## INDEPENDENT AUDITORS' REPORT

To: The Administrative Retirement Committee of  
Puerto Rico Science Technology and  
Research Trust Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Puerto Rico Science Technology and Research Trust Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Puerto Rico Science Technology and Research Trust Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Puerto Rico Science Technology and Research Trust Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Puerto Rico Science Technology and Research Trust Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Puerto Rico Science Technology and Research Trust Retirement Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Puerto Rico Science Technology and Research Trust Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# PUERTO RICO SCIENCE TECHNOLOGY AND RESEARCH TRUST RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

### 1) Plan description:

The following brief description of Puerto Rico Science Technology and Research Trust Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

- A) General – The Plan is a defined contribution plan, covering substantially all employees of Puerto Rico Science Technology and Research Trust (the "Plan Sponsor"). The Plan was established on January 1, 2018 and has not been subsequently amended. The Plan qualifies under section 1081.01 of the Puerto Rico Internal Revenue Code (the "Code" and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Empower Retirement, LLC ("Empower")<sup>1</sup> is the custodian of the Plan.
- B) Eligibility – All employees must reach the minimum age of twenty-one (21) years old to be eligible to participate in the Plan. The Plan does not require any service requirement from employees to be eligible to participate. The Plan excludes union employees, non-resident individuals and leased employees.
- C) Participant accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions, and an allocation of investment earnings, and is charged with withdrawals, an allocation of investment losses and its share of any expenses of the Plan. Transaction fees charged for distributions are allocated directly to that participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D) Contributions – For the years ended December 31, 2024 and 2023, participants may contribute up to \$15,000 of their eligible pay. Participants may contribute to the savings feature (after-tax) or the deferred feature (before-tax) of their Plan accounts. Participants may also contribute eligible rollovers from other qualified defined benefit or contribution plans and individual retirement accounts. Additionally, participants may make voluntary contributions to the Plan up to 10% (not to exceed 10%) of their compensation.

The Plan Sponsor will make annual matching contributions to the Plan equal to 100% of the employee elective deferrals up to a maximum of 3% of eligible compensation. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor's board of directors.

For the year ended December 31, 2024, total annual contributions made by the Employer and participants are limited to the lesser of \$69,000 or the total compensation paid by the Employer to the participant during the Plan year, as provided in the Code, Section 1081.01 (a)(11)(B)(i).

- E) Catch-up contributions – Plan participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan up to \$1,500 in excess of the annual \$15,000 of the eligible compensation limitation. However, these catch-up contributions will not be eligible for matching contributions by the Plan Sponsor.
- F) Vesting – Participants are 100% vested after completing one year of service in all their contributions, employer match contributions and actual earnings thereon, and are not subject to forfeitures for any reasons.

# PUERTO RICO SCIENCE TECHNOLOGY AND RESEARCH TRUST RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

- G) Notes receivable from participants – Under the terms of the Plan, participants may borrow up to the lesser of \$50,000 or 50% of the eligible vested account balance with a minimum loan amount of \$1,000 and treated as a transfer to (from) the investment fund from (to) the participant account. The notes are payable over a period not to exceed 5 years, or 15 years if used for the purchase of a residence. The number of loans a participant may have outstanding at one time is one. The interest rate is 1% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. The note receivable is secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.
- H) Benefit payments – Participant accounts are distributable upon termination of service retirement, death, disability, or separation of service. A participant (or participant's beneficiary in the event of death) may elect to receive the participant's vested account balance in a lump-sum distribution, purchase of a single premium life annuity contract as defined in the Plan Agreement, or elect an installment form of payment (monthly, quarterly, semi-annual, or annual). In addition, participant accounts can be rolled over into an individual retirement account ("IRA") or another qualified plan.
- I) Hardship withdrawals – Participants may withdraw their vested account balances only from salary deferrals accounts upon demonstration of a financial hardship subject to the requirements of the Plan.
- J) Administrative expenses – Investment management fees and other fees related to investments of the Plan are paid from the earnings of the Plan's investments. Audit fees, legal fees, and other fees related to the administration of the Plan may be paid directly from the Plan. Other administrative expenses and some professional fees are paid by the Plan Sponsor and are not reflected in the accompanying financial statements.
- K) Forfeited accounts – Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contribution in the plan year of the forfeiture, plan expenses, or if in excess of the employer contribution for such plan year, the excess amounts shall be used to reduce the employer contribution in the next succeeding plan year. As of December 31, 2024 and 2023, there was a forfeited account balance of \$901 and \$1,068, respectively.
- L) Investment options – The Plan investments are participant-directed. Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Contributions to a participant account that has not chosen an investment option are invested in a default fund. Participants may change their contributions at any time thereafter. The Plan also allows participants to change their investments options daily.

## 2) Summary of significant accounting policies:

- A) Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting.
- B) Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

- C) Investments and income recognition – Investments in mutual funds and collective trust funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

For investments in mutual funds that are registered with the Securities and Exchange Commission, and collective trust funds, fair value is determined using net asset values (NAV). The NAV per share of investment in mutual funds is published daily and is calculated by each fund based on the market value of the underlying securities within each fund. The NAV per share of investment in collective trusts is calculated daily by taking the fund's total assets (securities, cash, and accrued earnings), subtracting the fund's liabilities, and dividing them by the number of shares outstanding.

The Plan has a group annuity contract with Empower Retirement that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's group annuity contract is a fully benefit-responsive investment contract and is reported at contract value.

Net appreciation (depreciation) of the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year ended. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recognized when earned.

