To the Plan Administrator
Accesso Partners, LLC

Hallandale Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Accesso Partners, LLC 401(k) Profit Sharing Plan and Trust (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institution agree to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hardship Distributions – Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in the Internal Revenue Code (“IRC”) Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the IRS determines is deemed an immediate and financial need of the participant. Any distributions will be taken first from the participant’s pre-tax deferral account and then from the participant’s Roth deferral account.

Payment of Benefits – Upon separation of service due to termination, death, disability, or when the participant attains normal retirement age, a participant or beneficiary may elect to receive a cash distribution equal to their vested account balance, as defined, as a: (1) lump-sum payment, (2) a single-sum payment of a portion of the account balance, or (3) periodic installments over a period of time to satisfy required minimum distribution rules under the Plan not to exceed the life expectancy of the participant or beneficiary. Participants should refer to the Plan document for a full description of the distribution methods offered by the Plan.

Forfeitures – Forfeitures occur when a participant terminates employment and has not fully vested in a portion of the Company’s contribution amount. Forfeitures can be used to reduce the employer matching contribution or to pay Plan expenses. At December 31, 2024 and 2023, there were no forfeited nonvested accounts. No forfeitures were used during 2024 to reduce matching contributions or pay Plan expenses.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. As of December 31, 2024, and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant’s account.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

The Plan believes its valuation method is appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the qualified institution (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institution of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2024 and 2023 and for the year ended December 31, 2024:

- Investments at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in investments and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule of Assets (Held at Year End) – Form 5500 Schedule H, Part IV, Line 4i as of December 31, 2024.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value of investments

The Plan's financial instruments as of December 31, carried at fair value on a recurring basis, as described in Note 2.

	2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

	2023

Investments, at fair value	<u>\$ 10,227,027</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,227,027</u>

* Amounts are unaudited. See Note 3.

Note 5—Party-in-interest transactions

Administrative fees paid by the Plan during the year ended December 31, 2024 were based on customary and reasonable rates. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note 6—Income tax status

The Plan sponsor adopted a non-standardized pre-approved profit sharing plan which received a favorable opinion letter from the IRS on October 6, 2020, which stated the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the prototype plan has been amended since receiving the opinion letter. However, the Plan sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2024. The Plan sponsor believes the Plan has no income subject to unrelated business income tax.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend, modify, or terminate the Plan without the consent of any participant or beneficiary subject to the provisions of ERISA. In the event of such termination, the Plan provides that the participants shall become fully vested in their accounts.

Note 8—Risk and uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the fair value of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9—Reconciliation of the financial statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2024 and 2023 to net assets available for benefits per Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 11,872,526	\$ 10,742,968
Participant contribution receivable	-	(37,600)
Net assets available for benefits per Form 5500	<u>\$ 11,872,526</u>	<u>\$ 10,705,368</u>

The following is a reconciliation of the net decrease in net assets available for benefits included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 to Schedule H of the Form 5500:

	<u>2024</u>
Net increase in net assets available for benefits per the financial statements	\$ 1,129,558
Plus prior year participant contributions receivable	37,600
Net increase in net assets available for benefits per Form 5500	<u>\$ 1,167,158</u>

Note 10—Subsequent events

The Plan has evaluated events through October 3, 2025, the date the financial statements were available to be issued. No events have occurred subsequent to the date of the financial statements that would require adjustment to, or disclosure in, the financial statements.
