Report of Independent Auditors

To the Administrator of Roark Capital Management, LLC 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Roark Capital Management, LLC 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Roark Capital Management, LLC 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023

1. Description of the Plan

The following description of The Roark Capital Management, LLC 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document, Plan's Summary Plan Description and any supplements thereto for a more complete description of applicable Plan provisions.

Plan Sponsor and Participating Employers

Roark Capital Management, LLC (the "Company") is the Plan Sponsor and sole Participating Employer.

Plan Administrator

The Plan is administered by the Roark Capital Management, LLC 401(k) Plan Investment Committee (the Committee). Members of the Committee serve as employees of the Company and act by majority vote. The Committee has overall responsibility for the operation and administration of the Plan, including the power to construe and interpret the Plan, decide all questions that arise thereunder, and to delegate responsibilities.

Plan Trustee and Recordkeeper

T. Rowe Price Trust Company (the Trustee) is the Plan Trustee from December 15, 2023, through December 31, 2024. Mid Atlantic Trust Company was the Plan Trustee from January 1, 2023, through December 14, 2023. Additionally, the Plan Recordkeeper is T. Rowe Price Retirement Plan Services, Inc. from December 15, 2023, through December 31, 2024. The Plan Recordkeeper was Paychex, Inc. from January 1, 2023, through December 14, 2023.

General

The Plan is a defined contribution retirement plan providing retirement benefits for the employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Full-time employees over 21 years of age are eligible to participate in the Plan immediately upon hire and may voluntarily elect to participate.

Participant Contributions

All employees covered by the Plan are eligible to make pre-tax and Roth (after-tax) contributions as soon as administratively practical after employment commences. Each participant may elect to make pre-tax and Roth (after-tax) contributions to the Plan through payroll deductions from participant's Plan-eligible compensation (as defined in the Plan document) for each pay period, subject to annual individual deferral limitations under the United States Internal Revenue Code (IRC). A participant who is eligible to make elective contributions and is at least age 50 may make catch-up contributions subject to IRC limits. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans.

Employer Contributions

All active participants in the Plan are eligible to receive company matching contributions. The company matching contribution is calculated and allocated to the participant's account on a pay period basis and equals up to 6% of Plan-eligible compensation (subject to the Plan's applicable match-eligible compensation limit) contributed by the participant for the pay period. The company matching contribution is made in cash and directed to the same investment choices as the pre-tax and/or Roth (after-tax) contributions. An end of year "true-up" matching contribution is also provided, where applicable. The employer matching contributions were \$1,930,373 for the year ended December 31, 2024 (includes contribution receivable of \$337,713).

Roark Capital Management, LLC 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023

The Company also may choose to make a contribution to the Plan as a profit-sharing contribution. Profit sharing contributions are fully vested. To qualify to receive profit-sharing contributions, an employee must meet the age eligibility requirements and be employed on the last day of the Plan year. For the year ended December 31, 2024, there were no profit-sharing contributions.

All eligible participants are eligible for nonelective employer contributions. Nonelective contributions are contributions the Company may make into the Plan to satisfy certain nondiscrimination tests that apply to the Plan. The amount of the nonelective contributions is determined by the Company each year. These contributions will be allocated to certain participants and will always be fully vested. For the year ended December 31, 2024, there were no nonelective employer contributions.

Payment of Benefits

While still in service, participants may generally withdraw employee and employer vested contributions as follows: (1) Employee contributions may be withdrawn in the case of financial hardship within the meaning of Section 401(k) of the Internal Revenue Code (IRC), disability or after age 59½;

(2) Company matching contributions may be withdrawn in the case of disability or after age 59½.

Following a participant's death, disability, retirement or other separation from service, all vested amounts held in the Plan for a participant's benefit are payable in a single lump sum. A participant or a beneficiary may receive distributions under one of several options. The options are as follows: a lump-sum distribution of cash, transfer to an individual retirement account or other brokerage account, or, in the event of a disability, or an eligible beneficiary, a withdrawal in the form of a single lump sum or in quarterly or annual installments. The Plan provides other payment methods for certain participants in predecessor plans merged with the Plan.

Vesting of Benefits

Each participant is 100% vested in the participant's pre-tax, Roth (after-tax), company matching, profit sharing (if any), nonelective employer (if any) and rollover contributions to the Plan as well as earnings thereon.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, allocation of the Company's contributions and Plan earnings and is charged with withdrawals, recordkeeping fees and administrative fees. Allocations are based on participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Notes Receivable

Generally, active participants in the Plan are eligible for loans from the Plan. General purpose loans have a term of 1 to 5 years, and principal residence loans have a term of 1 to 15 years. Loans from the Plan shall be in a minimum amount of \$1,000. The maximum amount of an outstanding loan cannot exceed the lesser of 95% of one-half the vested account balance, or 95% of the total vested account balance excluding the Roth Elective Deferral balance. Under no event will the loan amount exceed \$50,000. The \$50,000 is reduced by the highest outstanding loan balance during the one-year period ending on the day before the date the loan agreement becomes effective. Interest rates on loans are generally calculated based on the prime rate as published by the Wall Street Journal on the last business day of the first business day of the month the loan was obtained plus 1%. Interest rates on the loans are fixed. Interest rates ranged from 4.25% to 9.5% for loans to participants as of December 31, 2024, and 2023. No allowance for credit losses has been recorded as of December 31, 2024, or 2023.

Investment Options

The Plan provides participants with a total of 45 investment options as of December 31, 2024. Investment options include 1 money market fund, 21 equity funds, 4 international equity funds, 8 fixed income funds, and 11 balanced funds. Participants may elect to modify existing investment allocations on a periodic basis subject to the provisions of the Plan.

2. Summary of Significant Accounting Policies

Significant accounting policies of the Plan are summarized below:

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4: Fair Value Measurements). Investment securities purchased and sold are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Plan Expenses

Plan administrative expenses are paid by the Company. Certain expenses are borne by participants for specific actions taken such as loans or distributions.

Payment of Benefits

Benefits are recorded when paid.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Roark Capital Management, LLC 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Money market funds* are valued at the net asset value of shares held by the Plan at year end;
- *Mutual funds* are valued at the net asset value of shares held by the Plan at year end.

There have been no changes in the methodologies used as of December 31, 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. All investments are classified as Level 1 in the valuation hierarchy as of December 31, 2024 and 2023.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the total amounts credited to the accounts of each participant become fully vested and no further allocations shall be made.

6. Parties in interest and Related Party Transactions

Certain Plan investments are shares of money market funds and mutual funds managed by an affiliate of the Trustee. Therefore, transactions in these investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Notes receivable from participants and related interest qualify as party-in-interest transactions. As the Plan Sponsor, the Company is considered a related party to the Plan.

7. Tax Status

The IRS has determined and informed the Company by a letter dated August 31, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plans' tax counsel believe that the Plan is designed, and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024, and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (as of December 31, 2024 and 2023 and the year ended December 31, 2024).

	2024	2023
Statement of Net Assets Available for Benefits		
Investments, at fair value	\$ 43,337,234	\$ 33,354,516
Notes receivable from participants	156,011	134,316
Statement of Changes in Net Assets Available for Benefits		
Interest and dividend income	1,535,450	
Net appreciation on fair value of investments	\$ 4,560,205	
Interest income on notes receivable from participants	11,548	

9. Subsequent Events

In preparing the Plan's financial statements, subsequent events and transactions have been evaluated for potential recognition through October 2, 2025, the date the financial statements were issued. Plan management determined that there are no subsequent events or transactions that require disclosure to or adjustment in the financial statements.