- D) Contributions – Participants' contributions are recorded in the Plan year in which the employer makes the payroll deductions.
- E) Payment benefits – Benefit payments to participants are recorded when paid.
- F) Administrative expenses – Certain administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan's Agreement. Expenses that are paid by the Plan are recorded when they are incurred by the Plan and are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Expenses that are paid by the Employer are excluded from the accompanying financial statements.

### 3) Information certified by Empower:

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Empower.

# PUERTO RICO SCIENCE TECHNOLOGY AND RESEARCH TRUST RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

The plan administrator has obtained certifications from the custodian that information provided to the plan administrator by the custodian related to Plan's assets is complete and accurate. Accordingly, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information, which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

Description	2024	2023
Mutual funds at fair value	<b>\$ 2,034,415</b>	\$ 1,420,994
Collective trust funds at fair value	<b>\$ 1,229,087</b>	\$ 774,755
Guaranteed investment contracts at contract value	<b>\$ 67,550</b>	\$ 49,864
Note receivable from participant	<b>\$ 5,871</b>	\$ -

The custodian also certified the completeness and accuracy of \$249,631 of net appreciation in fair value of investments, \$123,425 of interest and dividends related to the aforementioned assets and interest income of \$90 on notes receivable from participants for the year ended December 31, 2024.

#### 4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions.

These three types of inputs create the following fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

As of December 31, 2024 and 2023, investments in mutual funds registered with the Securities and Exchange Commission and held by the Plan, are considered level 1 type investments within the fair value hierarchy. Collective trust funds for which its fair value is measured using NAV per share as a practical expedient, are not categorized within the fair value hierarchy.

### 5) Guaranteed investment contract with insurance company:

The Plan entered into a Group Fixed Deferred Annuity Contract with Empower, through a Key Guaranteed Portfolio Fund, a general account product of Empower that meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract value, as reported to the Plan by Empower represents (a) contributions made under the contract plus all interest credited; less (b) the sum of any amounts distributed or transferred and administrative fees.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest credit rate is reset quarterly.

There is no guaranteed interest rate under this contract; however, such rate will never be less than 0%. The actual average yield earned by the Plan at December 31, 2024 and 2023 was 1.60% and 1.40%, respectively.

Events that might limit the ability of the Plan to transact at contract value with Empower may be premature termination of the contracts by the plan, plant closings, layoffs, plan termination, bankruptcy, mergers and early retirement incentives. The Plan Administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Empower and that also would limit the ability of the plan to transact at contract value with the participants.

Either the Plan or Empower may terminate the Group Annuity Contract (other than Plan termination), with advance written notice to the other party. The contract termination date shall be the seventy-fifth (75th) day, or the next Business Day, after the date written notice is received in the Empower's administrative offices, unless, prior to the contract termination date, the Plan and Empower agree to an alternate contract termination date. The Group Annuity Contract does not provide for specific events that would allow the Issuer to terminate the contract with the Plan and settle at an amount different from contract value.

The Plan Sponsor may elect a termination option. If no termination option is elected on or before the contract termination date, Empower will maintain each participant account value in the Key Guaranteed Portfolio Fund until Plan Sponsor selects a termination option or the participant account value is zero.

- Payment at book value – Empower will pay to the plan sponsor or its designee the key guaranteed portfolio fund value. Empower reserves the right to defer payment of this amount but no longer than 12 months from the later of the termination date or the date the Plan Sponsor selects this termination option. Another termination option may not be selected during the 12 month period.
- Any other cessation option – Any other termination option allowable under applicable laws as mutually agree upon writing by Empower and the Plan Sponsor.

### 6) Tax status:

The Plan is intended to be a tax qualified arrangement that complies with the provisions of the Employee Retirement Income Security Act of 1974, as amended, and with the Puerto Rico Internal Revenue Code (PRIRC) of 2011, as amended. The latest determination letter received from the Puerto Rico Treasury Department was dated November 20, 2018. The plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator evaluated the tax positions taken by the Plan and concluded that as of December 31, 2024 and 2023, the Plan had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

The Plan is subject to routine audits by the Puerto Rico Treasury Department. As of December 31, 2024, the years 2020 and thereafter remained subject to examination; however, there are currently no audits for any tax periods in progress.

### **7) Risks and uncertainties:**

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

### **8) Party-in-interest transactions:**

The Plan Sponsor is a party-in-interest, as defined by ERISA. The Plan's investment transactions are managed by Empower, which is the custodian of the Plan's assets. Pension Administrators Group, Inc. is the recordkeeper of the Plan and Consultiva Wealth Management, Corp. are the investment advisors.

For the year ended December 31, 2024, the Plan maintained a spending account used to pay eligible Plan expenses. This account was funded through revenue sharing arrangements, whereby certain mutual funds provided rebates based on the Plan's investment in those funds. These rebates, which are embedded within the funds' expense ratios, are first received by the record keeper, who retains a portion as compensation for hosting the funds on its platform. The remaining amounts are credited to the plan expense account. During the year ended December 31, 2024, the Plan incurred in administrative expenses of \$59,291, reduced by \$13,942 representing revenue sharing credited to the Plan's expense account. The net administrative expenses amounted to \$45,349, as included in the Plan's accompanying statement of changes in net assets available for benefits.

The Key Guaranteed Portfolio (Portfolio) is managed by the custodian, who is record keeper of the Plan. Transactions in the Portfolio are considered to be party-in-interest investments and any purchases and sales of these investments are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

There were no prohibited party-in-interest transactions during the year ended December 31, 2024.

### **9) Plan termination:**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their employer contributions.
