. If a participant's account balance exceeds \$1,000, they may elect to rollover their vested account balance, to receive a lump-sum distribution, or to receive installments over a specified period of time.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

**First Rate, Inc. Profit Sharing Plan
(With 401(k) Safe Harbor Provisions)
Notes to Financial Statements**

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

- Level 1 Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

- Level 3 Valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

**First Rate, Inc. Profit Sharing Plan
(With 401(k) Safe Harbor Provisions)
Notes to Financial Statements**

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer and participant contributions receivable. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, within the fair value hierarchy, the Plan's Level 1 assets at fair value as of December 31:

	2024	2023
Mutual funds	\$ 31,500,719	\$ 28,379,417

4. Financial Information Certified by the Plan's Custodians (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Custodians and a party-in-interest as defined by ERISA, as of December 31, 2024 and 2023 and for the year ended December 31, 2024, except for comparing such information certified by the Custodians to information included in the Plan's financial statements and supplemental schedule.

This information consists of the following:

	2024	2023
Mutual funds	\$ 31,500,719	\$ 28,379,417
Notes receivable from participants	353,354	440,275
Total	\$ 31,854,073	\$ 28,819,692
Interest and dividends	\$ 847,368	
Interest income on notes receivable from participants	\$ 27,636	
Net appreciation in fair value of investments	\$ 2,510,074	

**First Rate, Inc. Profit Sharing Plan
(With 401(k) Safe Harbor Provisions)
Notes to Financial Statements**

5. Tax Status

The Plan obtained an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the Plan document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

6. Related Party Transactions and Party-In-Interest Transactions

Plan investments are managed by the Custodians of the Plan who, therefore, qualify as a parties-in-interest. Some fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment.

7. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024:

Net assets available for benefits per the financial statements	\$ 31,991,312
Less: participant and employer contributions receivable	<u>(137,239)</u>
Net assets available for benefits per the form 5500	<u>\$ 31,854,073</u>

8. Subsequent Events

Management has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued and concluded that no additional disclosures are required.
