## Independent Auditors' Report

To the Plan Administrator of  
JC Penney Corporation, Inc. Safe Harbor 401(K) Plan

### Opinion

We have audited the financial statements of JC Penney Corporation, Inc. Safe Harbor 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of JC Penney Corporation, Inc. Safe Harbor 401(K) Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years ended December 31, 2024 and 2023, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JC Penney Corporation, Inc. Safe Harbor 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JC Penney Corporation, Inc. Safe Harbor 401(K) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JC Penney Corporation, Inc. Safe Harbor 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JC Penney Corporation, Inc. Safe Harbor 401(K) Plan's ability to continue as a going concern for a reasonable period of time

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**J. C. PENNEY CORPORATION, INC.**  
**SAFE HARBOR 401(k) SAVINGS PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2024 and 2023

**1. Description of Plan**

The following description of the J. C. Penney Corporation, Inc. Safe Harbor 401(k) Savings Plan (the Plan) provides only general information. For more complete information, Participants should refer to the Summary Plan Description for the Plan. If these Notes to Financial Statements or the Summary Plan Description result in any misunderstanding or inconsistency with the Plan document, the Plan document will govern.

**(a) General**

The Plan is a defined contribution plan available to eligible employees (Associates) of Penney OpCo LLC (the Company or Plan Sponsor) and certain subsidiaries. Associates who were hired on or after January 1, 2021, and have attained age 21 are immediately eligible to participate in the Plan for purposes of making pre-tax contributions, Roth and after-tax contributions upon completing one hour of service. Such associates become eligible for employer matching and discretionary contributions, once they complete 1,000 hours of service in an eligibility period. An eligible Associate must be enrolled in the Plan to be a participant in the Plan (Participant). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is designed to qualify under Section 1081.01(a) and other applicable provisions of the Puerto Rico Internal Revenue Code of 2011, as amended (“PR Code”). The financial statements include all of the funds that comprise the Plan.

The Benefit Plans Investment Committee (BPIC) is the named fiduciary for the control and management of the assets of the Plan. The BPIC also has the responsibility for selecting investment funds to be offered under the Plan. The Benefits Administration Committee (BAC) is the named fiduciary for the review of denied benefit claims and has overall responsibility for the day-to-day administration of the Plan. The Human Resources Committee (HRC) approves the Company’s overall benefit strategy for the Plan and any modifications or amendments to the Plan and is responsible for appointing members of the BAC and the BPIC and appoints the trustee. The HRC has named State Street Bank & Trust Company (State Street Bank or Trustee) as the trustee for the Plan and Alight Solutions LLC as the third party administrator/record keeper for the Plan.

**(b) Payment of Benefits**

Generally, Participants who have separated from service with account balances over \$5,000 remain in the Plan until the Participant elects payment. A Participant will receive an involuntary lump sum distribution if the total vested account balance is \$5,000 or less at the time the Participant separates from service. If the Participant is under the age of 65 and the Participant does not elect to receive the mandatory lump-sum distribution directly as a cash distribution, as a direct rollover to an eligible retirement plan, or as a direct rollover to an Individual Retirement Account (IRA), then the Participant’s mandatory lump-sum distribution will be automatically paid as a direct rollover to an IRA in the Participant’s name with Millennium Trust Company. If a cash distribution is elected, applicable taxes and early withdrawal penalties may apply. Certain Participants who have separated from service and who are 100% vested in the Company contributions may request periodic withdrawals, fixed monthly payments of at least \$100, or a complete distribution. Minimum required distributions will begin by April 1 of the calendar year following the calendar year in which the Participant has a Separation from Service or attains age 73 if born on or after January 1, 1951, age 72 born on or after July 1, 1949, or age 70½ if born prior to July 1, 1949, whichever is later and will continue each year thereafter to comply with federal law. Hardship withdrawals are permitted provided the requirements for financial hardship under Internal Revenue Service (IRS) rules are met. Withdrawals of Participant pre-tax and Roth contributions are available at age 59.5. After-tax and rollover contributions may be withdrawn at any time, subject to Plan limits.

