INDEPENDENT AUDITOR'S REPORT

October 7, 2025

To: Central Bank 401(k) Profit Sharing Plan and Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Central Bank 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 and 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Central Bank 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Bank 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules of the Schedule of Assets Held for Investment Purposes as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by⁹ and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2024 AND 2023**

NOTE A – DESCRIPTION OF PLAN

The following description of the Central Bank 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Central Bank Profit Sharing Plan was established by Central Bank in August, 1963. BMA Management Support Corporation ("BMA"), a wholly-owned subsidiary of Central Bank, participates in the profit sharing plan. During 1990, the Central Bank and Trust Profit Sharing Plan was restated in its entirety, and combined with the 401(k) plans sponsored by Central Bank and BMA, to form the Central Bank 401 (k) Profit Sharing Plan. The Plan currently benefits Central Bank and its wholly owned subsidiaries, BMA and Central Bank Insurance ("the Companies").

General

The Plan is a defined contribution plan covering all employees of the Company. Employees are considered eligible once they are hired and may enroll in the Plan the first day of the following quarter. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

In 2024, participants may contribute up to \$23,000 of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies contribute 50 percent of participant salary deduction amounts, not to exceed 6 percent of gross eligible compensation. The advisory committee may adjust the Companies' matching contribution. Upon enrollment in the Plan, participants may direct employee and employer matching contributions into various investment options offered by the Plan. Additional profit sharing amounts may be contributed at the discretion of the Companies' Board of Directors. The profit sharing contributions are allocated based on the participant's qualified compensation. The Companies' profit sharing contributions are invested in a portfolio of investments, as directed by the Companies. As of January 1, 2005, participants are able to self-direct a portion of their individual profit sharing investment.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CENTRAL BANK 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2024 AND 2023

NOTE A – DESCRIPTION OF PLAN *(Continued)*

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' discretionary matching and profit sharing contributions is based on years of continuous service. For vesting purposes, the 12-consecutive month period ending December 31, during which an employee is credited with 1,000 hours of service, equates to one year of credited service. As of January 1, 2005, new participants will vest 20 percent per year of credited service beginning with their second year of service and are 100 percent vested after six years of credited service. Participants hired prior to January 1, 2005 will continue to vest 25 percent per year of credited service and are 100 percent vested after four years of credited service

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan terms are for 5 years, unless the loan is for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate of prime plus 1 percent. At December 31, 2024 and 2023, there were 22 and 15 outstanding loans, respectively, with interest rates between 4.25% and 9.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.

Beginning January 1, 2005, loans may only be made from the vested balance of employee deferrals, matching contributions, and rollovers, although the profit sharing balance may be used in determining the amount of an eligible loan.

Forfeited Accounts

Forfeited nonvested accounts are used to offset employer contributions. At the end of 2024 and 2023, \$87,760 and \$33,464, respectively, were still available to offset employer contributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a distribution of his or her vested account balance. The distribution will be made in one lump-sum payment in cash, or, at the election of the Plan trustee, in property. Benefits are recorded when paid

NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2024 AND 2023**

NOTE A – DESCRIPTION OF PLAN (*Continued*)

Administrative Expenses

The Companies pay nearly all of the administrative expenses of the plan.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are recorded at the outstanding principal balance plus accrued interest. Interest income is recognized as earned over the period of the note.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, using quoted market prices, except for the investment in Central Bancorporation stock, which is valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on a cash basis. Dividends are recorded on an ex-dividend date. The change in value of investments not measured by quoted prices in active markets for the year end 2024 and 2023 was \$7,111,036 and (\$647,753), respectively, and consists entirely of the Central Bancorporation stock owned by the Plan.

Operating Expenses

The Employer pays indirect administrative expenses and certain direct administrative expenses. The Plan pays other direct third party administrative expenses.

Plan Termination

The Company has not expressed any intention to terminate the Plan; however, the Company is free to do so at any time, subject to the provisions of ERISA and the plan document. In the event of plan termination, participants will become 100 percent vested in their portion of any employer contributions. Employees are always 100 percent vested in their elective deferrals.

Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and Plan trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator and Plan trustee believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Risk and Uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements

The Plan provides investment options that hold securities of foreign companies, which may involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

The Plan also has a significant amount of net assets invested in the privately held stock of the Plan Sponsor.

Payment of Benefits

Benefits are recorded when paid.

NOTE C – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market or Interest Rate Funds: The fund's value is at cost, which represents the fair value of the fund

NOTE C – FAIR VALUE MEASUREMENTS *(Continued)*

Mutual Funds and Collective Trust Funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Central Bancorporation Stock: is valued by a third-party valuation expert using observable inputs other than Level 1 inputs as well as applying valuation formulas commonly applied in similar instances as that of Central Bancorporation. The third-party expert used the financial information of the bank as of December 31, 2024 in arriving at their estimated fair value of stock.

Participant Loans: Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan’s assets at fair value as of December 31, 2024 and 2023:

NOTE D – INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for the investments held by AdvisorTrust, Inc. The following is a summary of the investment information regarding the plan, included in the plan’s financial statements and supplemental schedules that was prepared by, or derived from, information prepared by AdvisorTrust, Inc and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information is complete and accurate as of December 31, 2024 and 2023.

NOTE E – RELATED PARTY TRANSACTIONS

The Plan invests in the common stock of Central Bancorporation, Inc., which wholly owns Central Bank and Trust, who is the employer and Plan Sponsor. These transactions are consummated at the fair value of the stock, which is determined by an independent third-party valuation specialist prior to transactions occurring. There were no transactions that happened during the year.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include a money market account managed by Central Bank. Central Bank is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest. No fees were paid by the Plan relating to holdings in the Central Bank money market account and certificate of deposit.

NOTE H - CONCENTRATION RISK RELATED TO PLAN SPONSOR STOCK

The Plan owns 17,815 shares of Central Bancorporation, Inc. common stock with a value of \$32,711,369 at December 31, 2024 (19,515 shares at December 31, 2023 with a value of \$25,600,333). This asset represents approximately 52% of plan assets at December 31, 2024 (47% at December 31, 2023). The majority of this concentration risk is consolidated to a few participants. Participants in the plan are allowed a 30-day window near the annual valuation date of the stock to sell their proportional share of Central Bancorporation, Inc. common stock held by the plan at the determined fair value. Historically the Plan has never experienced problems in liquidating this investment nor does it expect such problems in the foreseeable future. The trustees of the Plan vote the shares held by the Plan at all corporate board meetings of the Plan Sponsor.

NOTE H - CONCENTRATION RISK RELATED TO PLAN SPONSOR STOCK *(Continued)*

The Plan Sponsor's operations are geographically concentrated within a small region of Utah, specifically, the communities in which the Plan Sponsor is located. Currently, economic growth in the area is relatively stable but any unfavorable changes could also affect the Plan Sponsor. Nearly all of the Plan Sponsor's loans and commitments have been granted to customers in this market area. The potential effects of this risk could cause material changes in the valuation of the Plan Sponsor's stock from year to year, which could have material effect on the value of the Plan's assets.

NOTE I – NON-PARTICIPANT DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments as of December 31 is as follows:

	<u>2024</u>	<u>2023</u>
Net Assets		
Central Bancorporation common stock	\$ 32,711,369	\$ 25,600,333
Money market funds	424,145	1,154,402
Net nonparticipant directed investments	<u>\$ 33,135,514</u>	<u>\$ 26,754,735</u>
Changes in Net Assets		
Contributions	\$ 884,790	
Interest and dividends	145,321	
Net (depreciation) appreciation	7,111,035	
Distributions, Administrative Expense, and Transfers	<u>(1,760,367)</u>	
Net increase (decrease)	<u>\$ 6,380,779</u>	

The profit sharing portion of the Plan has been entirely managed by the Plan trustee. As of January 1, 2005, participants who were in the plan at that time were able to self-direct 20 percent of their individual profit sharing investment, with 80 percent remaining in the nonparticipant directed investment, the majority of which is invested in Central Bancorporation stock. Since that time, participants have been given the option once a year during a 60 day window to elect to reduce the nonparticipant-directed investment to any amount. However, once this percentage is reduced, the participant cannot elect to increase the percentage of nonparticipant-directed investments.
