Independent Auditors' Report

Opinion

We have audited the financial statements of International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years ended December 31, 2024 and 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund's ability to continue as a going concern for one year after the date that the financial statements are issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplementary Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes To Financial Statements

Note 1: Description Of Plan

The following brief description of the International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Background information - The International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund is a multi-employer, collectively bargained, defined contribution plan established October 1, 1988 covering Local 40 union members in the Upstate New York Area. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant accounts - Individual accounts are established for each employee after they have completed 100 hours of service at which point the individual is considered a participant and 100% vested in their account balance. The contribution rate per hour for hours worked during the years ended December 31, 2024 and 2023 ranged from \$3.47 to \$3.81. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is assessed a periodic fee to provide the Plan with the resources needed for operations.

Participants can elect to have 25%, 50%, or 75% of their Annuity Fund contribution transferred to their Welfare Fund account or 25%, 50%, or 75% of their Welfare Fund contribution transferred to their Annuity Fund account. A minimum balance of \$16,000 in the participant's Welfare Fund account is required to initially elect the Welfare Fund to Annuity Fund option; in addition, the participant must maintain a minimum \$5,000 balance to continue the Welfare Fund to Annuity Fund option.

If an employee attains age 62 and retires, or 55 for early retirement, they shall be eligible to receive their account balance in accordance with the specific provisions stipulated in the Plan. If an employee becomes totally and permanently disabled, they shall be eligible to receive their account balance under the same terms and conditions as their retirement. In the event of death before retirement, an employee's account balance will be paid to their designated beneficiary. If an employee is terminated, they may elect to receive their vested benefit in accordance with the specific provisions stipulated in the Plan. If an employee demonstrates financial hardship, they can elect to receive a hardship withdrawal in accordance with specific provisions stipulated in the Plan.

A participant in the Plan who is working for an employer in a position covered by a collective bargaining agreement between said Employer and the International Association of Heat and Frost Insulators and Allied Workers Local 40 Union, may elect to receive an in-service benefit, which is a distribution of such Participant's account upon attainment of age 59 ½ upon the earlier of five years of participation in the Plan or after the contributions in their account have been held by the Plan for two years. Furthermore, the benefit must be in the minimum amount of \$2,000.

**INTERNATIONAL ASSOCIATION OF HEAT AND FROST
INSULATORS AND ALLIED WORKERS LOCAL 40 ANNUITY FUND**

Notes To Financial Statements

Note 1: Description Of Plan (Continued)

Effective January 1, 2024 participants will be permitted to receive an in-service distribution prior to 59 ½ without incurring a 10% tax penalty provided the participant has been certified by a physician as having a terminal illness or the participant was a victim of domestic abuse within the past one year period. In addition, participants will be permitted to receive a hardship distribution to reimburse expenses and losses by a participant on account of a federal disaster declaration if the participant's principal residence or principal place of employment was located in the disaster zone and designated for individual assistance.

Revenue credits - The Plan has entered into an agreement with the recordkeeper that allows for recordkeeping fees in excess of the agreed-upon amount to be allocated to eligible participants as a revenue credit. These credits reduce the total administrative fees paid by the Plan. The Plan received \$38,329 and \$34,958 of revenue credits in 2024 and 2023, to offset the administrative fees paid.

Plan termination - In the event the Plan is terminated, such termination would follow the applicable sections of the Employee Retirement Income Security Act of 1974 and the Internal Revenue Code, as amended, for the exclusive benefit of participants under the Plan.

Note 2: Summary Of Significant Accounting Policies

Investment valuation and income recognition - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

**INTERNATIONAL ASSOCIATION OF HEAT AND FROST
INSULATORS AND ALLIED WORKERS LOCAL 40 ANNUITY FUND**

Notes To Financial Statements

Note 2: Summary Of Significant Accounting Policies (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are reflected on a trade-date basis. Gains or losses on sales of securities are based on the actual cost of the securities sold. Unrealized gains and losses are included in the change in net assets in the accompanying statements of changes in net assets available for benefits.

Receivables - Substantially all of the receivables are considered collectible. Accordingly, no allowance for credit losses is required. If it is probable accounts are uncollectible, they are charged to operations and an allowance is established when that determination is made.

Tax status - The Plan is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code and constitutes a qualified trust under Section 401(a). Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan obtained its latest determination letter on August 12, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net assets available for benefits or change in net assets available for benefits.

Notes To Financial Statements

Note 3: Fair Value Measurements

The following is a description of the valuation methodology used for assets at fair value at December 31, 2024 and 2023:

Mutual funds: Valued at quoted market prices.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements At Reporting Date Using:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
<u>December 31, 2024</u>				
Mutual Funds	\$ 8,365,285	\$ -	\$ -	\$ 8,365,285
<u>December 31, 2023</u>				
Mutual Funds	\$ 7,500,196	\$ -	\$ -	\$ 7,500,196

Note 4: Guaranteed Interest Account

The Plan has entered into an investment contract with Great West Investments. Great West Investments maintains the designated contributions in a guaranteed investment contract, Guaranteed Interest Account. The account is credited with earnings associated with the underlying investments and charged for participant withdrawals and administrative expenses. Empower Retirement, LLC is the custodian and recordkeeper for the Plan and wholly owned by the same parent company as Great West Investments and, therefore, these transactions qualify as party in interest transactions.

**INTERNATIONAL ASSOCIATION OF HEAT AND FROST
INSULATORS AND ALLIED WORKERS LOCAL 40 ANNUITY FUND**

Notes To Financial Statements

Note 4: Guaranteed Interest Account (Continued)

The Guaranteed Interest Account is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses). For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, the contract generally provides that withdrawals associated with certain events which are not in the ordinary course of Plan operations, and are determined by the issuer to have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such withdrawal as defined in the contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Units of the Guaranteed Interest Account may be redeemed at any time and the contract contains no withdrawal penalty provisions.

Note 5: Related Party Transactions

The International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund shares management, certain Board of Trustee members, shared membership, and reliance upon a collective bargaining agreement with the International Association of Heat and Frost Insulators and Allied Workers Local 40 Union, Pension Fund, and Welfare Fund. The Funds share various administrative costs that are allocated 50% Pension, 40% Welfare, and 10% Annuity.

The balance with the related party at December 31 consist of:

	<u>2024</u>	<u>2023</u>
Due From Related Fund - The Plan shares a bank account with related funds for the purpose of distributing employer contributions received.	\$ 65,086	\$ 61,516

Note 6: Concentrations Of Credit Risk

Financial instruments that potentially subject the International Association of Heat and Frost Insulators and Allied Workers Local 40 Annuity Fund to concentrations of credit risk consist principally of cash in financial institutions. Accounts at each institution are insured up to the Federal Deposit Insurance Corporation limits.

**INTERNATIONAL ASSOCIATION OF HEAT AND FROST
INSULATORS AND ALLIED WORKERS LOCAL 40 ANNUITY FUND**

Notes To Financial Statements

Note 7: Risks And Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2024, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 9: Economic Dependency

Four employers and three employers provided approximately 72% and 60% of the total employers' contributions for the years ended December 31, 2024 and 2023, respectively.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 6, 2025, which is the date the financial statements were available to be issued.
