INDEPENDENT AUDITOR'S REPORT

Board of Directors
Castle Personnel Group, LLC 401(k) Plan
Meridian, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Castle Personnel Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CASTLE PERSONNEL GROUP, LLC
401(k) PLAN
Year Ended December 31, 2024

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Castle Personnel Group, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers substantially all employees of Castle Personnel Group, LLC (the "Sponsor"). The Plan permits elective deferrals and matching employer contributions pursuant to Sections 401(k) and 401(m) of the Internal Revenue Code ("IRC") and is subject to the provisions of ERISA.

Participation

Participants are eligible to participate in the Plan immediately, with no age or service requirement. Entry into the Plan may occur at any time during the year.

Contributions

Elective employee compensation deferrals are limited to 90 percent of compensation, subject to regulatory limitations. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective January 1, 2018, the Plan elected to make safe harbor matching contributions in an amount equal to 100 percent of the first 3 percent and 50 percent of the next 2 percent of eligible compensation contributed to the Plan by participants. The Sponsor may also contribute a discretionary amount to the Plan at the option of the Sponsor's Board of Directors. The Sponsor made no discretionary contributions in 2024.

Participant Investment Programs

The Plan has an investment management agreement with Fidelity Management Trust Company ("Fidelity") to invest the assets of the Plan. Contributions are invested at the participant's direction in one or more investment funds. Participants may change investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Sponsor matching contributions, as well as allocations of the Sponsor's discretionary contributions, Plan earnings and losses and is charged with an allocation of administrative expenses to the extent such expenses are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Vesting

All participants are immediately vested in their voluntary contributions and allocated earnings or losses thereon. Participants are also immediately invested in any safe harbor matching contributions, and allocated earnings and losses thereon, made on behalf of the Sponsor. Participants' interests in any Sponsor contributions other than safe harbor matching contributions, and allocated earnings or losses thereon, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants must provide 1,000 hours of service to complete one year of vesting service. Regardless of the years of service, the participant's employer contribution account becomes fully vested in the event of death, disability or the attainment of normal retirement age (age 65).

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to the lesser of \$50,000 or 50 percent of the fair value of the participant's vested account balance. Note terms range from one to five years, unless used for the purchase of a primary residence and are collateralized by the balance in the participant's account. Loan interest rates are set commensurate with rates available for bank loans of comparable risk with similar terms. The notes bear interest at rates ranging from 3.25 to 8.50 percent as of December 31, 2024. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Benefits are generally payable upon termination, retirement, death or disability. Benefits may be paid by lump-sum payment or in equal installments, as defined by the Plan. Hardship distributions are also available from participants' elective deferral accounts, excluding earnings on such deferrals, subject to regulatory requirements.

Forfeitures

Forfeitures, which result from participants withdrawing from the Plan prior to fully vesting in Sponsor contributions and earnings or losses thereon, are used to reduce future employer contributions or pay Plan expenses. During the years ended 2024 and 2023, forfeitures used to reduce employer contributions totaled \$0-. As of December 31, 2024, and 2023, forfeited non-vested accounts totaled \$23,093 and \$8,027, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses in the Plan's investments are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan, to the extent that the Sponsor does not pay such expenses, are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified and Provided by Fidelity Management Trust Company

All investment information for the plan disclosed in the accompanying financial statements and supplemental schedule of assets held at December 31, 2024 and 2023, including net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

Note 4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") ASC Topic 820, Fair Value Measurement ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Money market fund: Valued at the daily closing price as reported by the fund. The fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded (Level 1).

NOTES TO FINANCIAL STATEMENTS

Note 4. Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,857,087	\$ -	\$ -	\$ 17,857,087
Money market fund	216,983	-	-	216,983
Total investments at fair value	<u>\$ 18,074,070</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,074,070</u>
	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,924,141	\$ -	\$ -	\$ 13,924,141
Money market fund	500,294	-	-	500,294
Total investments at fair value	<u>\$ 14,424,435</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,424,435</u>

Note 5. Plan Termination

The Sponsor has the right under the Plan agreement to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants become fully vested and the assets of the Plan, after the payment of expenses, would be distributed to the participants.

