## INDEPENDENT AUDITORS' REPORT

To the Participants and Administrative committee of  
The Employee 401(k) Retirement Plan:

### Opinion

We have audited the accompanying financial statements of The Employee 401(k) Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## THE EMPLOYEE 401(K) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

December 31, 2024

#### Note 1 - Description of Plan:

*General* - The following description of The Employee 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan. Eligible employees and former employees of Contran Corporation ("Contran") and certain of its subsidiaries and affiliates (individually, an "Employer," and collectively, the "Employers"), including CompX International Inc., CompX Security Products Inc., CompX Marine Inc., Custom Marine Inc., Livorsi Marine, Inc., Kronos (US), Inc., Louisiana Pigment Company, L.P. and NL Industries, Inc., may elect to participate in the Plan immediately upon hire. Certain former employees of sold subsidiaries also maintain account balances in the Plan. The Plan is a single master plan with an adoption agreement defining certain specific plan terms for each Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

At December 31, 2024, a majority of Contran's outstanding voting stock is held directly by Lisa K. Simmons and by family stockholders (Thomas C. Connelly (the husband of Ms. Simmons' late sister), a family-owned entity and various family trusts established for the benefit of Ms. Simmons, Mr. Connelly and their children) who are required to vote their shares of Contran voting stock in the same manner as Ms. Simmons. Such voting rights are personal to Ms. Simmons and last through April 22, 2030. The remainder of Contran's outstanding voting stock is held by another trust (the "Family Trust"), which was established for the benefit of Ms. Simmons and her late sister and their children and for which a third-party financial institution serves as trustee. Consequently, at December 31, 2024, Ms. Simmons and the Family Trust may be deemed to control the Plan and each of the Employers.

Unless otherwise indicated, references in this report to "we," "us" or "our" refer to Contran Corporation and its subsidiaries, taken as a whole.

*Participant and Employer Contributions* - The Plan permits participants to defer 1% to 100% of their annual compensation, as defined by the Plan, as contributions, not to exceed a combined pre-tax and Roth 401(k) deferral of \$23,000 in 2024 (subject to adjustment in future years), through payroll deductions. Participants who will be at least age 50 by the end of the Plan year may elect to make "catch-up" contributions, not to exceed an additional combined pre-tax and Roth 401(k) deferral of \$7,500 in 2024 (subject to adjustments in future years) through payroll deductions.

New employees who have not otherwise elected to participate in the Plan are automatically enrolled in the Plan at their first eligible date (unless they have elected to not participate in the Plan) with a default deferral rate of 6% as defined in the Plan's adoption agreement. Deferrals are invested in the Plan's qualified default investment alternatives (unless otherwise elected by the participant).

Each Employer may contribute to the Plan based on its discretion using a matching or other formula as defined in the Plan's adoption agreement. The Employer's contribution is reduced, as provided by the Plan, by nonvested amounts forfeited by its participants who withdraw from the Plan. At December 31, 2023 and 2024, unallocated forfeited nonvested accounts were approximately \$47,000 and \$52,000, respectively. Forfeitures of approximately \$166,000 were used to reduce employer contributions for the year ended December 31, 2024. Pursuant to the Internal Revenue Code, total participant contributions (pre-tax and after-tax but excluding catch-up contributions) and employer contributions are limited to an aggregate of \$69,000 per participant from all employer defined contribution plans in 2024.

*Vesting and benefits* - Participant deferrals (including earnings thereon) are immediately vested. Employer contributions (including earnings thereon) from Contran Corporation and Kronos (US), Inc. are immediately vested. CompX International Inc. and Louisiana Pigment Company's ("LPC") matching contributions vest at the rate of 20% per year of service, as defined by each Employer. LPC's non-matching employer contributions remain unvested for 3 years

of service, after which they become fully vested. Effective January 1, 2025, LPC's participant deferrals and non-matching employer contributions are immediately vested.

Upon termination of employment, retirement, total disability, or death, a participant (or beneficiary, if applicable) may elect to receive a distribution in the form of (i) a lump sum amount not to exceed the entire vested value of the participant's account, or a portion thereof; (ii) monthly, quarterly or annual installments, or (iii) a combination of (i) and (ii). Without the consent of a participant, the Plan shall make a lump sum distribution of a participant's account balance if the vested portion of the participant's account (including any rollover account balances) is not greater than \$7,000, and in the event of such a mandatory distribution greater than \$1,000 (including any rollover account balances), the Plan will automatically rollover a participant's account balance to an individual retirement account designated by the Plan if the participant does not make an election to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or receive a cash distribution directly.

*Participants' accounts* - Participants' account balances are invested in two collective trust funds and mutual funds. See Note 3.