**(c) Contributions**

Participants are permitted to make from 1% to 50% of their eligible pay in pre-tax, Roth and/or after-tax contributions (pre-tax and Roth contributions were subject to an annual maximum of \$23,000 in 2024 and \$22,500 in 2023). Federal law limits the amount of annual pay that can be taken into account when calculating Plan deposits and Company matching contributions. This limit is determined by the IRS and changes from time to time. The limit was \$345,000 for 2024 and \$330,000 for 2023. Puerto Rico participants will not be permitted to make pre-tax contributions in excess of the limits established under the PR Code. Puerto Rico participants are not eligible to make Roth contributions.

The Plan allows Participants who have attained the age of 50 by the end of the year to make an additional tax-deferred deposit (catch-up contribution) up to a maximum of \$7,500 during 2024 and 2023. Puerto Rico participants are not

eligible to make catch-up contributions. These catch-up contributions, to the extent possible, are eligible for the Company's matching contribution.

The Plan allows Participants who participated in another employer's qualified retirement plan before coming to work for the Company to rollover a portion or all of their distributions from the prior employer's plan. The Participant cannot rollover a loan from another plan. The Plan accepts eligible cash rollovers directly from another qualified retirement plan that meets certain legal requirements within 60 days after receipt of an eligible distribution. If the rollover is not a direct rollover, then only the taxable portion of the prior Roth 401(k) account may be rolled over and the Roth Begin Date (i.e. the date for determining if Roth contributions have been held the required 5 year period for a qualified Roth distribution) doesn't carryover. The Participant is immediately vested in these contributions to the Plan.

Participants age 21 or older become eligible for the Company matching contributions after completing 1,000 hours of service in an eligibility period. The Company matching contribution is a per pay period Company match of \$1.00 for every dollar deposited of the first 5% of eligible pay. If the Participant is eligible to receive Company matching contributions, the Participant is also eligible to receive a year-end true-up contribution to their account. Annually, the Participant's prior year eligible pay will be compared to the prior year's Company matching contributions. If the total amount of Company matching contributions that the Participant received on a per-paycheck basis was less than the annualized amount of Company matching contributions that the Participant should have received based on their effective contribution rate, they will receive a true-up contribution. The year-end true-up process will ensure the Participant receives their full Company matching contributions. In some years the Company may choose to make an additional discretionary contribution to the Plan to eligible Participants. No such additional discretionary contributions were made for the years ended December 31, 2024 and 2023.

During 2024, the Company matching contributions totaled approximately \$34.3 million, and the true-up contribution receivable totaled approximately \$1.5 million as of December 31, 2024. During 2023, the Company matching contributions totaled approximately \$32.4 million, and the true-up contribution receivable totaled approximately \$0.6 million as of December 31, 2023.

**(d) *Participants' Investment Funds***

All Participant contributions, Company matching contributions and Company discretionary contributions are invested in the Plan's investment funds in accordance with the Participant's investment elections. Participants direct their investments amongst three tiers of funds as follows:

**Tier 1 funds** consist of target date retirement funds managed by BlackRock Institutional Trust Company, N.A..

**Tier 2 funds** consist of active and passive (index-tracking) funds. Note, the active fund options were made available to participants beginning September 21, 2023.

**Tier 3 funds** consist of the Participant directed brokerage window.

The funds are maintained on a unit-value basis, and, accordingly, the actual earnings and appreciation or depreciation in the underlying securities are reflected in the daily unit value.

**(e) *Participant Accounts***

Each Participant's account is credited with the Participant's contributions, the Company's contributions, Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on Participant account balances. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

**(f) *Notes Receivable from Participants***

A Participant who has not separated from service may request to borrow from his or her vested account balance. The minimum note receivable amount is \$500. The maximum note receivable amount is the lesser of: the value of a Participant's before-tax, Roth, Roth rollover, rollover and after-tax deposits on the valuation date, 50% of a Participant's total vested account value on the valuation date, or \$50,000 minus the highest aggregate balance of any other notes owed to the Plan during the previous 12 months. All notes must be adequately secured and bear interest at the prime rate plus 1%. Interest rates on the notes outstanding as of December 31, 2024 ranged from 4.25% to 10.50%, and maturities through 2029. Interest rates on the notes receivable outstanding as of December 31, 2023 ranged from 4.25% to 10.50%, and maturities through 2028. Notes receivable amounts and the terms of repayment are limited in accordance with Plan provisions.

