## **Report of Independent Auditors**

To the Employees' Pension and Benefits Committee of  
The Dayton Power and Light Company Savings Plan for Collective Bargaining Employees

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of The Dayton Power and Light Company Savings Plan for Collective Bargaining Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Shape the future  
with confidence**

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Shape the future  
with confidence**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Other Matter**

#### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying

**Shape the future  
with confidence**

accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Dayton Power and Light Company  
Savings Plan for Collective Bargaining Employees  
Notes to Financial Statements  
December 31, 2024

## 1. Description of the Plan

The following description of The Dayton Power & Light Company Savings Plan for Collective Bargaining Employees (the Plan) provides general information about the Plan's provisions. The Dayton Power & Light Company (the Company), which does business as AES Ohio, is the plan sponsor. Participants should refer to the plan document and summary plan description, copies of which may be obtained from the plan sponsor, for a more complete description of the Plan's provisions.

### General

The Plan is administered by the Employees' Pension and Benefits Committee (the Pension Committee), which is a committee of not less than five persons appointed by the Board of Directors of the Company. The Plan is a defined contribution plan. Certain union employees become eligible to participate in the Plan once the eligible employee completes one (1) hour of service. The Plan's trustee and record-keeper of the Plan's assets is T. Rowe Price Trust Company (T. Rowe Price). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

### Contributions

An eligible participant may execute a salary reduction agreement directing the Company to contribute to the Plan on behalf of the participant up to 85% (in 1% increments) of annual compensation on a pretax or post-tax basis, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions withheld by the Company are paid into the Plan as soon as administratively possible.

Eligible, new employees are automatically enrolled in the Plan at a default contribution rate of 3% which is invested in the Retirement Income Fund appropriate for the participant's age. In addition, the plan includes an automatic 1% annual increase in the contribution rate up to a maximum of 10%. Employees may opt out of this automatic election or choose to change the deferral percentage.

Participants may also elect to direct a portion of funds from a Company sponsored welfare cafeteria benefit plan, another component of compensation, into the Plan. Contributions to this plan were \$134,708 for the year ended December 31, 2024.

The Company matches \$1.50 for every \$1.00 of participant contributions. For 2024 and 2023, respectively, employer matching contributions were capped at \$2,850 and \$2,800 for the year. The total amount of Matching Contributions allocated to a Participant in any Plan Year shall not exceed an amount set forth in a collective bargaining agreement to which the Employer is a party. As of the recent collective bargaining agreement, the employer matching contribution allocated to a participant increased by \$50 in 2024 and will increase by \$150 in 2025, up to a maximum of \$3,000. Match contributions are calculated bi-weekly and transferred to the participants account on each pay period.

In addition, the Company provides a collectively bargained non-matching annual contribution to participants employed on December 31<sup>st</sup>. The amount of that contribution for 2024 was \$3,600 per participant. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Savings Plan for Collective Bargaining Employees  
Notes to Financial Statements  
December 31, 2024

**1. Description of the Plan (continued)**

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the Plan's earnings or losses; and is charged with administrative expenses incurred for individual account level transactions. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. In the event of partial or total termination of the Plan, the funds in the Plan shall be valued as of the date of partial or total termination and, after payment of necessary expenses, shall be distributed as though all participants directly affected by the partial or total termination had retired as of that date.

**Vesting**

Employee before and after-tax contributions are non-forfeitable and fully vested at all times. Employer matching contributions cliff-vest 100% after three years of service. A year of vesting service is a year during which the employee completes at least 1,000 hours of service.

**Forfeitures**

Termination of employment before the three-year vesting requirement requires forfeiture of all allocated employer contributions. Forfeited amounts may be used to reduce employer-matching contributions. As of December 31, 2024 and December 31, 2023, unallocated forfeiture balances were \$21,325 and \$38,644 respectively and forfeitures used to reduce employer contributions for 2024 were \$24,290

**Payment of Benefits**

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant, or the participant's beneficiary, may elect to receive either a lump-sum distribution paid directly to them, or elect a rollover to an individual retirement account. Distributions may be made in one lump-sum payment or in installments. Distributions on account of death must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death. For a participant whose vested account balance is \$5,000 or less, the Plan makes an automatic rollover to an IRA on the participant's behalf if the participant fails to elect a direct rollover or to receive a cash lump sum payment. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (the IRS).

