INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Center for Primary Care, P.C. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Center for Primary Care, P.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Center for Primary Care, P.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company, the trustee of the Plan, which is a qualified institution as of December 31, 2024 and 2023 and for the year December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Center for Primary Care, P.C. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Primary Care, P.C. 401(k) Plan 's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for ne resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Center for Primary Care, P.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Center for Primary Care, P.C. 401(k) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (HELD AT END OF YEAR), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CENTER FOR PRIMARY CARE, P.C. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Center for Primary Care, P.C. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan covering substantially all employees of the Center for Primary Care, P.C. (the "Company"), who are 21 years old and older and who have sixty days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions - Each year, participants may contribute up to the IRS maximum percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and fully benefit-responsive investment contracts as investment options for participants. The Company contributes a safe harbor matching contribution equal to 100% of the first 5% of employee's compensation for the Plan year to all eligible employees. Safe harbor contributions are directed by the participants. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the participant. For the year ended December 31, 2024, the profit sharing contribution percentages were 9% of eligible compensation for participating physicians and senior management, and 4% of eligible compensation for all remaining participating employees.
- C. Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and b) Plan earnings. Allocations of Plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.
- D. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the Company's 5% safe harbor matching contributions plus actual earnings thereon. Participants are vested in the portion of their account attributable to discretionary profit sharing contributions and any employer non-elective contributions that may have been contributed to the Plan before the Plan provided for safe harbor non-elective contributions based on years of continuous service. A participant is 100 percent vested after six years of credited (continuous) service. The participants vest as follows:

0%	Less than 2 years of service
20%	after 2 years of service
40%	after 3 years of service
60%	after 4 years of service
80%	after 5 years of service
100%	after 6 years of service

NOTE 1 - DESCRIPTION OF PLAN (continued)

- E. Notes Receivable from Participants - Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The term of the loans may not exceed five years except in the case of a loan for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at the current prime lending rate of Wells Fargo Bank. Principal and interest are paid ratably through payroll deductions.
- F. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of not more than the assumed life expectancy of the participant or the participant's beneficiary.
- G. Forfeited Accounts - At December 31, 2024 and 2023, forfeited nonvested accounts totaled zero and \$213, respectively. Any non-vested account balance from profit sharing contributions becomes a forfeiture at a distribution date and is used to reduce the employer's matching contribution. For the years ended December 31, 2024 and 2023, \$104,015 and \$88,537, respectively, were used to reduce employer contributions.
- H. Plan Expenses - All Plan expenses are paid by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in its statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Contributions Receivable - Amounts deferred by participants or the sponsor before yearend and remitted afterward are presented on the statement of net assets available for benefits as contributions receivable. The Plan evaluates the collectability of contributions receivable based on management's review of historical loss experience, current economic conditions, reasonable and supportable forecasts, and other relevant factors. As of December 31, 2024 and 2023, management believes that the receivables are fully collectible and that no allowance for credit losses is necessary.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants - The Plan allows participants to borrow from their individual accounts. Participant loans are secured by the balance in the participant's account. As of December 31, 2024 and 2023, Management has assessed the collectability of these loans based on review of historical loss experience, current economic conditions, reasonable and supportable forecasts, and other relevant factors and believes that no allowance for credit losses is necessary.

Payment of Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events - The Plan has evaluated subsequent events through October 2, 2025, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to completeness and accuracy by the Trustees.

	2024	2023
Investments, at contract value:		
Galliard Stable Return Fund	\$ 4,993,644	\$ 10,457,285
Investments, at fair value:

Notes Receivable from Participants	599,126	734,002
	\$ 79,337,252	\$ 73,668,960

During the year ended December 31, 2024, the Plan's investments (including investments bought, sold, and held during the year) depreciated in value as follows:

	2024
Investment income:	
Net appreciation in fair value of investments	\$ 8,690,793
Dividends	1,206,570
Interest	45,675
	\$ 9,943,038

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP) provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund on the NYSE. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The following tables summarize the valuation of the Plan’s financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2024 and 2023, based on the level of input utilized to measure fair value:

	Total	Fair Value Measurements Using		
		(Level 1)	(Level 2)	(Level 3)

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Galliard Stable Return Fund is a fixed income separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants’ accounts from daily fluctuations in the market. Under the terms of the contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the investment option at contract value. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus credited interest less participant withdrawals and fees.

The Galliard Stable Return Fund is considered to be fully benefit-responsive notwithstanding the market value events under the investment option contract that limit the ability of the Plan to transact at contract value.

CENTER FOR PRIMARY CARE, P.C. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

Contributions to Galliard Stable Return Fund under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Wells Fargo. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

There are no unfunded commitments. Under the terms of the contract, the Plan sponsor must provide a minimum of 90 days' notice to Wells Fargo prior to redemption of the contract. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (3) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The following represents the contract value of the fund held by the Plan at December 31:

	2024	2023
Galliard Stable Return Fund	\$ 4,993,644	\$ 10,457,285

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the company contribution portion of their account.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Effective January 1, 2022, the Plan was restated to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e., the 6-year pre-approved plan restatement cycle). Effective October 1, 2022, the plan was restated in order to include provisions for automatic enrollment, automatic deferral escalation and to decrease the service requirement from six months to sixty days.

CENTER FOR PRIMARY CARE, P.C. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 7 - TAX STATUS (continued)

In January and May of 2023, the Plan was amended to exclude pay prior to plan entry from the employer match calculation and allow in-plan Roth transfers, respectively. Although the Plan has been restated and amended since receiving the letter of determination, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by regulatory agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator does not believe there are any material uncertain tax positions and, accordingly, the Plan will not recognize any liability for unrecognized tax benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds managed by Wells Fargo Bank, N.A. and Principal Trust Company. Principal Trust Company was the trustee of the plan for the years ending December 31, 2024 and 2023, therefore, these transactions and the Plan's payment of administrative fees to Wells Fargo and Principal Trust Company qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of mutual funds and a fully benefit-responsive investment contract. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO 5500

The Annual Return/Report of Employee Benefit Plan (the “Form 5500”) is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The following is a reconciliation of net assets available for benefits per the Form 5500 at December 31, 2024 and 2023 to the financial statements.

	2024	2023
Net assets available for benefits per the Form 5500	\$ 79,080,995	\$ 73,170,335
Plus : Adjustment to contract value for guaranteed investment contract	240,703	476,141
Plus: Adjustment for deemed distributions included for tax purposes but not included in GAAP financial statements	27,309	27,309
Less: Adjustment to accrue excess contributions payable	-	(1,450)
Net assets available for benefits per the financial statements	\$ 79,349,007	\$ 73,672,335

The following is a reconciliation of changes in net assets available for benefits per the Form 5500 for the year ended December 31, 2024 to the financial statements:

Total changes in net assets available for benefits reflected on Form 5500	\$ 5,910,660
Less: Adjustment to contract value for guaranteed investment contract	(235,438)
Plus: Adjustment for excess contributions accrued in the prior year	1,450
Total changes in net assets available for benefits reflected in the financial statements	\$ 5,676,672
