INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Jennie Stuart Medical Center 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of the Jennie Stuart Medical Center 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2024 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Jennie Stuart Medical Center 403(b) Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the 2024 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2024 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Jennie Stuart Medical Center 403(b) Plan's ability to continue as a going concern for one year after the date the 2024 financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2024 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2024 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2024 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2024 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Jennie Stuart Medical Center 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2024 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Jennie Stuart Medical Center 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2024 financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 financial statements or to the 2024 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Jennie Stuart Medical Center 403(b) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 11, 2024 indicated that: (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

JENNIE STUART MEDICAL CENTER 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 1 – Plan Description

General

The Plan is a defined contribution plan covering all eligible employees of Jennie Stuart Medical Center (the “Plan Administrator”, “Employer” or “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan’s provisions.

Administration

The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan Administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Plan Administrator has formed an Investment Committee made up of Company officers and members of management. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performances and oversees the reasonableness of plan expenses and fees.

The Plan’s Trustee and Investment Custodian was Newport Trust Company. The Investment Custodian holds all of the Plan’s assets and executes all of the Plan’s transactions. The Company also retained Newport Group to provide participant recordkeeping and administration services. Effective November 14, 2024, Ascensus LLC provides participant recordkeeping and administration services while Ascensus Trust Company is the Plan’s Trustee and Investment Custodian.

Eligibility

The Plan covers all employees of the Company. All eligible employees must be 18 years of age and may begin participating in the Plan immediately upon hire.

Contributions to the Plan

Participants may contribute through payroll deferrals, as defined in the Plan Agreement, up to 100% of eligible compensation. The Plan also allows participants to make after-tax Roth contributions. Participants who have attained age 50 before the end of the year are eligible to make additional ‘catch-up’ contributions. Participants also may contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled at a deferral rate of 1% unless they affirmatively elect not to participate.

The Company may elect to make discretionary matching contributions on behalf of the participants. Discretionary matching contributions, which were equal to 50% of participant deferrals up to 6% of eligible compensation, amounted to \$1,084,297 (net of forfeitures used) for the year ended December 31, 2024.

**JENNIE STUART MEDICAL CENTER
403(b) PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

The Company may also elect to make an additional discretionary non-elective contribution. The participant's share of the discretionary non-elective contribution is based upon the proportion of the participant's compensation to the total compensation for all eligible participants. There were no discretionary non-elective contributions for the 2024 plan year.

Participants may direct the investment of both their individual contributions plus their share of employer matching and discretionary contributions into various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distribution of Benefits

On termination of service, participants whose vested account balances of \$1 or less will receive a lump sum payment unless they elect otherwise. Participants whose vested account balances are greater than \$1, but less than \$5,000, will have their funds automatically rolled over to an IRA without direct consent, unless they elect otherwise. Participants whose vested account balances exceed \$5,000 may elect a lump sum distribution, installment payments, or a rollover of their account balance to another qualified account. Additionally, they may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses, but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

The Plan allows for in-service distributions upon attainment of age 59 1/2 from all vested accounts. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the plan document, from employee elective deferral accounts, employer matching accounts, and discretionary contribution accounts.

Vesting

Participants are immediately vested in their contributions (deferrals and rollovers) and earnings thereon. Vesting in Company contributions is based on years of continuous service at a rate of 20% per year after 5 full years of credited service. A participant is 100% vested after 5 years of credited service. Participants also become 100% vested upon death, or disability.

Forfeitures

Forfeitures can be used to offset plan administration expenses and reduce any employer contributions. The balance in the forfeitures account at December 31, 2024 and 2023 was \$29,712 and \$9,503, respectively. Forfeitures of \$100 and \$12,650 were used to offset administrative expenses and reduce employer contributions, respectively, for the year ended December 31, 2024.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employer contributions are recorded in the period which they pertain and income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment Custodian. See Note 4 for a description of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain of the Plan's administrative expenses, including accounting and legal fees, are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's accounts and are included in administration expenses. Direct fees for custodian, recordkeeping services and investment advisory services are paid by the Plan and also are included in administration expenses. Investment-related expenses are included in the net appreciation or depreciation in the fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including, October 2, 2025, which is the date the financial statements were available to be issued.

**JENNIE STUART MEDICAL CENTER
403(b) PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 3 – Unaudited Investment Information Certified by the Custodians

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Newport Trust Company and Ascensus Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024; and
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan investments reported at fair value consist solely of mutual funds that are measured on a recurring basis using Level 1 inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023. Mutual funds are valued at daily closing prices as reported by the fund and are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

**JENNIE STUART MEDICAL CENTER
403(b) PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with Standard Insurance Company (“Standard”). Standard maintains the contributions in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is included in the financial statements at contract value as reported to the Plan by Standard. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fully benefit-responsive investment had a contract value of \$667,939 and \$575,051 at December 31, 2024 and 2023, respectively.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1% over the life of the contract. Such interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to 30 days written notice.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan) (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-off of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

Note 6 – Party-in-Interest Transactions

Certain plan investments are managed by Ascensus Trust Company and Newport Trust Company, who were the Plan's Trustees and Investment Custodians during 2024. During the year ended December 31, 2024, the Plan paid direct compensation to the Investment Custodians for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Investment Custodians from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

**JENNIE STUART MEDICAL CENTER
403(b) PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Custodial fees and other operating expenses incurred after the termination date may, at the discretion of the Plan Sponsor, be paid by the Plan.

Note 8 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable opinion letter dated March 31, 2017. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter on the adoption of the Plan nor on any subsequent amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable provisions of the Internal Revenue Code. As a result, the Plan is qualified under Section 401(a), and the related Trust is tax-exempt as of December 31, 2024.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2024 and 2023. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