Note 6. Income Tax Status

The Sponsor has adopted a volume submitter plan whose practitioner obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The volume submitter plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 7. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are mutual funds and a money market fund managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to Fidelity totaled \$5,002 for the year ended December 31, 2024.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

Subsequent events were evaluated through October 7, 2025, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Castle Personnel Group, LLC 401(k) Plan
Meridian, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Castle Personnel Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CASTLE PERSONNEL GROUP, LLC
401(k) PLAN
Year Ended December 31, 2024

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Castle Personnel Group, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers substantially all employees of Castle Personnel Group, LLC (the "Sponsor"). The Plan permits elective deferrals and matching employer contributions pursuant to Sections 401(k) and 401(m) of the Internal Revenue Code ("IRC") and is subject to the provisions of ERISA.

Participation

Participants are eligible to participate in the Plan immediately, with no age or service requirement. Entry into the Plan may occur at any time during the year.

Contributions

Elective employee compensation deferrals are limited to 90 percent of compensation, subject to regulatory limitations. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective January 1, 2018, the Plan elected to make safe harbor matching contributions in an amount equal to 100 percent of the first 3 percent and 50 percent of the next 2 percent of eligible compensation contributed to the Plan by participants. The Sponsor may also contribute a discretionary amount to the Plan at the option of the Sponsor's Board of Directors. The Sponsor made no discretionary contributions in 2024.

Participant Investment Programs

The Plan has an investment management agreement with Fidelity Management Trust Company ("Fidelity") to invest the assets of the Plan. Contributions are invested at the participant's direction in one or more investment funds. Participants may change investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Sponsor matching contributions, as well as allocations of the Sponsor's discretionary contributions, Plan earnings and losses and is charged with an allocation of administrative expenses to the extent such expenses are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) PLAN
Year Ended December 31, 2024

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Vesting

All participants are immediately vested in their voluntary contributions and allocated earnings or losses thereon. Participants are also immediately invested in any safe harbor matching contributions, and allocated earnings and losses thereon, made on behalf of the Sponsor. Participants' interests in any Sponsor contributions other than safe harbor matching contributions, and allocated earnings or losses thereon, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants must provide 1,000 hours of service to complete one year of vesting service. Regardless of the years of service, the participant's employer contribution account becomes fully vested in the event of death, disability or the attainment of normal retirement age (age 65).

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to the lesser of \$50,000 or 50 percent of the fair value of the participant's vested account balance. Note terms range from one to five years, unless used for the purchase of a primary residence and are collateralized by the balance in the participant's account. Loan interest rates are set commensurate with rates available for bank loans of comparable risk with similar terms. The notes bear interest at rates ranging from 3.25 to 8.50 percent as of December 31, 2024. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Benefits are generally payable upon termination, retirement, death or disability. Benefits may be paid by lump-sum payment or in equal installments, as defined by the Plan. Hardship distributions are also available from participants' elective deferral accounts, excluding earnings on such deferrals, subject to regulatory requirements.

Forfeitures

Forfeitures, which result from participants withdrawing from the Plan prior to fully vesting in Sponsor contributions and earnings or losses thereon, are used to reduce future employer contributions or pay Plan expenses. During the years ended 2024 and 2023, forfeitures used to reduce employer contributions totaled \$0-. As of December 31, 2024, and 2023, forfeited non-vested accounts totaled \$23,093 and \$8,027, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses in the Plan's investments are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan, to the extent that the Sponsor does not pay such expenses, are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified and Provided by Fidelity Management Trust Company

All investment information for the plan disclosed in the accompanying financial statements and supplemental schedule of assets held at December 31, 2024 and 2023, including net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

Note 4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") ASC Topic 820, Fair Value Measurement ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Money market fund: Valued at the daily closing price as reported by the fund. The fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded (Level 1).

Note 4. Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,857,087	\$ -	\$ -	\$ 17,857,087
Money market fund	216,983	-	-	216,983
Total investments at fair value	<u>\$ 18,074,070</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,074,070</u>
	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,924,141	\$ -	\$ -	\$ 13,924,141
Money market fund	500,294	-	-	500,294
Total investments at fair value	<u>\$ 14,424,435</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,424,435</u>

Note 5. Plan Termination

The Sponsor has the right under the Plan agreement to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants become fully vested and the assets of the Plan, after the payment of expenses, would be distributed to the participants.

Note 6. Income Tax Status

The Sponsor has adopted a volume submitter plan whose practitioner obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The volume submitter plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 7. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are mutual funds and a money market fund managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to Fidelity totaled \$5,002 for the year ended December 31, 2024.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

Subsequent events were evaluated through October 7, 2025, the date the financial statements were available to be issued.