**1. Description of the Plan (continued)**

**Administrative Expenses**

The Plan is administered by the Company, without charge to the Plan, as provided by the Plan's provisions. Participants pay the Trustee's compensation and expenses incurred in the administration of the Plan. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Permissible plan expenses are paid by plan participants.

**Participant Loans**

Participants may borrow up to the lesser of 50% of the vested portion of their account or \$50,000, with a minimum loan requirement of \$1,000. Participants are not entitled to receive a loan more frequently than once in any 12-month period. A participant is entitled to a maximum of two loans outstanding at any point in time. The period of repayment of the loan can vary but generally will not exceed five years, except for loans used to purchase or construct a principal residence where the repayment period will not exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate (as listed in the Wall Street Journal, determined as of the first business day of the calendar quarter during which the loan is requested), plus 1%. Principal and interest are paid ratably through payroll deductions. Plan participants have the ability to pay off their loans at any time directly with the Plan's record-keeper. Participants who separate from service with a loan balance outstanding have 60 days to pay off their loan. If the loan is not repaid, it will automatically be treated as a distribution to the participant. Once participants have separated from service, they are prohibited from taking out any new loans.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the collective bargaining agreement(s). In the event of plan termination, participants would become 100% vested in their employer contributions.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

The Dayton Power and Light Company  
Savings Plan for Collective Bargaining Employees  
Notes to Financial Statements  
December 31, 2024

**2. Summary of Significant Accounting Policies (continued)**

**Use of Estimates**

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

**Payment of Benefits**

Benefits are recorded when paid.

**Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024, or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

**Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on an ex-dividend basis. Capital gain distributions are included in dividends. Interest income is recorded on an accrual basis as earned. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**3. Investments**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation/depreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

#### 4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Quoted prices in active market for identical assets
- Level 2 - Significant observable inputs. Level 2 inputs include the following:
  - quoted prices for similar assets and liabilities in active markets
  - quoted prices for identical or similar assets or liabilities in markets that are not active
  - observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management assumptions regarding market participant assumptions used in pricing the asset or liability (including assumptions about risk)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan:

*Money Market Funds:* Money market fund is valued using the NAV method in which an average of the market prices for the underlying investments is used to value the fund.

*Mutual Funds:* Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

*Common/Collective Trusts:* Valued at net asset value provided by the administrator of the funds.

*Self-Directed Brokerage Account:* Consists of mutual funds which are valued at quoted market prices that represent the net asset value of shares; collective trusts which are valued at net asset value provided by the plan administrators and common stocks which are valued at the closing price reported on the active market where it is traded.

The Dayton Power and Light Company  
Savings Plan for Collective Bargaining Employees  
Notes to Financial Statements  
December 31, 2024

**4. Fair Value Measurements (continued)**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets carried at fair value:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money Market Funds	\$996,033	-	-	\$996,033

**5. Related Party and Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by T. Rowe Price. T. Rowe Price is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

The Company established an ERISA account in the Plan whereby a portion of the fund fees are collected in an Administrative Budget account and can be used to pay qualified plan expenses. Excess funds in the Administrative Budget account, that are not used to pay qualified plan expenses, will be periodically distributed to plan participants on a pro-rata basis. The Administrative Budget account totaled \$0 on December 31, 2024 and 2023.

**6. Transfers**

In 2024 and 2023, there were incoming transfers of \$7,423 and \$1,044, respectively from certain employees who transferred employment with the Company. These transfers reflect the movement of savings for employees who have changed from plan eligibility.

In 2024 and 2023, there were outgoing balance transfers of \$2,312,188 and \$5,697,467, respectively for certain employees who transfer employment within the Company. These transfers reflect the movement of savings for employees who have changed plan eligibility.

**7. Tax Status**

The Plan has received a determination letter from the IRS dated September 14, 2017, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**8. Risks and Uncertainties**

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term which could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**9. Subsequent Events**

Effective January 1, 2025, The Dayton Power & Light Company has adopted certain provisions that include implementing SECURE 2.0 provisions to increase catch-up contributions for ages 60-63, raise the mandatory distribution limit to \$7,000, and allow matching contributions for qualified student loan payments.

Subsequent events have been evaluated through October 8, 2025, the date these statements were available to be issued.