**(g) Vesting**

Participants are immediately vested in the value of their contributions and earnings thereon. All Company contributions in the Plan are 100% vested as soon as they are deposited into a Participant's account.

**(h) Forfeited Accounts**

Because Participants are fully vested, forfeitures of participant's are not expected to occur. In the event the Plan has forfeitures, such forfeitures are available to restore forfeited amounts of rehired Participants, offset Company contributions, or pay Plan expenses. There were no forfeitures available as of December 31, 2024 and 2023. During 2024 and 2023, no forfeitures were utilized.

**(i) Administrative Expenses**

Participants' accounts share in the expenses to administer the Plan. These expenses include Trustee, investment management, audit, administrative service provider fees, and other expenses. Administrative expenses not paid by the Plan are paid by the Company.

**(j) Interest in Master Trust**

The Plan is the sole participant in the J. C. Penney Corporation, Inc. Savings Plans Master Trust (Master Trust). Certain investments of the Plan are maintained through the Master Trust. The value of the Plan's interest in the Master Trust is based on the beginning value of the Plan's interest in the Master Trust plus actual contributions and allocated net investment income (loss) less actual distributions and allocated administrative expenses. The Plan's allocated share of investment activities is based upon the Plan's participation in investment options within the Master Trust.

**2. Related Party and Party in Interest Transactions**

Certain Master Trust investment options are investment products managed by State Street Global Advisors (SSGA), which is the investment management division of State Street Bank, a wholly owned subsidiary of State Street Corporation. State Street Bank is the trustee, as defined by the Plan, and the disbursement agent. The trustee and investment manager fees are paid by the Plan.

Eligible Participants may borrow from their individual account balance in the Plan as discussed in note 1(f), and these transactions qualify as exempt party-in-interest transactions.

Certain administrative functions and services necessary for the operation of the Plan are performed by employees of the Company who may also be Participants in the Plan.

**3. Summary of Significant Accounting Policies**

**(a) Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

**(b) Valuation of Investments and Income Recognition**

The Plan's investments and investments in the Master Trust are stated at fair value, except for synthetic investment contracts, which are stated at contract value because contract value is the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of investments are recorded on a trade-date basis. The average cost method is used to calculate gains and losses on the sale of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**(c) Notes Receivable From Participants**

Notes receivable from Participants are recorded at amortized costs which represent the unpaid principal balance plus accrued interest, which approximates fair value. Delinquent notes receivable from Participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

**(d) Payment of Benefits**

Benefits are recorded when paid.

(e) *Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

**4. Plan's Interest in Master Trust**

As previously discussed, all of the investments of the Plan are maintained through the Master Trust at December 31, 2024 and 2023. Use of the Master Trust permits, for investment and administrative purposes, the commingling of Plan assets with the assets of other plans that were or may be sponsored by the Company. The following tables present the Master Trust net assets and the Plan's interest in the Master Trust net assets at December 31, 2024 and 2023:

## 5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market Participants at the measurement date. In determining fair value, the accounting standards establish a three-level hierarchy for inputs used in measuring fair value, as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities. An active market for the asset or liability is one in which transactions for the asset or liability occurs with sufficient frequency and volume to provide ongoing pricing information.

Level 2 – Significant observable inputs other than quoted prices in active markets for similar assets and liabilities. Level 2 inputs include, but are not limited to, quoted prices for identical or similar assets or liabilities in markets that are not active and other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs reflecting our own assumptions, consistent with reasonably available assumptions made by other market Participants.

The following tables present a summary of the Master Trust's investments, the Plan's interest in the Master Trust's investments, and the investments in the self-directed brokerage accounts measured at fair value as of December 31, 2024:

Actual risk depends on the individual investments which are selected by each applicable Participant.

