INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Koam Engineering Systems, Inc. Retirement Savings Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Koam Engineering Systems, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KOAM ENGINEERING SYSTEMS, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2024 and 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Koam Engineering Systems, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement or the summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering the employees of Koam Engineering Systems, Inc. (the Company), except for those employees whose compensation and conditions of employment are established by the terms of a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Company are eligible to participate in the Plan upon date of hire as long as they have reached the age of 18.

Plan Administration: The Plan is administered by the Administrative Committee (Plan Administrator) appointed by the Board of Directors of the Company. The custodian for the Plan is Nationwide Trust Company, FSB (Custodian).

Contributions: Eligible employees may elect to defer a percentage of their pre-tax annual compensation as defined by the Plan. Participants may also make contributions to the Plan on an after-tax basis by designating deferrals as Roth deferrals. The maximum employee contribution permitted by the Internal Revenue Service (IRS) was \$23,000 and \$22,500 for calendar years 2024 and 2023, respectively. In addition, participants who had attained age 50 by year end could also make catch-up contributions of \$7,500 for calendar years 2024 and 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer contributions include both required and discretionary contributions. The discretionary contribution is determined by the Board of Directors of the Company. For the years ended December 31, 2024 and 2023, no discretionary contributions were made. Under the 401(K) provisions of the Plan, the Company is required to make a Safe Harbor contribution in an amount not less than 3% of participant's compensation, up to the first \$345,000 of wages, on behalf of each employee, whether or not they are contributing to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and rollovers, any employer contributions and plan earnings which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: For the salary deferrals and 401(K) Safe Harbor contributions, participants are immediately vested in their contributions plus actual earnings. With respect to discretionary contributions, vesting will be based on the years of service with 0% vested for less than two years and gradually building up to 100% vested after six or more years.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures: Forfeitures of non-vested plan assets are allocated first to administrative expenses and then are used to reduce any employer contributions. There were \$27 and \$0 in forfeitures used for years 2024 and 2023, respectively, and there were \$8,916 and \$27 forfeitures available as of December 31, 2024 and 2023, respectively.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or they may take timely periodic distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the vested amount of a participant's account does not exceed \$5,000, the vested balance can be distributed to an IRA without prior approval of the participant.

Hardship Distributions: Participants may request a distribution based on financial hardship subject to the provisions of the Plan. Certain earnings of the 401(k) and Roth contributions may not be eligible for hardship withdrawal.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and changes therein at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Reclassifications: Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported equity.

Accounting for Fully Benefit-Responsive Investments: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets the net appreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan invests in various investment options that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currency, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: The Company pays all plan expenses except investment fees, which are allocated among participants, and loan and distribution fees.

Participant Contributions: Participant contributions are recorded and remitted to the custodian each bi-weekly payroll period and recorded in the year withheld from a participant's check.

NOTE 3. SUBSEQUENT EVENTS

The Plan Administrator has evaluated its December 31, 2024 and 2023 financial statements for subsequent events through September 26, 2025, the date of issuance of the financial statements. No material subsequent events were identified for recognition or disclosure.

NOTE 4. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1. Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

- *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	<u>\$ 19,803,838</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 19,803,838</u>

	Assets at fair value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	<u>\$ 18,636,790</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 18,636,790</u>

NOTE 5. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan participates in unallocated insurance contracts with Nationwide by investing in the Nationwide Fixed Select Account - Specimen Contract Form PNC-1005CA (the Fund). The principal investments underlying are primarily money market funds. As discussed in Note 2, the investment contracts are included in the statements of net assets available for benefits at contract value.

The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. There is no minimum interest crediting rate. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate is most impacted by the performance of the underlying funds in the portfolios.

In the event that the Plan terminates the contract with Nationwide, the Plan's ability to transact with the Fund would be restricted and could result in the Fund not being fully benefit-responsive. Such event would also limit the Plan's ability to transact at contract value with plan participants. The Plan Administrator, however, believes that the occurrence of such event is not probable.

NOTE 6. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts 50% of their account balance not to exceed \$50,000. Loans shall not exceed 5 years unless it is used to acquire a dwelling unit which will be used as the principal residence of the Participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates ranged from 3.25% to 9.5%. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 7. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

Nationwide Trust Company, the Custodian of the Plan, certified certain information for calendar years 2024 and 2023. That information was not audited in accordance with the Plan Administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information included in the accompanying financial statements and supplementary schedule, certified to by the Custodian consists of the following:

December 31,	<u>2024</u>	<u>2023</u>
Investments, at fair value		
Mutual funds	\$ 19,803,838	\$ 18,636,790
Investments, at contract value:		
Insurance company general account	\$ 176,556	\$ 539,893
Net investment income	\$ 2,846,381	\$ 3,118,859

NOTE 8. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter 401(k) profit sharing plan, which received a favorable opinion letter on June 30, 2020 from the Internal Revenue Service stating that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan qualifies and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 9. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2024 and 2023, there were no unpaid distributions included in accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 10. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE 11. PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2024 and 2023, certain plan investments are invested in shares of mutual funds managed by Nationwide, the Plan's Custodian. Therefore, these transactions qualify as party-in-interest transactions under ERISA.