Each participant's account is credited with the participant's contribution, an allocation of the Employer's contribution, if any, and investment earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings, matching or account balances, as defined in the Plan. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

*Notes receivable from participants* - With the consent of the Plan administrator, a participant is able to borrow from his/her fund account an amount ranging from a minimum of \$1,000 up to a maximum that is generally equal to the lesser of \$50,000 or 50% of his/her vested account balance as permitted by the Plan. Principal and interest are paid ratably through payroll deductions. A loan is collateralized by the balance in the participant's account and bears interest at rates commensurate with local prevailing rates. For outstanding loans at December 31, 2024, the interest rates ranged from 4.25% to 9.50% and mature through 2039.

*Tax status* - The Plan has been notified by the Internal Revenue Service in a letter dated June 30, 2020 that it is a qualified plan under Section 401(a) and Section 401(k) of the Internal Revenue Code (the "Code"), and is therefore exempt from federal income taxes under provisions of Section 501(a) of the Code.

The Plan's Annual Returns/Reports of Employee Benefit Plan prior to 2021 are closed to examination by the applicable tax authorities. The Plan had no significant uncertain tax positions for the years ended December 31, 2023 and 2024.

*Plan termination* - Each Employer has the right under the Plan to discontinue its contributions at any time and to terminate its participation in the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated or partially terminated, the accounts of all affected participants would become fully vested.

## **Note 2 - Summary of significant accounting policies:**

*Basis of accounting* - The financial statements of the Plan are prepared on the accrual basis of accounting.

*Management estimates* - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may, in some instances, differ from previously estimated amounts.

*Investment valuation and income recognition* - The Plan's investments are stated at fair value. See Note 4 for a discussion of fair value measurements.

The net appreciation for the year is reflected in the Plan's statement of changes in net assets available for benefits. The net appreciation includes realized gains or losses and unrealized appreciation (depreciation) on investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

*Risks and uncertainties* - The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's Statements of Net Assets Available for Benefits.

*Notes receivable from participants* - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Interest income on notes receivable is recorded on the accrual basis.

*Payment of benefits* - Benefits are recorded when paid.

*Expenses of administering the Plan* - To the extent not paid by the Plan, administrative expenses are paid by the Employer at its sole discretion.

The Plan has evaluated subsequent events through September 16, 2025, the date these financial statements were available to be issued and concluded that no additional disclosures were required.

### **Note 3 - Investments:**

At December 31, 2024, the Plan is invested in two collective trust funds and mutual funds administered by third parties. During 2024, the Plan's investments (including gains and losses on investments bought and sold during the year as well as investments held throughout the year) increased in value by a net \$27,826,654.

### **Note 4 - Fair value measurements:**

The Plan carries its investments at fair value in accordance with Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, which establishes a consistent framework for measuring fair value and is applied to all financial statement items required to be measured at fair value. The standard requires fair value measurements to be classified and disclosed in one of the following three categories:

- *Level 1* - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- *Level 2* - Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the assets or liability; and
- *Level 3* - Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The level within the fair value hierarchy by which the Plan's investments are categorized is based on the lowest level of any input that is significant to the fair value measurement of each investment. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2024.

*Mutual funds* - Investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are

required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust funds* – The Plan invests in two collective trust funds which are valued at the NAV at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. Participant transactions (purchases and sales) may occur daily, and there are no participant redemption restrictions for these investments. The collective trust funds do not have a finite life or any unfunded commitments relating to this type of investment.

The following is a description of certain information regarding the stable value fund.

The stable value fund objective is to provide a moderate level of stable income without principal volatility. At December 31, 2023 and 2024, the stable value fund consists solely of the Plan’s investment in the Vanguard Retirement Savings Trust IV Fund (“Retirement Trust IV Fund”), which invests all of its assets in the Vanguard Retirement Savings Master Trust (“VRST Master Trust”), a collective trust fund. The VRST Master Trust invests primarily in investment contracts issued by insurance companies and commercial banks and in contracts that are backed by bond funds. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

The fair value of the Retirement Trust IV Fund is based on the underlying unit value reported by the VRST Master Trust, and a NAV can be calculated for the Retirement Trust IV Fund. The average yield based on actual earnings of the Retirement Trust IV Fund was 2.91% for the year ended December 31, 2024. The average yield based on interest rate credited to participants in the Retirement Trust IV Fund was 2.63% as of December 31, 2024.

Our investments in the collective trust funds are measured at fair value using the NAV per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in the table below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2024.

	Fair Value at Reporting Date Using			
	Total	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

<b>Total investments</b>	<b>\$ 286,801,298</b>	<b>\$ 252,226,071</b>	<b>\$ —</b>	<b>\$ —</b>

\* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan may hold other assets and liabilities not measured at fair value on a recurring basis, including employer and employee contributions receivable, unsettled fund sales and unsettled fund purchases. The fair value of these assets and liabilities approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

#### Note 5 - Related Party and Party-in-Interest Transactions:

The Plan made direct payments of \$44,892 to Fidelity in 2024 for investment management services. Such fees are included in administration expenses of the Plan. The Plan sponsor pays directly any other fees related to the Plan's operations.