As of December 31, 2024 and 2023, the Master Trust's investments have no future commitments and a daily redemption frequency with one days' notice. In addition, the Master Trust's investments had no transfers between levels 1 to 3 from December 31, 2023 to December 31, 2024 or from December 31, 2022 to December 31, 2023.

Following is a description of the valuation methodologies used for assets measured at fair value. See also footnote 3(b) for more information.

- (a) *Common and collective trusts*: Valued at the net asset value (NAV) of shares held by the Master Trust at year end. The Master Trust's target date funds are comprised of ten collective trust funds that adjust their asset allocation over time to manage risk and investment return. These funds generally fall within three risk categories: low to moderate, moderate, and moderate to high. Asset allocation ranges from equity-heavy mixes for participants with longer investment horizons to more conservative allocations closer to retirement.

The Master Trust holds equity collective trust funds consisting of one stable value fund, one U.S. large-cap fund, one U.S. small-cap fund, and two Non-U.S. funds, classified across low to moderate and high risk categories, respectively. The Master Trust also invests in two U.S. fixed income collective trusts, which generally have low market risk

There are no known commitments or restrictions on the common and collective trusts except for some withdrawal restrictions as related to liquidation by the Plan Sponsor of the equity funds. The Plan Sponsor has no plans to liquidate these funds.

- (b) *Mutual Funds*: Investments in open-ended U.S. mutual funds are valued at the published net asset value (NAV) at year end. Mutual funds' investments are valued at fair value each day the Fund is open for business and, for financial reporting purposes, as of the report date. The fair value is the price a mutual fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date.

The Master Trust holds equity mutual funds consisting of one U.S. large cap fund and one U.S. small cap fund classified across moderate to high-risk categories.

- (c) *Self-directed brokerage window includes cash and cash equivalents, common stock, corporate bonds, mutual funds, notes, preferred stock, publicly traded partnerships*: Certain U.S. Treasury notes and corporate bonds are valued at the closing price reported in the active market in which the security is traded. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Other investments listed are valued at the closing price reported in the active market in which the individual securities are traded. Actual risk depends on the individual investments which are selected by each applicable Participant.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

## **6. Tax Status**

The Plan is a spinoff of the J. C. Penney Corporation, Inc. Savings and Profit Sharing Plan (401(k) Savings Plan). The IRS has determined and informed the Company by a letter (determination letter) dated February 22, 2016 that the 401(k) Savings Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

The Plan Administrator believes that the Plan is designed and is currently being operated in material compliance with the applicable requirements of the IRC and the PR Code. If, and when, the IRS modifies the determination letter process to allow for determination letter application for spinoff plans, the Company intends to apply for a determination letter for the Plan. As noted above, the Plan is periodically submitted to the Puerto Rico Hacienda for rulings that it continues to satisfy the requirements of the PR Code.

The Plan evaluates the uncertainties of tax positions taken or expected to be taken on a return based on the probability of whether the position taken will be sustained upon examination by tax authorities. The Plan uses a more likely than not threshold for recognition and derecognition of tax positions taken or to be taken in a return. The Plan concluded that it has no material uncertain tax liabilities to be recognized as of December 31, 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **7. Form 5500 Reconciliation**

There were no reconciling items between the net assets available for benefits as disclosed in these financial statements and the Form 5500.

## **8. Plan Termination**

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan and the related Trust at any time subject to the provisions of ERISA. In the event of Plan termination, affected Participants will, to the extent not already, become fully vested in amounts allocated to their accounts as of the date of the termination.

## **9. Risks and Uncertainties**

The Plan and Master Trust invest in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and concentration of credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and Participant accounts.

Market conditions can result in a high degree of volatility and increase the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

## **10. Subsequent Events**

Plan management has evaluated events and transactions that have occurred subsequent to December 31, 2024 and through October 6, 2025, the date the financial statements were issued.

Effective January 1, 2025, the Plan was amended to allow participants aged 60-63 eligible to make additional catch-up contributions up to the greater of \$10,000 or 150% of the standard catch-up amount.
